*Welcome to*  
BEAR CREEK  
MOUNTAIN RESORT

Welcome to Bear Creek, where mountain views, welcoming spaces, and genuine hospitality come together to create something truly memorable. Set on over 350 scenic acres, the resort offers an unmistakable mountain backdrop while each space transforms beautifully around your vision.

From your first visit to your final dance, our role is simple: to guide, to anticipate, and to ensure every detail feels considered. Here, the setting is breathtaking, the experience is seamless, and the celebration is entirely your own.

# MEET THE TEAM

At Bear Creek, your wedding is guided by a team who understands that no two celebrations are ever the same. With a refined balance of creativity, organization, and steady coordination, they help shape your plans from the first conversation through the final send-off — ensuring every element is carefully aligned and every decision is made with clarity.

Throughout the planning process, they serve as a trusted resource, offering insight, perspective, and experience as your vision comes into focus. On the wedding day, their role becomes one of orchestration — managing the flow, refining the details, and keeping the celebration moving with confidence and care.

Built on experience and committed to thoughtful execution, the team works with calm assurance so that your day unfolds seamlessly and remains distinctly yours.

# DAY OF COORDINATION

As your wedding day draws near, our team becomes your steady partner behind the scenes. We meet with you to walk through the details, shape the venue timeline, and ensure every element — from guest counts to floorplans — is thoughtfully in place. We connect with your vendors, confirm logistics, and make sure everyone arrives informed and ready.

On the day itself, we gently guide the rhythm of the celebration — lining up your ceremony, cueing key moments, overseeing décor placement, lighting candles, and managing transitions so everything unfolds naturally. From rehearsal to the final song of the evening, we guide the day with careful attention, so you can remain present for the moments that matter most.

# MOUNTAIN COURTYARD

Framed by sweeping evergreens and open mountainside views, Mountain Courtyard offers a timeless setting with a true sense of arrival. A gently curved stone aisle leads guests toward the elevated pergola, creating a natural focal point for your vows and a stunning backdrop for photography in every season. The space feels expansive yet intimate — structured in design, but beautifully softened by the surrounding landscape. It's a setting that carries the tradition of a mountain celebration while allowing your personal style to shine.

## WOODLAND COURTYARD

Situated at the far end of the resort, Woodland Courtyard feels like its own quiet corner of the mountain — a space that naturally creates a sense of calm and privacy for your ceremony. Surrounded by ornamental grasses, open sky, and sweeping mountainside views, the circular stone design brings everyone together in a way that feels both spacious and connected. The Mountain Peak arbor anchors the setting with a simple, architectural presence that photographs beautifully in every season. It's an inviting, peaceful space for couples who want their vows to feel intimate, unhurried, and deeply personal.

# *Beautifully Planned* NO MATTER WHAT

While outdoor ceremonies are always the hope, thoughtful preparation is part of what allows you to fully relax. Each ballroom includes a dedicated indoor ceremony space, seamlessly designed to transition your celebration if needed — and we're always prepared with an additional plan should circumstances require it. Whatever the forecast, your ceremony will feel intentional, beautiful, and completely cared for.

# MOUNTAIN BALLROOM

The Mountain Ballroom carries a natural sense of arrival. As the resort's largest and most expansive space, it is generous in scale and deliberate in detail, where soaring ceilings, architectural wood beams, and warm chandeliers create a setting that feels elevated yet grounded in its surroundings.

Walls of windows draw the landscape inward, filling the room with natural light by day and a subtle glow as evening approaches. A private deck extends the celebration outdoors, offering a quiet moment away from the rhythm of the dance floor.

Cocktail hour unfolds in the adjoining pre-function space, allowing the ballroom doors to open with presence. With capacity for up to 250 guests, the Mountain Ballroom commands attention while maintaining a sense of ease.

# WOODLAND BALLROOM

The Woodland Ballroom offers a more intimate expression of the mountain setting. Set apart from the main flow of the resort, it provides a quieter atmosphere — bright, composed, and thoughtfully scaled.

Warm wood tones and stone accents anchor the room in its surroundings, while soft light settles naturally as the evening unfolds. With space for up to 180 guests, Woodland allows gatherings to feel connected and deliberate.

An attached deck overlooks the pool and surrounding landscape, offering a relaxed extension of the evening. It is a space designed for celebrations that feel personal, polished, and entirely your own.

## THE LODGE

The Lodge welcomes up to 180 guests into a setting defined by warmth and quiet romance. Stone hearths cast a steady glow across wood and lantern light, creating an atmosphere that feels intimate, grounded, and unmistakably mountain.

Floor-to-ceiling windows frame the surrounding hills, so the landscape can remain present long after the sun begins to fade. The room transitions effortlessly from dinner to dancing, holding energy without losing its sense of closeness.

Beyond the glass, the adjoining deck offers a final view of the mountains before the evening settles in. It is a space that feels enduring — refined without formality, welcoming without effort.

*Where the food speaks for itself!*

# CATERING

Food has a way of becoming part of the memory — the flavors guests recall, the dishes shared across the table, the moments that unfold between courses. At Bear Creek, our culinary approach is rooted in quality, transparency, and a genuine respect for gathering: carefully crafted menus, clear pricing, and ingredients selected with purpose.

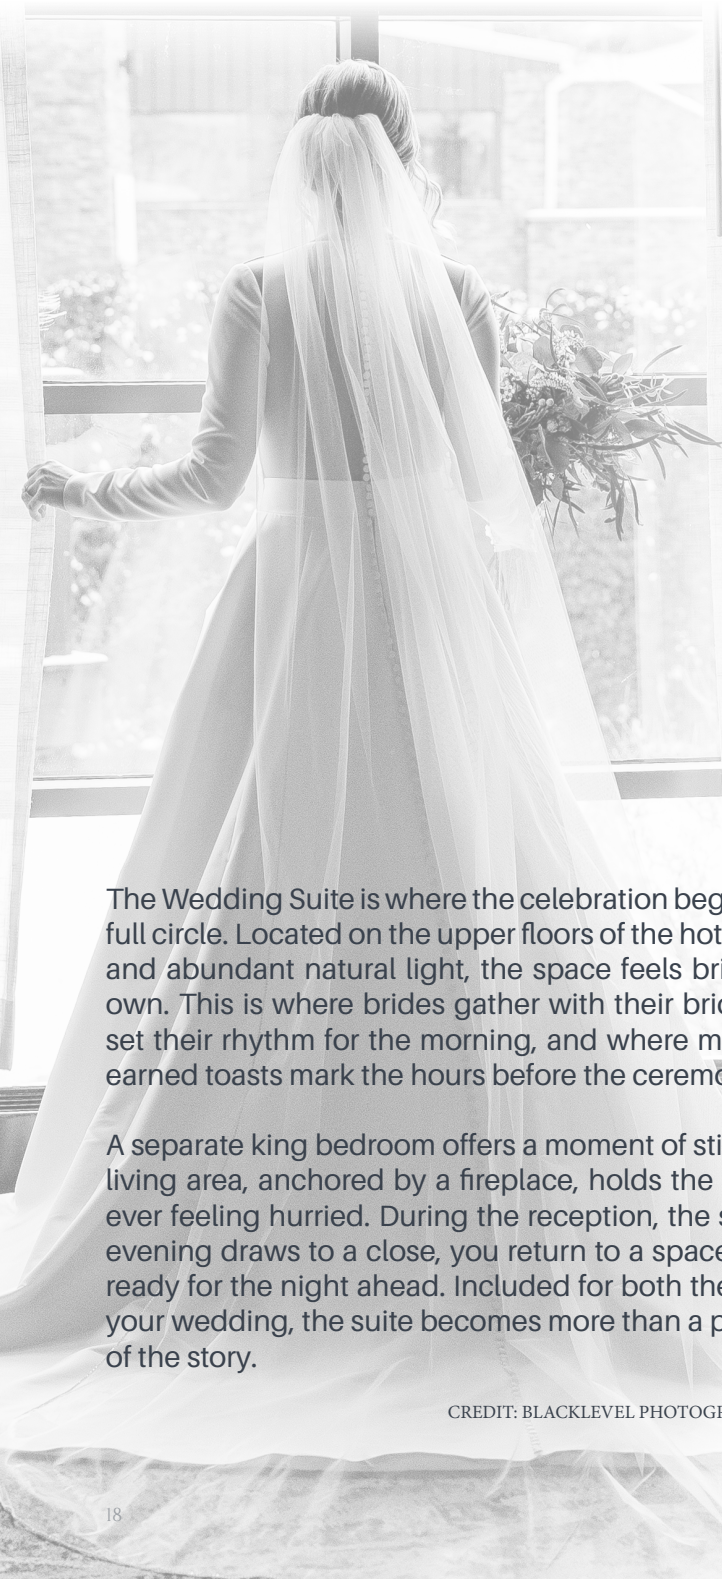

Cocktail hour begins with passed hors d'oeuvres and abundant stationary displays — welcoming, generous, and designed to set the tone for the evening. Dinner is served plated, with three entrée selections chosen to reflect your preferences and style. Bar service is included within our offerings, allowing you to plan with clarity and confidence from the start.

Six to eight months before your wedding, you'll join us for a tasting — an opportunity to experience the menu firsthand and finalize your selections with care. To explore our current offerings in detail, simply scan the QR code included here.

Here, the meal is more than a sequence of courses. It is part of the welcome, part of the celebration, and part of what lingers long after the last dance.

# WEDDING SUITE

CREDIT: ROOTED IMAGE PHOTOGRAPHY

CREDIT: ROOTED IMAGE PHOTOGRAPHY

The Wedding Suite is where the celebration begins and where it quietly comes full circle. Located on the upper floors of the hotel towers, with vaulted ceilings and abundant natural light, the space feels bright, private, and entirely your own. This is where brides gather with their bridal party, where beauty teams set their rhythm for the morning, and where music, laughter, and a few well-earned toasts mark the hours before the ceremony.

A separate king bedroom offers a moment of stillness when needed, while the living area, anchored by a fireplace, holds the energy of preparation without ever feeling hurried. During the reception, the suite is refreshed, so when the evening draws to a close, you return to a space that feels calm, restored, and ready for the night ahead. Included for both the night before and the night of your wedding, the suite becomes more than a place to stay — it becomes part of the story.

# ACCOMMODATION

CREDIT: BIRDS OF A FEATHER PHOTOGRAPHY

One of the defining advantages of celebrating at Bear Creek is that your guests never have to leave. Elevators replace car keys. The evening lingers a little longer.

A dedicated wedding room block is reserved for both the night before and the night of your celebration, with the number of rooms carefully aligned to the ballroom you've selected. Guests reserve through a private booking link created exclusively for your wedding, with preferred rates already in place.

The block includes a mix of standard guest rooms and suites, accommodating anywhere from two to six guests comfortably. It is a seamless extension of the weekend — so friends and family can settle in, stay close, and experience the celebration together.

## DINING EXPERIENCES

At Bear Creek, a wedding becomes a weekend — one shaped as much by the moments between events as by the celebration itself.

The Grille offers continental cuisine framed by mountain views, a natural setting for rehearsal dinners and refined gatherings shared among those closest to you. Trails End Café & Bar introduces a different rhythm to the stay — Bear Creek's poolside bar, where mornings begin with coffee in the mountain air and afternoons ease into relaxed conversation and familiar favorites.

When the reception draws to a close, AfterGlow allows the celebration to continue. Not a location, but an experience — music carried forward, conversation lingering, and a final toast shared before the night settles quietly around the resort.

Together, these experiences create a weekend that feels both refined and relaxed — rooted in the landscape and distinctly Bear Creek.

# PERFECT IN EVERY SEASON

Spring awakens the hills in fresh color. Summer carries a vibrant, effortless energy. Autumn surrounds the mountains in unforgettable warmth. Winter settles in with a quiet, romantic glow.

Whatever the season, Bear Creek remains constant — grounded in its landscape, elevated in experience, and ready to hold your celebration beautifully.

Celebrate in a place that is, truly, perfect in every season

# FAQS

## EVENT SPACES & CAPACITY

### What's Included with Ballroom Rental & Ceremony Site Fees

Ballroom rental includes reception setup and breakdown, including the dance floor, white floor-length linens and napkin selection, linens for additional tables (cocktail hour, DJ, etc.), china, glassware, and placement of personal items such as place cards and favors. Vendor deliveries are coordinated and the room is cleared following the event.

Ceremony site fees include the ceremony location, white ceremony chairs, scheduled rehearsal time, and a weather contingency plan.

### Guest Capacity

Guest capacity varies by ballroom:

- Mountain Ballroom: up to 250 guests
- Lodge Ballroom: up to 180 guests
- Woodland Ballroom: up to 180 guests

Your wedding sales manager can help determine the best space based on guest count and vision.

### Ceremonies & Receptions at the Resort

Several on-site ceremony locations are available, including outdoor spaces with indoor backup options. Ceremony sites are assigned to specific ballrooms at the time of contracting and remain exclusive to that pairing, though limited flexibility may occasionally be available closer to the wedding date depending on availability.

Wedding receptions are hosted indoors in our ballrooms, each with access to outdoor patios or decks so guests can step outside and enjoy the mountain views.

## PRICING, PACKAGES & FEES

### How Wedding Pricing Is Calculated

Total cost is based on the selected wedding package price per person multiplied by your final guest count. Each ballroom and date also carries a required food and beverage minimum that must be met or exceeded.

A 25% service charge and 6% sales tax apply to all food and beverage, as well as the ballroom rental and ceremony site fees.

Pricing varies by season, day of the week, and ballroom. Winter months and non-Saturday weddings often offer more flexibility, and Friday or Sunday weddings typically carry lower food and beverage minimums than Saturdays.

### What's Included in the Wedding Package

Wedding packages include a five-hour reception, four hours of bar service, professional service staff, and standard rentals including linens, china, glassware, and setup and breakdown. Menu selections and enhancements are customized during the planning process.

Packages provide a strong foundation while allowing flexibility for menu selections, enhancements, and bar options such as beer and wine service. The ballroom's food and beverage minimum must still be met.

## FOOD, BEVERAGE & TASTINGS

### Outside Food & Desserts

All food and beverage must be provided by the resort, with the exception of wedding cakes or cupcakes. Cakes must be delivered on the day of the event by an insured baker and arrive ready to serve. Bear Creek will slice and serve the cake but cannot move or refrigerate it.

# FAQS

Additional desserts may be brought in if they arrive fully prepared and wrapped on the day of the wedding. A table and linen will be provided and desserts displayed at the appropriate time. All desserts must be labeled identifying who prepared them.

In certain cultural situations, a Bear Creek preferred outside caterer may be approved in advance. Food or beverage favors must also be approved.

## Menu Tastings

Booked couples are invited to group tasting events several times a year, typically held on Sundays. Private tastings may also be arranged.

## LODGING & GUEST EXPERIENCE

### Room Blocks

Room blocks vary by ballroom:

- Mountain Ballroom: up to 30 rooms
- Lodge Ballroom: up to 25 rooms
- Woodland Ballroom: up to 20 rooms

Blocks include a mix of standard rooms and suites. Guests may begin booking within the room block one year before the wedding date by contacting hotel reservations and referencing the wedding name.

A complimentary Wedding Suite is included for the couple for both the night before and the night of the wedding.

### Hotel Check-In & Check-Out

Check-in begins at 4:00 PM and check-out is 11:00 AM. Early check-in requests may be submitted in advance but cannot be guaranteed.

For Lodge Ballroom weddings with an on-site ceremony, guests are offered priority check-in beginning at 3:00 PM.

Guests may enjoy indoor and outdoor pools, hot tubs, a 24-hour fitness center, and seasonal outdoor activities such as hiking, biking, kayaking, and paddleboats. Additional activities are available through the Mountain Activity Center, with skiing during winter months, weather permitting.

## VENDORS, DÉCOR & PLANNING

### Vendors & Officiants

Couples may bring their own vendors including photographers, entertainers, florists, décor providers, and officiants. Preferred partners are available but not required. Couples may also bring their own officiant.

### Décor Guidelines

Couples provide all centerpieces and décor, and refrigeration for floral arrangements is not available.

Lighting and draping must be installed by licensed and insured professionals. Real candles are permitted only when enclosed in glass containers. Fog machines, fireworks, cold sparklers, paper lanterns, confetti, glitter, and loose beads are not permitted, and nothing may be attached to ballroom walls or ceilings.

Additional fees may apply for extensive décor setups, and oversized items should be reviewed in advance. Bear Creek is not responsible for unattended items after the reception.

## SECURING YOUR DATE

## Weddings | Engagements | Elopements

When working with TM Weddings at Bear Creek Mountain Resort, a little preparation can go a long way in elevating your photos. One of the best things couples can do is plan time around lighting - especially golden hour, when the mountain views are at their most flattering. Even stepping away for just 10-15 minutes can make a noticeable difference in your final gallery. It's also helpful to build a relaxed, realistic timeline. TM Weddings works efficiently, but leaving breathing room between events allows for more natural moments to unfold resulting in the most meaningful images of the day.

Finally, trust the process. With a venue as scenic as Bear Creek and a photographer who knows how to use it, you don't need to overcomplicate things. Stay present, enjoy the experience, and let TM Weddings guide you when needed - the best photos often come from moments you didn't plan at all.

# FORGET THE POSE: HOW TO NOT LOOK **AWKWARD** ON YOUR WEDDING DAY

## Poses are Meant to Fall Apart

**This is your wedding day, not a photoshoot!** That being said, I know most people (myself included) need a little help - where the best light is and what to do with your hands. When it comes time for your portraits, I use what I call "**gentle posing**". Think of each pose as the starting line. The real magic happens a few moments after you're set up! Whether you sigh, belly laugh, or get distracted, when the pose falls apart, **you forget the camera is there** and start acting like yourselves. That's the photo we're after - the one that captures spirit & personality.

## Embrace the Chaos

**Perfect is boring.** Unscripted bursts of laughter, wind in your hair, or a messy, candid moment—these aren't mistakes; **they're the story of who you actually are.** Embracing the chaos doesn't mean we won't get those "WOW" shots either - we'll definitely nail some epic, high-energy portraits, but we're going to do it efficiently. This is a real story, not a ten-hour production, and I won't pull you away from your friends and family all day just for my portfolio. **You deserve to actually live through, and remember your wedding day;** I'm just there to make sure it looks as vibrant as it felt.

## Movement is Everything

**We all have a forced smile we've practiced since grade school - now let's ditch it!** The faces that the people who love you want to see are the ones that are real. Tears, belly-laughter, quirky smiles, subtle glances - they all have one thing in common: movement. **Life is in motion, and I can't capture it if you're standing still.** I'm looking for substance, not stiff poses. Move with each other. Dance under the sunset, walk together, and laugh along the way. When you move and interact, we capture something real, not just another "pretty" photo without a soul. Isn't that the point?

# WEDDING ENTERTAINMENT

Music sets the rhythm of your entire wedding day—from the anticipation before the ceremony to the energy that fills the dance floor during the reception. An experienced DJ does far more than play songs; they help guide the flow of the celebration, coordinate key moments, and create an atmosphere that keeps guests engaged from start to finish.

Couples planning a wedding at Bear Creek Mountain Resort often look for entertainment professionals who understand both the technical and emotional elements of a wedding day. Teams like Moments & Memories specialize in creating personalized wedding experiences through carefully curated music, professional MC services, and seamless event coordination. With more than two decades of experience in wedding entertainment, they focus on designing celebrations that reflect each couple's story while keeping the timeline smooth and stress-free.

Because they regularly perform at venues throughout the Lehigh Valley, including Bear Creek Mountain Resort, the team understands how to adapt sound, lighting, and entertainment to different spaces and guest experiences. The result is a celebration that feels polished, energetic, and uniquely tailored to the couple's vision.

# WEDDING CAKES

Few moments at a wedding feel as iconic as the cake cutting. Your wedding cake isn't just a dessert—it's a statement piece, a photo-worthy centerpiece, and a sweet reflection of your style as a couple. From intricate sugar flowers to sleek modern tiers, the design sets the tone, while the flavor leaves a lasting impression on every guest. Whether you opt for classic vanilla, rich chocolate, or something unexpected, each slice becomes part of the celebration.

The cake also creates a natural pause in the evening—an opportunity for laughter, cheers, and that playful first bite together. It's a tradition filled with joy, symbolizing sweetness and shared moments ahead.

For couples who want both stunning design and unforgettable taste, Amy's Creative Cakes delivers beautifully. Their attention to detail and dedication to flavor ensure your cake is not only visually breathtaking, but genuinely delicious—making it a highlight your guests will rave about long after the last crumb is gone.

# WEDDING SEATING & DECOR

When planning your reception design, couples often focus on flowers and centerpieces—but seating plays an equally important role in creating a polished, cohesive look. The right chairs, linens, and decorative accents help define the atmosphere of your celebration, whether you're envisioning a romantic mountain reception, elegant ballroom setting, or a timeless black-tie evening.

Professional décor companies can help transform a venue by layering textures, colors, and details that complement your wedding palette. From classic chair covers and soft draping to custom sashes and coordinated linens, these elements bring visual consistency throughout the space while enhancing the overall guest experience.

Local décor specialists like Fancy Seats & Events work closely with couples and planners to ensure every detail feels intentional. Their team handles delivery, professional installation, and removal, allowing you to focus on enjoying your day. With thoughtfully styled seating and décor, your reception space becomes more than just a room—it becomes a reflection of your wedding vision.

## Elevate Your Event Experience

Our story began 18 years ago during the planning of our daughter Jade's wedding. We found her beautiful venue lacked the perfect seating. We didn't just find a solution—we started a business. What began with simple chair covers has grown into a full-service event design company. From custom draping and dramatic backdrops to our brand-new luxury linen rentals, We're here to ensure your day is as flawless as you've always imagined.

# BEAUTY THAT LASTS

On your wedding day, the way you look should feel like the most confident, radiant version of yourself, enhanced, not transformed. That's where a skilled makeup artist becomes one of your most valuable vendors. A professional artist helps you translate inspiration photos into a look that complements your features, photograph beautifully in every lighting situation, and stays fresh from the aisle to the last dance.

BB DeCheine Bridal specializes in tailored bridal makeup that celebrates each bride's unique beauty while elevating her wedding day style. Rather than relying on one-size-fits-all looks, their team begins with a consultation to understand your preferences, skin type, and wedding aesthetic, whether you're dreaming of a soft, dewy glow for a mountain ceremony or a classic, timeless finish for an elegant evening reception. From airbrush foundation that lasts against ceremony nerves to perfectly blended eyeshadows that pop in photos, every detail is selected with purpose.

Because Bear Creek Mountain Resort's natural lighting and scenic backdrops play such a big role in your wedding images, working with an artist experienced in bridal beauty can make your portraits feel luminous and effortless. With a calm, professional presence on the morning of your wedding and expert application techniques, BB DeCheine helps brides look and feel confident throughout every moment of the day.

# WEDDING IV HYDRATION

IV hydration is a popular wellness boost for wedding days, helping the bride and bridal party feel energized, refreshed, and photo-ready. With early mornings, busy schedules, and emotional moments, staying hydrated can be a challenge. A trusted provider like Clearr Mobile IV makes the process easy by bringing professional IV services directly to your home, hotel, or venue. Their licensed team offers personalized treatments in a comfortable setting, fitting seamlessly into your wedding morning schedule.

Adding IV hydration is a simple way to prioritize wellness and ensure everyone feels their absolute best on the big day.
