

GATE SILENCER KIT

Specification Sheet

GSK

FEATURES

- Quieter gate closing: The rubber bump stops reduce noise.
- Durable: Black powder coat finish, designed for outside use.
- Easy to fit: Kit comes fully assembled to be bolted onto the gate post and supplied with fixings.

PRODUCT DETAILS

Product code	Description
GSK	Gate silencer kit

INCLUDED IN THE BOX

- M8 tri-tap screws (25mm)

INSTALLATION

1. Mark the position of the screw holes and drill out to 7.3mm to receive M8 tri-tap screws (for 1.5mm-3.5mm material).
2. Screw in position to the gate post using the 4x M8x 25mm button head tri-tap screws provided.
