Welcome to the **CY-FAIR HOUSTON CHAMBER**

A LETTER FROM THE CHAMBER PRESIDENT

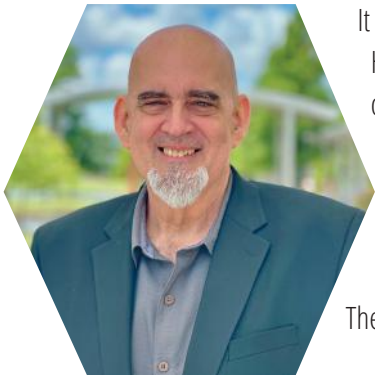

On behalf of the Cy-Fair Houston Chamber of Commerce, I'm proud to welcome you to the 2025 edition of our Cy-Fair Connect Membership Magazine—a celebration of the people, businesses, and spirit that make Cy-Fair such a dynamic place to live, work, and grow. As we continue to build a thriving business ecosystem throughout the Cypress area, the Chamber remains committed to being a catalyst for growth, innovation, and collaboration. This publication is a testament to the strength and resilience of our local economy. Looking back on our journey, I'm reminded of how far we've come as a community and how much potential still lies ahead. The Cy-Fair Houston Chamber of Commerce has always been about more than just business; it's about building a legacy of leadership, service, and opportunity for all. From our signature events to our educational opportunities, we're here to help you connect, grow, and thrive. Whether you're a long-time member or new to the Cy-Fair community, there's never been a better time to engage with the Chamber and as we look to the future, we invite you to be an active part of shaping what comes next. Your voice, your vision, and your involvement are what make this community so special. Together, we can continue to build a future that reflects the best of who we are and where we're headed.

LESLIE MARTONE, IOM

President, Cy-Fair Houston Chamber of Commerce

A LETTER FROM THE BOARD CHAIR

It is truly one of the greatest honors of my professional career to serve as the Chairman of the Board for the Cy-Fair Houston Chamber of Commerce for 2024-2025. I was asked to join the Board of Directors in 2023, and when an organization that you owe as much to as I do the Chamber asks you to serve, the only appropriate answer is yes.

If you were to incorporate Cy-Fair into a city, it would rank as the 18th most populous city in the United States.

Because we are unique in our community in that we are without an incorporated municipality, the Chamber is vital to serving the business community in ways that it would not otherwise be served. Transportation, health and wellness and inroads into government are all areas of service that the Chamber has provided for decades.

The first is to gain access to the immense resources it offers members—market data, networking opportunities, and connections to hundreds of other businesses and business leaders in the area. These resources, insights, and

relationships were instrumental in creating a path and environment that helped me build not one, but two very successful brands here in Cy-Fair. The second, and perhaps more important, reason to be a member of the Chamber is to give back. Supporting the Chamber allows it to continue strengthening our business community while also fueling a broader network of community investment that is truly unique to our area. I've been

fortunate to experience both aspects of Chamber membership. Over the course of our 12+ year relationship, I've received so much and developed friendships with some of the most amazing business and community leaders anyone could hope for—relationships I will cherish for a lifetime. It remains my distinct honor to serve as Chair of an organization that impacts not just our businesses, but our entire community, in so many meaningful and inspiring ways.

BRIAN SANDEL, Owner Creekwood Grill

John Fox Chamber Herd: Over 30 Years of Impact Powered by Our Community

By Rebecca Robertson

Each year, as winter turns to spring in Cy-Fair, a remarkable tradition unfolds—one that combines community generosity, student success, and food security all into one impactful effort. Known affectionately as the John Fox Chamber Herd, this annual fundraiser led by the Cy-Fair Houston Chamber of Commerce has spent three decades bringing local leaders, businesses, and caring individuals together in support of CFISD FFA students and area food banks—turning livestock projects into life-changing outcomes.

What started over 30 years ago as a Chamber-led initiative to purchase "freezer sale" animals raised by FFA students has evolved into a legacy of giving—one built on the belief that investing in young people yields a return far greater than any financial report can capture. Since its inception in 1995, the Chamber Herd has raised over \$400,000 to purchase livestock from CFISD students who have dedicated months of care, effort, and responsibility to their animal projects. After each purchase, the animals are processed and the meat is donated to nonprofits and food pantries across the area, including Cypress Assistance Ministries, Cy-Fair Helping Hands, MESA, Family Ties, or donated animals to Boys and Girls Country.

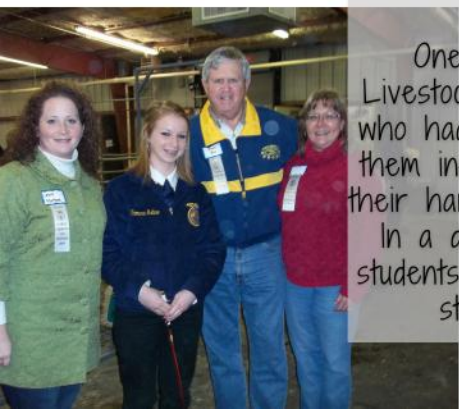

A Legacy Worth Honoring

In 2016, the program was renamed to honor the late John Fox, a beloved community leader and former Chamber Board Chair whose passion for student success and servant leadership was unmatched. John was a fixture at FFA barns, checking on student progress and sending heartfelt appeals to Chamber members each year. His dedication to the cause left a lasting imprint on the community, and today, the Herd carries his name as a symbol of that same commitment. The effort is currently led by Mark McShaffry, owner of The Backyard Grill, and Debbie Blackshear, retired president of Cy-Fair Federal Credit Union—both longtime champions of the Herd and advocates for the students it supports.

Students First: The Heart of It All

FFA (Future Farmers of America) is more than an ag program—it's a launchpad for leadership, responsibility, and personal growth. Students who raise animals commit months of time and care to feed, groom, and prepare their livestock, all while balancing school, family, and life. That dedication inspires the Chamber Herd year after year. The Herd's goal is ambitious yet personal: to purchase at least one animal from every CFISD high school each year. Whether it's a pig, lamb, goat, or steer, each purchase supports a student's hard work and relieves the financial pressure tied to these hands-on agricultural projects. And sometimes, it's not just about what happens at the auction—it's about stepping in when students need help most.

One of the most touching moments of this year's effort came just weeks before the Livestock Show. An ag teacher reached out to notify the Chamber that several students who had been raising lambs had recently discovered their animals were pregnant, making them ineligible for the auction. The students were heartbroken, facing the reality that all their hard work, and financial investment, could be lost. The Chamber Herd didn't hesitate. In a display of the program's core values, the team provided \$400 to each of the five students to help cover their project costs. The support ensured that those students could stay engaged in the FFA program and continue their agricultural education journeys.

Breaking Records, Changing Lives

In 2025, the John Fox Chamber Herd celebrated a landmark achievement. Through the overwhelming generosity of the community and the leadership of McShaffry, the Herd raised over \$30,000, its highest total ever. That unprecedented success made it possible to purchase 14 animals from deserving CFISD students, more than any previous year. Each purchase is a lifeline for students who have invested financially and emotionally into their projects. But the impact doesn't stop at the show ring. By donating the processed meat to local food pantries, the Chamber Herd brings fresh, high-quality protein to families in need, multiplying the impact of every dollar raised.

Full Circle Moments

The true spirit of the Herd often reveals itself in personal, unexpected ways. This year, Tonia Jaeggi, a longtime donor and local Realtor, experienced that firsthand when the Chamber Herd purchased her own daughter's pig at the show. Though not a formal committee member, Tonia's involvement over the years has always stemmed from a deep belief in the program's mission, making this year's contribution especially meaningful. Stories like these highlight what makes the Chamber Herd so special: it's not just a fundraiser; it's a deeply personal, community-rooted endeavor that brings people together in support of future leaders.

Looking Ahead

The future of agriculture depends on young people, and Cy-Fair is home to some of the most passionate, hardworking FFA students in the state. Through the continued support of the John Fox Chamber Herd, the community invests not only in their present but in their potential. The 2026 CFISD Livestock Show will take place February 5-7 at the Exhibition Center on Telge Road. It's a fantastic opportunity to witness the energy and dedication of these students up close, and to see the power of community in action. Whether you're able to donate, attend the show, or simply help spread the word, every effort helps. Because in Cy-Fair, it truly takes a Herd, and our Herd leads with heart.

Last-Minute Moving Heroes: TWO MEN AND A TRUCK to the Rescue!

In the often unpredictable world of real estate and relocation, timing is everything—and when things go sideways, having the right people in your corner can make all the difference. That's exactly what happened when a local family faced a moving day disaster: their scheduled movers canceled just 24 hours before the big day.

Panic set in. Boxes were packed, plans were made, and suddenly, everything was at risk of falling apart. With stress mounting and time running out, a member of the CyFair Express Network stepped in and made a crucial call to Tom Murray of TWO MEN AND A TRUCK.

When Tom got the call, he didn't miss a beat. Understanding the urgency, he rallied his team and committed to being on-site the very next morning. At 7 a.m. sharp, they arrived with smiles, strength, and a solution. Their professionalism, speed, and reliability turned what could have been a logistical nightmare for this family into a seamless and successful move. Tom and his crew didn't just show up—they showed up with heart. It's the kind of genuine care that transformed a crisis into a moment of gratitude and is what sets TWO MEN AND A TRUCK apart in the moving industry.

This isn't just a story about moving boxes. It's about showing up when it counts. It's about community, connection, and the kind of service that goes beyond expectations. Tom Murray and his team are more than movers—they're problem-solvers, day-savers, and true professionals. Their dedication is a shining example of what makes our CyFair Houston Chamber members so special. To Tom and the TWO MEN AND A TRUCK team: thank you for going the extra mile—literally and figuratively. And to our CyFair Express Network member who made the call that changed everything: you reminded us all of the power of community.

CEO Spotlights

Fred Caldwell

Fred F Caldwell, is the Founder and CEO of Caldwell Companies, a fully integrated residential and commercial real estate firm based in Cypress, Texas. Under his leadership, the company has grown into one of the region's most respected developers, known for its award-winning master-planned communities and commitment to creating extraordinary places to live, work, and play. For over 35 years, Caldwell Companies' vision has been to make life better for residents in Towne Lake, Willowcreek Ranch, The Highlands, Chambers Creek, as well as several rental communities including Asher, Mirella and Cadence Creek, and more.

Doing it right. Right now.®

Fred is a graduate of Texas A&M University receiving a Bachelor of Business degree in Accounting and a Master of Business Administration in Finance while playing football. He was recognized in 2018 as a Distinguished Alumni of Mays Business School. As longtime Cypress residents, he and his wife Susan have been married for over 40 years and have two married daughters and 3 grandchildren. They serve on many boards as active community leaders

who can often be found supporting numerous local and faith-based organizations. They are passionate about building strong communities that reflect integrity, purpose, and leave a legacy for generations to come.

"Caldwell Companies values the Cy-Fair Chamber as a vital catalyst for growth, collaboration, and community leadership. Our team members have long been involved in the Chamber – it is truly where business excellence meets a heart for service—two things we care deeply about."

Trent Fulin

Trent Fulin, MBA is a seasoned healthcare executive with over 18 years of leadership experience and currently serves as the Senior Vice President & Chief Executive Officer of Houston Methodist Cypress Hospital. He currently leads Houston Methodist Cypress Hospital, a \$650 million, tech-forward facility that opened in March 2025. The hospital features cutting-edge innovations including AI, ambient technology, and full-campus 5G and Wi-Fi 6.

Previously, Fulin served as VP/COO at Houston Methodist The Woodlands Hospital, where he led a \$250 million expansion and helped the hospital earn major clinical certifications. He joined the Cypress project in 2022 and is active in the local community through the Cy-Fair Chamber and Education Foundation.

Fulin holds a Bachelor of Science in Health Policy and Administration from Penn State and a Master of Business Administration from Texas Tech. He lives in Houston with his wife and two children.

"The Cy-Fair Chamber of Commerce plays a vital role in uniting local businesses and fostering a strong, connected community. At Houston Methodist Cypress Hospital, we value our partnership with the Chamber as we work together to promote health, innovation, and economic growth in the region. Throughout the entire process of opening this hospital, the Chamber was a partner in helping us reach our goal and we look forward to growing that connection even more in the future."

Steve Sams

Steve Sams, is the Senior Vice President of Residential and Master Planned Communities at Howard Hughes Holdings Inc. Over the course of 25 years, Sams played a key role in the development of several master planned communities across Greater Houston. His ability to oversee complex projects, navigate regulatory challenges, and deliver cohesive neighborhoods positioned him as a respected leader in the industry. His reputation for balancing engineering principles with real-world development needs made him a strong fit for Howard Hughes.

Sams joined the company in 2022, taking on the responsibility of overseeing the planning and development of Bridgeland, The Woodlands, and The Woodlands Hills, three award-winning communities recognized for their thoughtful integration of residential spaces - alongside commercial hubs in Bridgeland and The Woodlands - within walkable, environmentally conscious landscapes that prioritize sustainability, eco-friendly infrastructure, and a strong connection to nature. His focus remains on maintaining their status as leading master planned communities, ensuring they continue to evolve in response to market trends, environmental considerations, and community needs.

Sams earned a Bachelor of Science in Civil Engineering from the University of Colorado at Boulder, followed by a Master of Business Administration from the University of Pittsburgh. Beyond his role at Howard Hughes, Sams is actively involved in industry and local organizations, serving on the West Houston Association Board and the Memorial Hermann Cypress Advisory Board, among others. He currently resides in Sugar Land with his wife and their two daughters.

"At the end of the day, it's about creating places where people want to live, work, and build their lives. Development isn't just about the physical space—it's about setting the foundation for communities to grow for generations to come."
