COMPANY

DEVON, PLYMOUTH & TORBAY CAREERS HUB

Devon, Plymouth & Torbay (DPT) Careers Hubs is one of 45 Careers Hubs across England working in partnership with The Careers & Enterprise Company (CEC) and institutions with a stake in local economic growth (including Local Authorities) to help transform careers education across the country. We work with schools, colleges and employers to help every young person find their best next step. Established in 2018 and expanded in 2020, the DPT Careers Hub is now proud to work with every state funded mainstream secondary school, special educational needs school, alternative provision and Post 16 college across Devon, Plymouth & Torbay.

Working with employers, universities and careers professionals, the Careers Hub supports schools and colleges to deliver the 8 Gatsby Benchmarks and ensure career outcomes are improved for all young people.

Website: www.dptcareershub.co.uk

Which way? Your Way!

Welcome to the fourth edition of Which Way? Your Way! the Devon Training Provider Directory 2025-26.

Brought to you by the Devon and Cornwall Training Providers Network (DCTPN), in partnership with Devon, Plymouth & Torbay Careers Hub, this Directory will help you learn about the options available to you.

We are a not-for-profit, charitable organisation that works with training providers across the region, including Universities, FE Colleges and Independent Training Providers. In addition, we work closely with other key stakeholders from across the post-16 education, training and skills sector. We aim to raise awareness of the opportunities available to young people, to demystify the complex pathways that are on offer and to provide an effective and impartial signposting service.

Training Providers featured in this Directory offer a wide range of training and skills from Apprenticeships to Leadership and Management, from Entry Level through to Degree Level, from accredited to non-accredited training, and everything in between. We have supported more than 5,000 young people into Apprenticeships over the past year.

For many young people, thinking about their next steps can be a difficult and confusing time. We hope that this Directory will provide clear, impartial information, giving you the opportunity to consider the best route for YOU!

A handwritten signature in black ink that reads "Sharron Robbie".

Sharron Robbie MBE
CEO, DCTPN

The Directory aims to:

- 1** Support young people and adults in Devon with information on the different career progression opportunities available to them.
- 2** Provide information on the wide range of opportunities that are available.
- 3** Provide information on the organisations in Devon who manage and deliver post-16 education, training and skills, and the best person for you to contact.

To provide the information, the Directory has two sections

- 1** A section explaining the many different career progression options covered by this directory available to the reader.
- 2** A summary of the organisations who provide the opportunities, what they offer, where and how to contact them.

Page 5

Page 21

Provider access legislation:

Use **Which Way? Your Way!** to ensure your school is compliant

The updated Provider Access Legislation came into force in January 2023 and mandates schools to provide opportunities for all young people to explore all the pathways available.

The Skills and Post-16 Education Act 2022 sets out new requirements on the number and types of encounters schools will need to deliver for their pupils with providers of technical education or apprenticeships

The legislation specifies schools must provide at least six encounters with approved providers of apprenticeships and technical education for all their students:

- Two encounters for pupils during the 'first key phase' (year 8 or 9) that are mandatory for all pupils to attend
- Two encounters for pupils during the 'second key phase' (year 10 or 11) that are mandatory for all pupils to attend
- Two encounters for pupils during the 'third key phase' (year 12 or 13) that are mandatory for the school to put on but optional for pupils to attend

This new legislation will become a key mechanism to further help learners understand and take-up, not just apprenticeships, but wider technical education options such as T-Levels and Higher Technical Qualifications.

Please contact your local Careers Hub team for more information or support via careershubs@devon.gov.uk

Which way? Your Way!

What are your options?

The options shared in this directory offer information for everybody, whatever you want to do and whatever your starting point.

There are a variety of progression pathways you can take to build your career. Different pathways suit different people due to your location, and the content or style of a course. What is great is that you can choose the best route to achieve your goals.

An example of this is that you can take A Levels and progress to university to get a degree, you can also gain a degree in an increasing number of occupations as there are now a wide range of degree level Apprenticeships available – working, being paid and learning.

The King's Trust

The King's Trust supports 16 to 30-year-olds who are unemployed and those struggling at school and at risk of exclusion. The King's Trust offers a range of free, structured programmes designed to support young people in securing employment, gaining qualifications and building confidence. These programmes are particularly beneficial for those not in education, employment or training (NEET).

Whether you're looking to grow your confidence and skills get a job that's right for you or start your own business, the King's Trust have a range of programmes that can support you in gaining the confidence and skills you need to get a job.

12-week Team Programme (Ages 16-25)

A personal development course that builds confidence, teamwork, and communication. Participants complete a community project, a residential trip, two weeks' work experience, and can gain a recognised qualification.

Foundation Apprenticeships

NEW!

It's a real job with built-in training. You'll develop job-specific skills, work alongside experienced staff, and get paid as you learn.

Foundation Apprenticeships are currently available in these key sectors:

- Construction
- Engineering & Manufacturing
- Health & Social Care
- Digital & IT

Once you finish your Foundation Apprenticeship, you can:

- Progress onto another apprenticeship
- Go straight into employment
- Choose to do further study

Apprenticeships

An Apprenticeship is a real job, with a real employer, where the apprentice will work full-time whilst learning new skills and knowledge towards an Apprenticeship standard.

Apprenticeship benefits

Apprenticeships are an exciting paid option for anyone wanting to gain experience, upskill or change career because they offer the chance to earn a wage whilst they work and study.

*Changes to the way that Apprenticeships can be delivered from 2025 mean that some can be completed in a shorter timeframe; instead of the traditional 12 months some may be shorter in duration, but will still require a minimum of 8 months.

Education-Focused. Partnership-Driven. Ofqual Approved.

Proudly local, we partner with employers and training providers to deliver a smooth, transformative end-point assessment experience, built on trust, responsiveness, and shared ambition.

Don't just take our word for it, here's what our partners and learners say:

Elevate's assessors bring real-world expertise and insight, helping our apprentices demonstrate their achievements with creativity and confidence.

Dr Sophie Cole
Northumbria University

Melanie and her team are the most supportive and empathetic EPAO I've worked with, always there with tailored advice and guidance.

Dr Katy Hensby
South Devon College

My assessor was clear, professional, and genuinely supportive. Their approach during my Professional Conversation calmed my nerves and set me up for success.

Chloe Dennis-Green
Apprentice, Birmingham City University

Let's elevate apprenticeship outcomes together

Grow Your Career in the Region of Opportunity

How to use this directory

The **provider pages** show which provider or college in the county delivers each programme

What progression pathways they specialise in (colour-coded)

Their training locations in the county

Who the provider is and how to contact them

Please be aware that listing all the Apprenticeship opportunities or courses available is not possible in this directory, there are so many of them.

The titles used in the provider pages offer an idea of the sector areas supported, for example *Health and Science* includes all health related Apprenticeships including Health and Social Care, Nursing, Midwifery, Pharmacist, Clinical Assistant and many more. Please contact the provider or college for more information.

There are more than

800

Apprenticeships for you to choose from, as well as many A level routes, Vocational courses and Adult & Community Education courses.

Argyle Community Trust

Argyle Community Trust is a 'Sport for Change' charity using the prestige of sport to engage, inspire and support people of all ages to achieve their potential. The Trust supports our community through a range of programme offers, which is inclusive of sports and education apprenticeship specialisms.

Argyle Community Trust is proud to offer Apprenticeships, Post-16 Education and Adult Employability courses. Our most recent Ofsted inspection graded us as a 'Good' provider, with some of the highest achievement rates across our locality.

Why learn with us

Argyle Community Trust are one of the highest performing apprenticeship training providers in the South West, with consistently high year on year achievement rates.

Our core apprenticeship offer is inclusive of Teaching Assistant and Physical Education specialisms.

We focus our provision on an 'Active Learning' approach, meaning our sessions are interactive, innovative and inspirational - supporting you to become a confident and valued member of your apprenticeship organisation!

Bicton College

Bicton College delivers land-based training in Mid Devon, just 20 minutes from Exeter. We offer apprenticeships, T Levels, vocational courses and more in agriculture, veterinary nursing, engineering and related sectors.

Training is face-to-face, online or blended, with strong links to schools, employers and the rural community.

Why learn with us

Rated Ofsted Outstanding, Bicton College delivers expert, industry-led training with strong employer partnerships.

Our rural campus includes a working farm, zoo and the new state-of-the-art Agritech Advanced Engineering Centre.

Courses are shaped by sector needs and prepare learners with the skills and experience employers value.

CTSW Skills Ltd

CTSW Skills is committed to delivering inclusive, high-quality training programmes that provide every learner—regardless of age or background—with the opportunity to develop practical skills, industry knowledge, and valuable experience for a successful career.

We believe every learner deserves the opportunity to thrive. That's why we offer a creative, supportive learning environment where individuals of all ages—including pre-16 learners—can grow in confidence, develop new skills, and achieve their career goals.

Why learn with us

As a leading vocational training provider, we specialise in Construction, Early Years, Catering, and Holistic Care, delivering hands-on, industry-relevant education designed to meet real-world needs.

What sets CTSW apart is our inclusive ethos. We don't believe in one-size-fits-all education.

Choosing CTSW Skills means joining a provider that truly values your journey. With us, you're not just a student—you're a future professional, and we're here to help you get there.

SKILLS BOOTCAMPS

exeter college

EXETER COLLEGE SKILLS BOOTCAMPS

FREE COURSES

These courses are fully funded by the Government, through the National Skills Fund. Skills Bootcamps have been designed to help local people advance or pivot their skills to help to kickstart their career in their chosen field.

PRACTICAL TRAINING

Courses focus on gaining the skills required to get a job in the industry by giving you the tools to move into a rewarding career.

TARGETED TRAINING

If your business has a particular training need, we can work with you to design and deliver a bespoke Skills Bootcamp tailored specifically for your team. Whether you need to boost digital capabilities, develop leadership skills, or train in a technical area, we can help.

What are they?

We're excited to be offering adult learners (19+) the opportunity to retrain - for FREE - for a career in a wide variety of different areas by taking part in one of our part-time courses, with start dates throughout the year.

As part of your chosen course, you'll have the opportunity to develop sought-after skills fit for the economy of the future and get ready to succeed in job interviews within your chosen field.

How do I apply?

Applying online for these courses is easy. Simply follow the link from your chosen course page to our online application portal, create a profile and apply for your chosen route. Need help with deciding on your pathway or have any more questions? Contact our expert Adult Advice Team.

Greenlight Training Ltd

Having operated in the Construction industry since 2009, Greenlight is a family-run business and a long-standing and trusted name within the industry.

We specialise in delivering Construction Apprenticeships across the region. We deliver 9 different Apprenticeship standards across 7 different trades, and work closely with key employers across the West and South West of England - and all over the Devon region.

Why learn with us

Unlike typical providers, Greenlight starts learners on Apprenticeships every month of the year – we do not operate inside the limitations of term times. With unmatched visibility in the industry and strong connections and relationships with a wide range of employers and partners across the region, we can offer an unparalleled selection of opportunities for our learners.

Our custom-fitted and recently expanded Apprenticeship Training Centre in Plymouth is one of the finest examples of its kind in the county, and we hold regular Open Days for those who would like to try a trade before undertaking an Apprenticeship.

HIT Training

A national provider of apprenticeships, empowering individuals to reach full potential. Our teams deliver professional training from L2-7, with people-led training that supports businesses to enhance their workforce and individual's potential.

HIT Training: Leading specialist apprenticeship provider for the UK's hospitality, catering and retail industries.

Connect2Care: Specialist apprenticeship provider for the UK's adult care, healthcare and early years sectors.

Executive Development Network: offers apprenticeships in leadership and management

Why learn with us

We believe that to remain at the forefront of apprenticeship delivery, it's imperative to continually redefine the boundaries of conventional practices.

Our approach is driven by a vision to craft not just ordinary, but truly exceptional apprenticeship programmes.

In doing so, we've created two industry leading apprenticeship academies for chefs and brewers that stand as exemplars of excellence in the hospitality industry.

Our commitment to skills innovation goes beyond apprenticeships; it's about co-creating

Learn Devon

Learn Devon is Devon County Council's adult education provider.

We offer courses and qualifications in Digital Skills & IT, English, English for speakers of other languages (ESOL), Family Learning, Maths, Skills & Development alongside learning opportunities for adults with learning difficulties.

Why learn with us

With Learn Devon, you can learn at your own pace.

Our courses can be classroom-based, online or blended. We work across the whole County in local venues, directly with employers or in one of our Learn Devon offices (Bideford, Exmouth, Newton Abbot and Tavistock).

Our class sizes are small, and our friendly tutors are there to support you during your programme of study.

PETROC

At Petroc, We are proud to offer a high-quality, career-focused learning experience that supports every student to reach their full potential.

Whether you're looking to progress into employment, further training, or university, we provide the skills, knowledge, and confidence to help you succeed.

Why learn with us

We work closely with a wide range of employers across sectors such as health, construction, digital, engineering, and creative industries. Many of our students benefit from guest speakers, live projects, site visits, and high-quality work placements.

Students are supported by experienced tutors, specialist support staff, and a dedicated team who help with careers advice, university applications, and employability skills.

At Petroc, we combine excellent teaching with state-of-the-art facilities and a welcoming, inclusive environment.

The Plymouth Engineering Skills Centre

The Plymouth Engineering Skills Centre offers apprenticeships and vocational training in engineering and manufacturing.

Based in Estover and rooted in the heart of Plymouth's engineering industry, it delivers face-to-face and blended learning shaped by the needs of local and international employers.

Why learn with us

We specialise in practical engineering and manufacturing training, including welding (TIG, MIG, arc), CAD/CAM, 3D printing and fluid power systems.

With expert staff, strong industry links and fully equipped facilities, we develop the skills employers need across Plymouth's advanced manufacturing sector.

SeaRegs Training

The UK based commercial vessel fleet has an increasing demand for qualified seafarers working on a variety of vessels from tugs and pilot boats to crew transfer vessels and passenger boats.

We run Internationally recognised maritime training and apprenticeships for Masters, Deckhands and Engineers. Training is in blocks and a mix of theory based and practical training on boats.

Why learn with us

An Ofsted Outstanding training provider with training primarily based in Plymouth, the Employers we work with are based around the UK Coast.

The training courses and apprenticeships on offer are globally recognised and can lead to a career at sea anywhere in the world or closer to home.

Non-apprenticeship routes also available for maritime training.

Skills Group

Skills Group is a leading training provider offering apprenticeships, full-time courses, and tailored career development programmes across Plymouth and the wider South West.

We believe in leading with the practical—maximising hands-on experience to get our learners job-ready from day one. Through strong partnerships with local employers, we help individuals earn while they learn and build real skills for lasting career success.

Why learn with us

At Skills Group, we offer an extensive range of courses across key industries including childcare, construction, hairdressing, automotive, and more.

Whether you're starting an apprenticeship or looking for full-time or part-time study, we specialise in hands-on, career-focused training.

Our strong partnerships with leading local employers mean you'll gain real experience and the support you need to launch your career and succeed in the workplace.

Step Into Learning

Based in Launceston, Step Into Learning offers courses to help you start a new career or return to work.

Whether you're a young person learning catering or employability skills, or an adult improving digital skills or training as a counsellor—we've got something for you. We launched our Step Into Hospitality Study Programme for 16–18s (or 16–24s with an EHCP) in 2023, Step Into Catering in 2024, and Step Into Skills in 2025—all designed to equip learners with the tools and support to thrive. Step into Skills is an ideal course for those learners wishing to move into the workplace.

Why learn with us

Small, Friendly Team: dedicated support throughout enquiry, application, and learning.

Social Value: empowering communities, promoting mental health, and advancing digital skills.

Small Group Sizes: 16–18 study programmes with 6–8 learners for personalised attention.

Skill Focus: building Attitude, Ambition, and Aptitude into all courses

Learning Environment: community-based, informal, and supportive setting in Launceston.

Experience: 20+ years as a trusted provider

University of Exeter

The University of Exeter has offered degree apprenticeship since 2016. We partner with over 400 employers and 3000 apprentices to deliver industry approved programmes that meet specific business needs. We are the largest provider of Degree Apprenticeships in the Russell Group.

At the University of Exeter, we offer apprenticeships at Undergraduate and Postgraduate level. Our sectors include Digital and Data, Leadership and Management, Accounting and Finance, Healthcare and Engineering.

Why learn with us

Apprenticeships at the University have received a "good" rating across all aspects of our Ofsted inspection. Data from the Department for Education shows that the University of Exeter has an apprentice achievement rate of 80.9%.

In 2024, we won University of the Year at the Multicultural Apprenticeship Awards.

In 2025, our degree apprenticeship programmes won in the Diversity and Inclusion category at this year's Apprenticeships and Training Awards.

Many of our programmes include professional qualifications and/or can lead to professional recognition.

University of Plymouth

Plymouth: A civic university.

Universities are so much more than degree-awarding seats of learning. They are drivers for economic innovation and advancement, catalysts for social change and champions of cultural development.

Why learn with us

The University of Plymouth has delivered Degree and Higher Apprenticeships from 2017, we now offer over 21 apprenticeships and pathways to work-based degrees and masters. We have worked with over 300 employers locally and nationally to develop and deliver demand and industry-led apprenticeships which service the workforce.

The University of Plymouth has been awarded TEF Gold (2023) across all three categories. Our Apprenticeships received an Ofsted Good Provider Award when inspected in May 2023 and we have been rated outstanding by the Office for Students as an End Point Assessment Organisation.

Driving quality, delivering impact for your learners

SDN are a team of industry-leading specialists working with universities, colleges/sixth-forms, independent training providers (ITPs), employer-providers and the government to support high-quality post-16 education.

Through CPD & organisational support, we help you to:

- Set up and become an approved apprenticeship provider
- Establish robust compliance and audit systems
- Develop curriculum and delivery materials
- Design robust initial and formative assessments, and progress reviews
- Prepare apprentices for the gateway and end-point assessment
- Train front-line staff and managers for their changing roles
- Develop effective business development and marketing approaches
- Improve the quality of your provision

SDN has worked with over 1,500 apprenticeship training providers and 9,000 staff to launch, adapt and improve their apprenticeship provision.

Providing better opportunities for all.

Whether you are about to leave school or just beginning to think about your next steps we can help!

Devon & Cornwall Training Providers Network is a not-for-profit organisation that operates across Devon & Cornwall to support the advancement of education and training. We work with key partners to promote and provide collaboration in support of work-based learning, vocational and technical training.

We offer a range of services and support, including:

- ➔ Impartial advice and information on post-16 education, training and skills options e.g. Apprenticeships & T Levels
- ➔ Support to young people about to enter the world of work
- ➔ A range of school engagement activities
- ➔ Signposting to key agencies to support career progression and upskilling
- ➔ Support to local employers looking to fill skills gaps or to recruit apprentices
- ➔ Production of an annual provider directory to raise awareness of all the options that are available
- ➔ Charitable grants to individuals / organisations to support their education, training or skills needs.
