Vision Collaboration Implementation

Studio Work in process! (shown above)

The possibilities are endless with bespoke design. Justin David's textile studio has thousands of patterns that can be modified to meet your vision. Our capabilities incorporate a broad spectrum for digital print and woven qualities. Our process: Vision, Collaboration, and Implementation.

Basecloth Selector, Pantone Colors & Strike Offs (shown above)

Base Cloth Substrates

With over 40 base cloth options, Justin David offers an array of digital print substrates for just about any fabric application. Our collection of base clothes is curated to elevate your design aesthetic. These ground materials include print-ready velvets, chenille, sheers, basket weaves, canvas, fine-linen looks, fine-silk looks, faux-wool, satin, faux-leather, and more! Other base cloth options include wide-width materials and performance grounds that meet the stringent requirements for IMO/cruise applications, UV-protected outdoor applications, and now offering Supreen with stain, water and mildew resistance.
