Handpiece Lubricating Unit

With 1 Ltr.
Lubrication Oil Bottle

Shell Lubrication Oil Integration: Experience enhanced performance with the integration of Shell lubrication oil, ensuring smooth operation and longevity of your equipment.

Perfect Maintenance: Instruments that are wellmaintained last longer, reducing the need for frequent replacements.

Essential Functionality: Ensures the long working life of dental handpieces, a crucial tool in dental procedures.

Automatic Rotational Lubrication: This feature ensures optimum distribution of lubrication, covering all parts of the instrument.

Enhanced Diagnostics: Provides clear and detailed views, enabling accurate diagnosis of oral conditions.

Trust and Communication: Builds trust and rapport between dentists & patients through real-time visual explanations.

WHERE TRUST COMES FIRST

Partnering with Dentists for over 2 decades - together creating a world full of healthy smiles.
