

Cascades PRO®

All clean. All good.

Towel and Tissue Solutions

Cascades PRO®

Solutions for Every Need

We are Cascades PRO®.

We create safe and feel-good public spaces with our proven tissue paper and hygiene solutions distributed throughout North America. And true to our name, we're pros in our field. Professional and proactive, we're committed to reducing our environmental footprint.

Cascades PRO
Select

Do more for less.

Always get the job done with the affordable answer to your everyday needs. Mainly made from 100% recycled fibre, Cascades PRO Select® products offer value that only consistent quality and dependability can provide.

Cascades PRO
Perform

Paper of a reliable nature.

The secret's out. Cascades PRO Perform® consistently provides hygienic paper that is as reliable as it is performant. The majority of these paper products are made with 100% recycled fibres and are used in our Cascades PRO Tandem® dispensers, living up to their name time and time again.

Cascades PRO
Signature

Hygiene's softest touch.

Enjoy premium products that offer homelike comfort and protection. Capable of sprucing up any space, the Cascades PRO Signature® collection is our line of products providing superior softness, strength and absorbency.

Cascades PRO
Tandem

The family that protects you at all times.

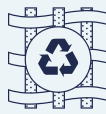

Where hygiene meets design. Our thoughtfully crafted family of dispensers provides reliable hygiene solutions that help you save time and money, all while prioritizing health and protection.

Choose Products with Trusted Certifications

Septic safe

Safe for plumbing systems and septic tanks.

100% recycled fibers

More than 90% of Cascades PRO® papers are made from 100% recycled fibres, including refills for Tandem dispensers. These products are identified by a green circle in the sell sheet.

CMA

CMA-certified products are compostable in industrial facilities. They meet the certification's acceptability standards for product decomposition in industrial composting facilities.

Green Seal®

Green Seal® certified products are made from 100% recycled fiber, with a requirement for post-consumer fiber content. Green Seal® also certifies that products are manufactured with respect for resources, using less water and energy, and without the use of chlorine in the bleaching process.

UL-ECOLOGO®

UL-ECOLOGO® certified products have a low environmental impact thanks to the required environmental performance standards, including multi-criteria life-cycle based criteria.

FSC®

FSC® certification guarantees that the virgin fibers used in our products come from forests managed according to strict rules. It is the most widely recognized, notably for its rigor and the inclusion of social criteria in land management. FSC® also enables us to meet our customers' objectives in terms of responsible sourcing of forest resources.
