STEP-BY-STEP SET-UP GUIDE

THE CONNECTED SHOP

1. SET UP

- a. Remove all items from its original box and insert new three (3) AAA batteries
- b. Close the battery cover by tightening the screws
- c. Plug in or insert the lock into the body and press the 'lock' button
- d. Wait for the beeping sound indicating that the device has been locked
- e. Proceed to the following steps on how to pair the device with the mobile app to remotely manage it

THE CONNECTES SHOP

2. INITIAL STATE OF YOUR DEVICE

a) Manage Device

- To lock the device, make sure to tightly insert the lock cylinder into the body and press the 'lock' button until a beeping sound goes off. This will indicate that the device has been locked
- To unlock it using the mobile app, press the 'Unlock' option on the app. To release the lock cylinder from the body, press the unlock button on the side and pull out the cable.

3. MOBILE APP CONNECTION

a) Downloading the App

Download the application on the Google Play Store or Apple AppStore by searching "Solebe" or by scanning the QR code below:

- Register or log in to an account
- Enable your Bluetooth and phone location
- Activate the device
- Keep your device near your phone

08

> >

• Wait for the app to finish searching

- Select the device that will appear on the screen
- Enter the original password '123456' to finish pairing on the app
- The lock status will show on the app—whether it's locked or unlocked
- You may rename the lock and change the password afterwards
