# OUR SERVICES

## COATING SOLUTIONS

At the heart of our mission lies our unwavering commitment to provide quality in all the products and services we deliver.

Quality is at the core of our business, it enables us to succeed by providing our customers with peace of mind, knowing that the coatings they have selected match their needs and expectations.

Our team of specialists is available to offer insights and work alongside with you to provide guidance on the ideal coating solution for your project.

All our coatings are manufactured in Europe and have supporting technical certifications.

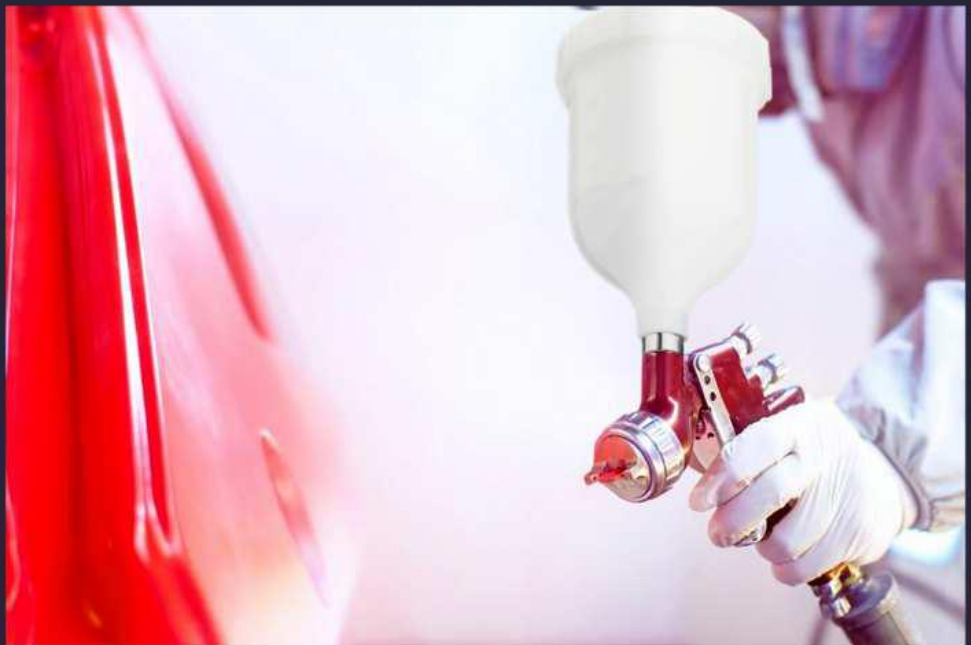

## TECHNICAL SUPPORT

At MPE, we pride ourselves in providing ongoing technical support to all our customers.

Our technical team are available to answer all your questions regarding product training, application processes, color selection and matching, trouble-shooting or any other support needed.

Our primary motto is to prioritize customer satisfaction through strong partnerships.

We make it our business, to understand your business.

# Automotive Refinishes

Cromax Centari is a premium, unique, versatile and easy-to-use solvent borne refinishing system manufactured by Axalta Coatings in Europe.

A single mixing machine supplies all solvent borne paint qualities: medium and high-solids, basecoats and topcoats, based on a proven concentrated tinting technology.

Centari 6000 is a "clear-over-base" paint system, whilst Centari 2K is direct gloss.

## MAIN BENEFITS:

- Outstanding color performance
- OEM approval certifications
- Easy application
- Low material consumption
- High productivity
- One mixing machine for various solutions
- Maximum flexibility for various substrates
- Management software & digital tools

## PRODUCT TYPE:

- Putties
- Primers
- Surfacer
- Topcoats
- Clearcoats
- Others

# Automotive Refinishes

Duxone by Axalta coatings, offers a dependable, all-around paint system specifically developed for bodyshops seeking value for money.

Duxone is an efficient and easy-to-use balanced refinish system.

Duxone's efficient application process and extensive range of color tools combined to help bodyshops deliver consistently exceptional and durable results.

## MAIN BENEFITS:

- Color performance
- Complete refinish system
- Easy-to-use
- Low investment
- Complete color tools
- Versatile

## PRODUCT TYPE:

- Degreaser
- Undercoats
- Basecoat
- 2K Topcoat
- Clears
- Thinners
- Activators
- Additives

# Yacht Coatings

Boero YachtCoatings offers premium quality products, for use in all marine applications to satisfy the needs of both pleasure craft enthusiasts and major shipyards involved in the construction and painting of ambitious yacht and superyachts.

Boero's close relationship with its customer allows the company to develop a leading product range, using selected raw materials, formulations in compliance with the latest legislation and production processes, which guarantee outstanding quality and performance.

To all this, Boero adds extensive application know-how and offers customised solutions to its customers through every step of the process.

## MAIN BENEFITS:

- Premium quality
- Full product range
- Rina and Lloyd's certifications
- Technical support
- Complete color system

## PRODUCT TYPE:

- Antifouling
- Primers
- Fillers
- Undercoats
- Topcoats
- Clearcoats
- Anti-skid additive
- Other products

valresa

# Wood and Glass Coatings
