PURE. *safe.* BENEFICIAL.®

We develop each product continuously raising the standards to find the perfect balance between carefully selected plant-based, bio-based, and scientifically derived ingredients and more recyclable and renewable materials—protecting our formulas and the planet.

4 PILLARS

SAFETY

We believe it's both what is and what isn't in our products that makes a difference.

This is why we rigorously qualify our ingredients and test our products, and never rest when it comes to safety—starting with our Not Allowed List™ of over 2,000+ questionable ingredients.

SCIENTIFIC RIGOR & CLINICAL RESEARCH

We leverage the latest scientific innovations and clinical research to ensure product efficacy and exceptional results. We collaborate with leading professionals in skin and holistic wellness and integrate their expertise into our research, development, education, and outreach efforts.
