## Acumen - Live Yeast for Ruminants For Digestion and Fattening

### ► DESCRIPTION:-

Acumen provides a multi-faceted approach to optimal rumen function working to prevent cases of sub-acute ruminal acidosis (SARA).

Quick activation with prolonged protection provides enhanced buffering capabilities in the short, medium and long term while botanical extracts and yeast (*saccharomyces cerevisiae*) protect vital organs and enhance digestion. As a result, animals supplemented with Acumen face lower digestive and metabolic problems and produce more milk and meat.

### ► BENEFITS:-

Improves feed intake.

Sustains production Reduces fat depression.

Boosts digestibility Stabilizes pH.

Reduces laminitis Improves BCS.

### ► Packaging:

Comes in 5kg, 10kg, 20kg and upon the request of the customer.
