

00°C

BE COLD BE VERY COLD

MORE EFFECTIVE PAIN RELIEF

True 0°C numbs nerve endings more effectively, providing deeper analgesic impact.

FASTER SWELLING REDUCTION

Extreme cold triggers rapid vasoconstriction, minimizing inflammation more efficiently.

PROFESSIONAL-GRADE RECOVERY

Designed for athletes and post-op patients seeking the highest standard in cold therapy.

TRUE 0°C ICE BATH

REAL ICE, REAL RECOVERY

While most cold plunges chill water to around 3 °C, the BETA Wellness Ice Bath maintains a consistent 0 °C ice-water mix — ensuring visible ice and true cold therapy benefits, regardless of ambient temperature.

DEEPER IMPACT

The combination of ice and water enhances cold penetration, accelerating relief from inflammation and pain

ACCELERATED RECOVERY

Clinically proven to be more effective than regular 3 °C cold therapy

STABLE 0 °C ENVIRONMENT

Allows for longer sessions with continuous therapeutic benefits

ACCURATE TEMPERATURE CONTROL

Adjustable between 0 °C and 15 °C to suit your recovery needs

INTUITIVE ONE-TOUCH OPERATION

Simplifies use and reduces workload

NO MANUAL ICE REQUIRED

No ice-making. No lifting. Just tap and chill.

Don't settle for "cold-ish" water. Experience the power of real ice therapy—made easy.

WHY ICE BATH?

TURN COLD INTO STRENGTH

10 reasons for better health and quality of life:

- ✓ **Increases blood circulation** - Promotes blood circulation and thus improves oxygen supply in the body.
- ✓ **Reduces muscle soreness** - Accelerates muscle recovery after exercise by reducing inflammation.
- ✓ **Strengthens the immune system** - Regular ice bathing can increase immunity and reduce susceptibility to colds.
- ✓ **Improves sleep** - Cools the body and helps you fall asleep, resulting in a deeper and more restful sleep.
- ✓ **Reduces stress** - Lowers stress hormones and promotes the release of endorphins that increase well-being.
- ✓ **Boosts energy** - The cold shock can increase energy levels and combat fatigue in everyday life.
- ✓ **Increases mental clarity** - Stimulates the central nervous system and improves concentration and mental sharpness.
- ✓ **Promotes weight loss** - Increases metabolism and can increase calorie consumption.
- ✓ **Improves skin health** - Cold can reduce inflammation and improve skin appearance by tightening pores.
- ✓ **Builds mental strength** - Helps develop resilience and promotes the ability to overcome challenges.

ENERGY EFFICIENT

Using only 500W, this ice bath consumes far less energy than regular models. High-density foam insulation minimizes heat loss, and rapid cooling technology ensures it's ready when you need it. Efficient, powerful, and built for everyday recovery.

WATER HYGIENE

The self-cleaning circulation system combines ozone and high-performance filtration to keep water fresh, clear, and hygienic. No complicated maintenance needed. Perfect for frequent use by fitness lovers and recovery enthusiasts who want peace of mind with every session.

ICE BATH

200 x 75 x 74 cm
1 Person

Voltage	220 V / 50 Hz
Power	500 W
Standard Capacity	270 L
Max Capacity	388 L
Net Weight	132 Kg

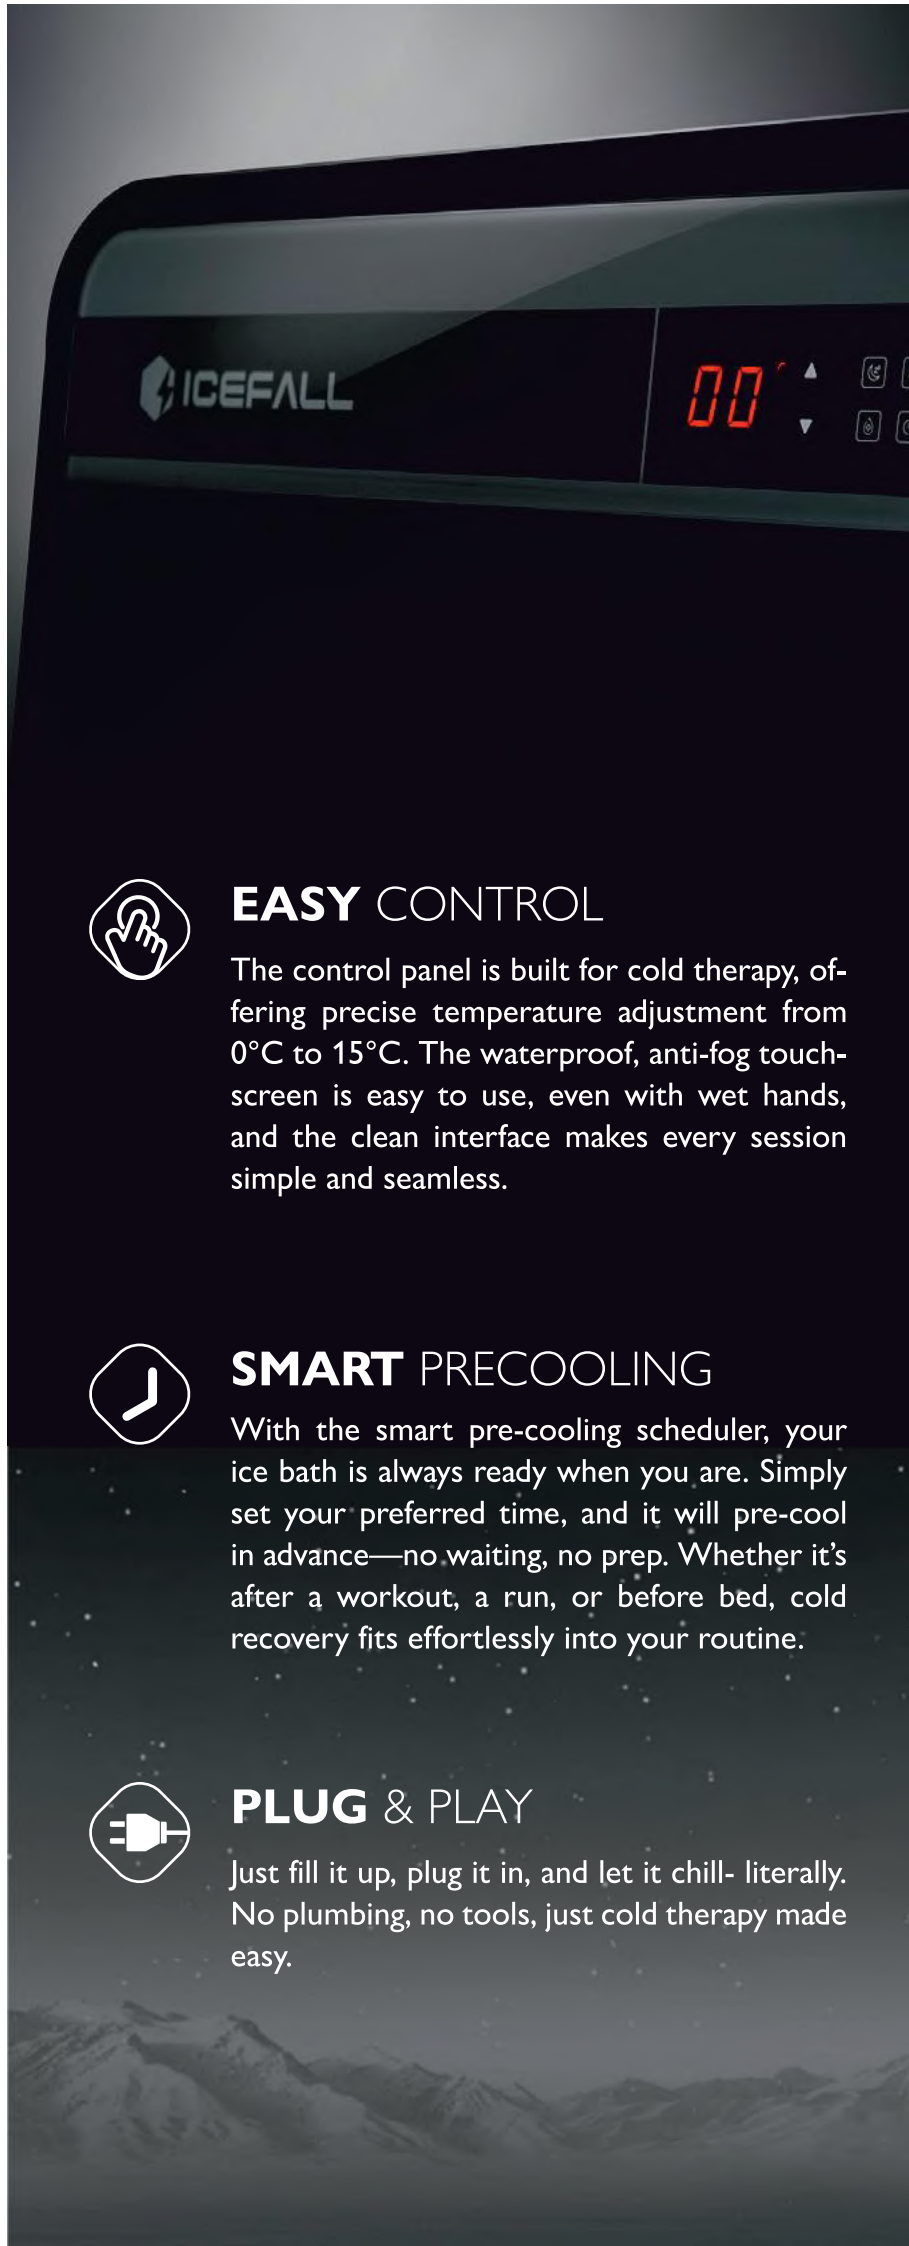

Control Panel	Touch Control
Sterilization	Ozone Sterilization
Filtration	Multi High-efficient Filter
Reservation	8-96 hours
Temperature	0-15 °C

VERSATILE ACROSS MULTIPLE SETTINGS

- Gyms And Sports Clubs
- Rehabilitation Centers
- Professional Sports Teams

The ice bath is designed for versatile use across gyms and sports clubs, rehabilitation centres, and professional sports teams. It enhances recovery after intense workouts, supports injury prevention through consistent cold therapy, reduces inflammation, and helps boost both physical performance and overall wellbeing in each setting.

EASY CONTROL

The control panel is built for cold therapy, offering precise temperature adjustment from 0°C to 15°C. The waterproof, anti-fog touchscreen is easy to use, even with wet hands, and the clean interface makes every session simple and seamless.

SMART PRECOOLING

With the smart pre-cooling scheduler, your ice bath is always ready when you are. Simply set your preferred time, and it will pre-cool in advance—no waiting, no prep. Whether it's after a workout, a run, or before bed, cold recovery fits effortlessly into your routine.

PLUG & PLAY

Just fill it up, plug it in, and let it chill- literally. No plumbing, no tools, just cold therapy made easy.

SAFE COOLING

The fridge-based cooling system keeps water and electrics completely separate for added safety. With precise temperature control, an extended cooling area, and a durable, low-maintenance design, it offers reliable, worry-free performance built to last.

360°

SILENT THERAPY

Enjoy powerful recovery in complete peace. The ice bath operates at less than 40dB, quieter than a conversation, so you can relax, sleep, or meditate without distractions. Built-in noise-cancelling technology removes the hum of regular cooling systems, creating a calm and quiet environment where your body recovers and your mind unwinds.

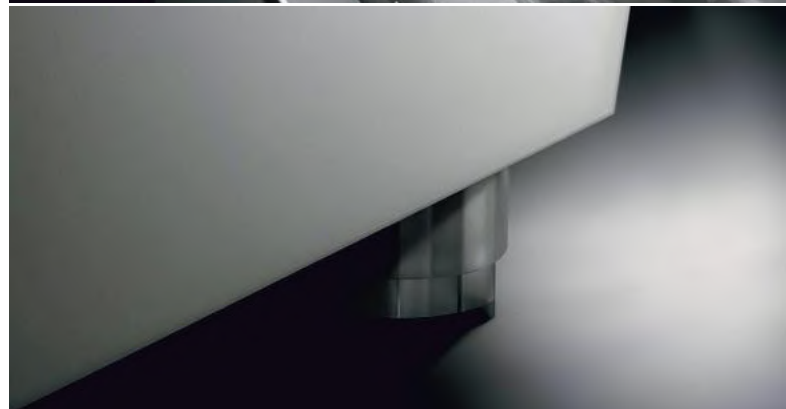

MINIMAL DESIGN

The minimalist stainless steel design blends elegance with function, offering both visual appeal and everyday comfort. High-quality materials ensure durability, easy maintenance, and a seamless fit in any space.

ADJUSTABLE SUPPORT

Solid stainless steel feet provide strong, stable support while allowing height adjustments to suit uneven surfaces. Whether on tiles, concrete, or decking, your ice bath stays level, secure, and stylish in any space.
