Software/File Formats & Requirements

EPS   **Ai**   **PDF**

.AI, .EPS, or .PDF (Preferred Formats)
- Shapes and fonts must be outlined
- Artwork elements must be in layers, not merged

Images (if any)
- All images embedded
- Images must be at least 300 dpi or higher
- Images can only be printed on paper products

All Text and Fonts
- Font size must be at least 8 pt
- Font files must be included with submission or outlined.

Templates/ Lines

Templates are available for all stock sizes as well as for custom sizes. Feel free to contact a sales representative for a template to get started or let our talented designers work for you.

Colors
- Define all colors CMYK or PANTONE® Solid Coated/Uncoated Color Code.

What if I don't have any of these?

If your artwork is designed in another program (e.g. Corel Draw), please save it as a high resolution PDF or EPS file.

What if I don't have any programs?

If there is no way to provide us with artwork, we can provide you with in house design service. Please contact us for further details. Minimal design fees may be applicable
