WHY I INCLUDED THE HEBRON FUND, INC. IN MY LEGACY

“

“Far too many people in the world think Israel was created in 1948. It is more important than ever to protect the land purchased by Abraham **over 3,500 years ago** as absolute proof of the ancestral home of Jews.

“We’ve included The Hebron Fund, Inc. in OUR estate plans because **it is the least we could do to support the brave Jewish men, women, and children living in Hebron** that are following in our forefathers’ footsteps.”

LEGACY

Your legacy can continue protecting our children.

“

“Legacy! A word with two meanings. Most think of the first, but when we speak about Hebron, the second is far more meaningful and appropriate.

1) Legacy - the first definition; *money given to another via a will*. This legacy too is very meaningful. It is OUR (yours and mine) opportunity to keep the second legacy alive.

2) Legacy - *something handed down from an ancestor*. When we reflect on the Ma'arat HaMachpela, there is no better example of something handed down.

“Four thousand years ago, our father Avraham purchased a cave and field in Hebron. There he buried his wife, and in doing so, provided Jews with the first, should be incontrovertible, piece of land in our promised land, our homeland.

“As someone who has provided **my legacy** (first definition) for **our legacy** (second definition), I urge you to do likewise. Remembering Hebron in our wills is a gift to future generations.” - **E.M.**
