Custom Design Collaboration: Belmont Village Senior Living

A custom glass install comprised of 160 hand-pulled spires displayed in the lobby of a luxe retirement community in Southern California. The idea of this piece was to convey an undulating wave of glass. You get a different perspective of the piece no matter which way you look at it! Using our Elevate collection as the basis for the hanging mechanism helped achieve this dynamic glass display.

Custom pendant and scone designed in collaboration with Miami interior designer Juan Poggi. With professionally executed sketches, he detailed the look for a unique custom pendant composed of 2 lit oval rings, suspended in air and revolving around each other. Hundreds of individual tubular crystals arranged in a metal frame make up the rings, finished in gold leaf. A stunning look!
