

AL FARMAN
SPIRIT OF INNOVATION

Company Profile

CEO Message

Al Farman has been on a remarkable journey since its inception in 2006, steadily growing into a cornerstone of Qatar's construction industry. Over the years, we have established ourselves as the go-to supply and distribution company, renowned for our unwavering commitment to excellence.

Our pride stems from the multitude of significant contracts, both public and private, that we have successfully undertaken. These projects have been delivered punctually, adhering to the different international standards. At the heart of our operation lies a relentless pursuit of quality, punctuality, and client satisfaction, traits that distinguish us within the industry.

The dedication of our Board and employees to ensuring client contentment has been steadfast from day one. This dedication remains the cornerstone of our ethos, evident in our ever-expanding network of satisfied clients who repeatedly choose us for their needs.

Since our inception, we have closely followed Qatar's phenomenal growth trajectory, aligning ourselves with the evolving needs of the construction industry. Our strategic partnerships with leading manufacturers worldwide have enabled us to cater to a diverse range of projects across various sectors, from hospitality to residential and educational. Central to our success is our team of highly skilled professionals in construction, fit-out, and interior finishes. Their expertise, combined with the visionary leadership of our senior management, ensures that we offer innovative solutions tailored to each client's unique requirements.

An exciting dimension of our operations is our commitment to sustainability. We have embarked on an ambitious expansion to offer green products, aligning with the government's vision for a more sustainable future for Qatar. This initiative underscores our dedication to not only meeting but exceeding societal expectations.

As we look to the future, we remain steadfast in our commitment to contributing to Qatar's economic prosperity. We welcome partnerships with like-minded entities who share our vision for sustainable growth and value creation for our esteemed clients.

Thank you for considering Al Farman. We eagerly anticipate the opportunity to collaborate with you and contribute to Qatar's continued success story.

Yanni Jouaneh

Who we are

// Our Origin. Al Farman was founded in QATAR as a major supply and distribution company, providing turnkey solutions and high-quality interior finishes materials for the construction industry.

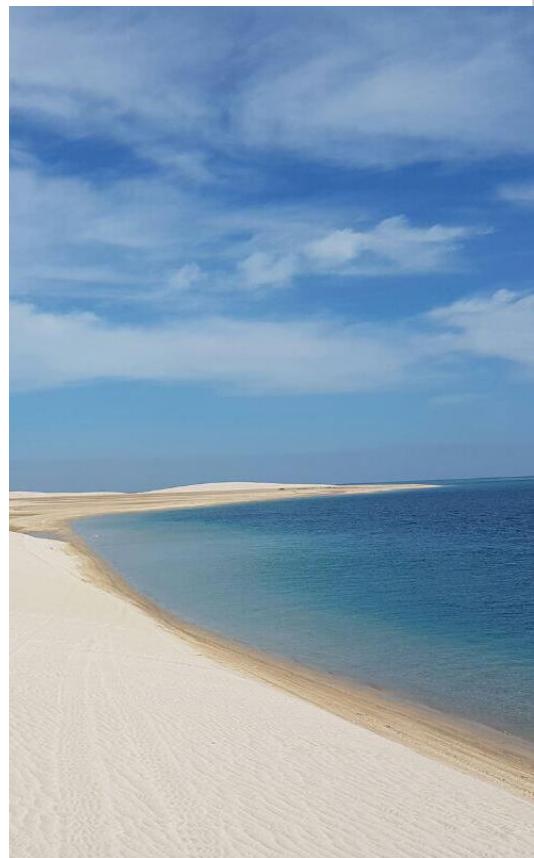

All the products we use in our daily operations are of the highest international standards and are widely used by the Real Estate, Educational, Health and Hospitality Construction Industries.

// The Importance of our Origin. In the last couple of decades, Qatar experienced unprecedented economic growth, and because of this increased economic activity, the real estate industry, much like many other industries began to evolve rapidly. Growth in demand for both residential and commercial property was on the rise, and Al Farman was able to meet the ensuing need for high quality Interior building finishes materials required to see these projects to completion through its strong partnerships with top international manufacturers.

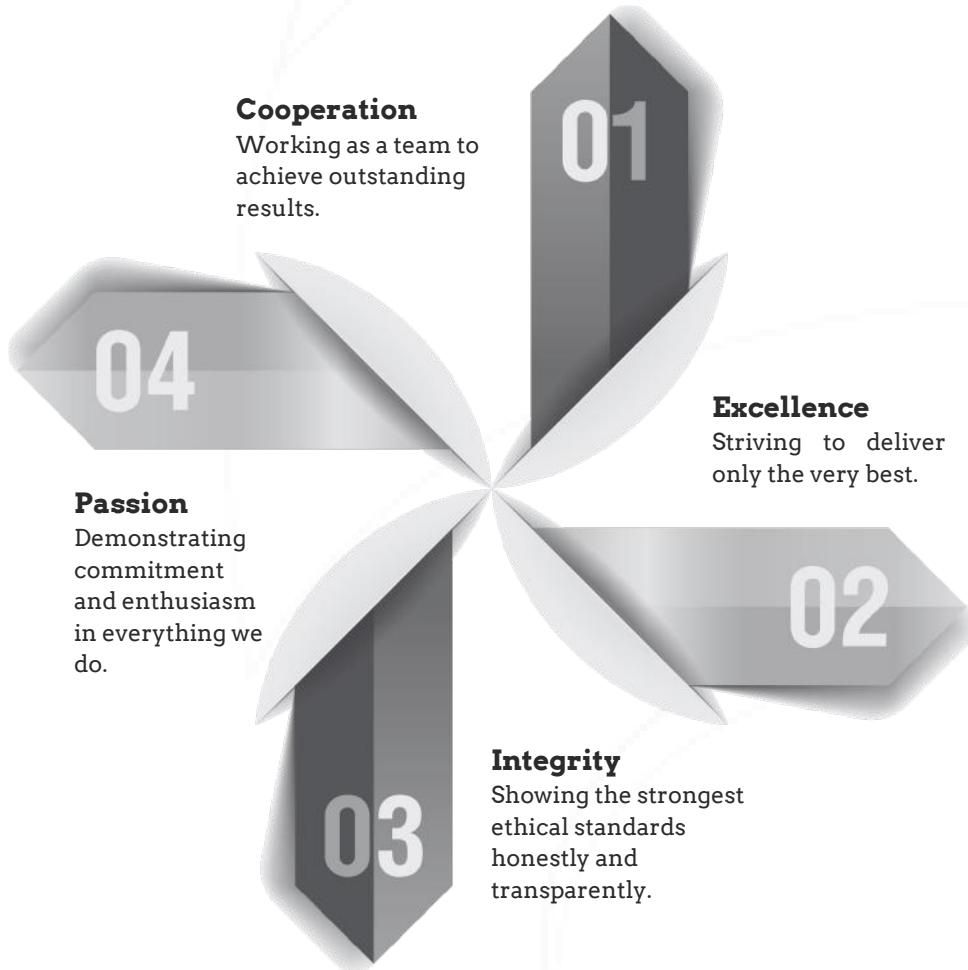

// Always look Ahead. Al Farman is built on a passion for the work we do, and a commitment to the people we serve. We have made it our business to offer flexible, professional, and reliable solutions for each client whom we work with, no matter how big or small the project is.

// Participate in Society. We were founded with a single aspiration – to help the construction industry and companies work better and responsibly. As a supporter of the Qatar Green Building Council (QGBC), we follow environmentally responsible building practices in support of a sustainable property industry for Qatar.

// Trust in Us. A stellar reputation for excellence, reliability and quality has made us a trusted partner, and a leading company in Qatar; and this is what drives us to continue to remain true to the promise of excellence that we make to our clients every day

The Work Behind Perfection

MARBLE

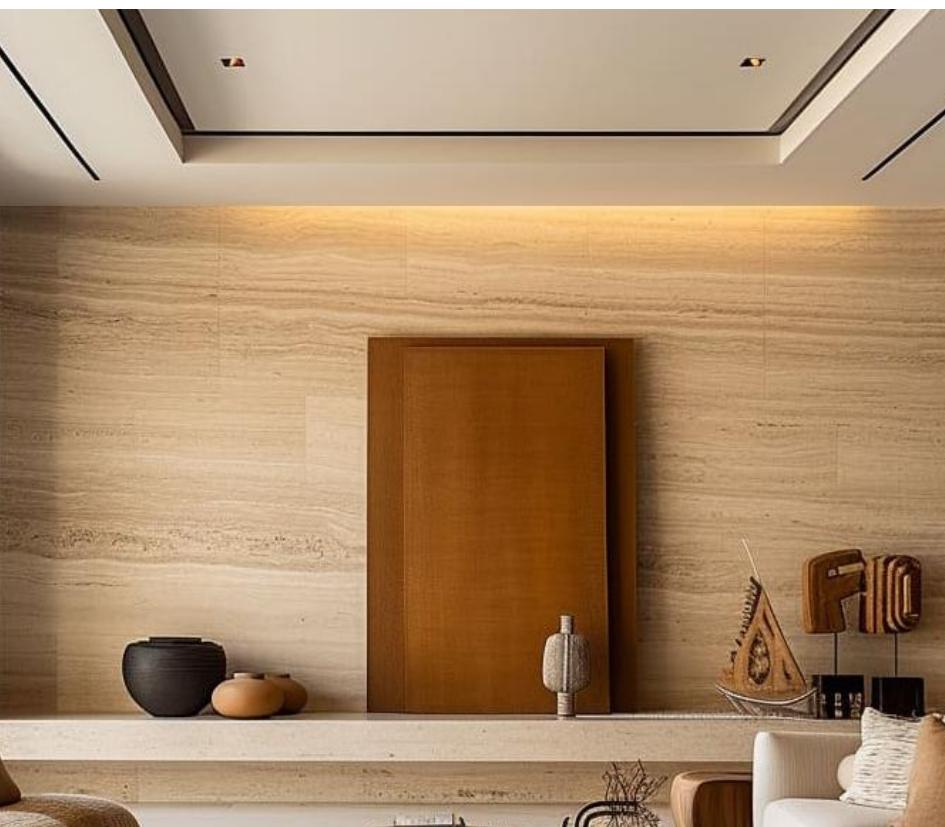

No stone have as many uses as marble. It is used for its beauty in architecture and sculpture. Al Farman has the ability to supply a combination of marbles of various colors from international suppliers creating a unique ambience of your space.

GRANITE

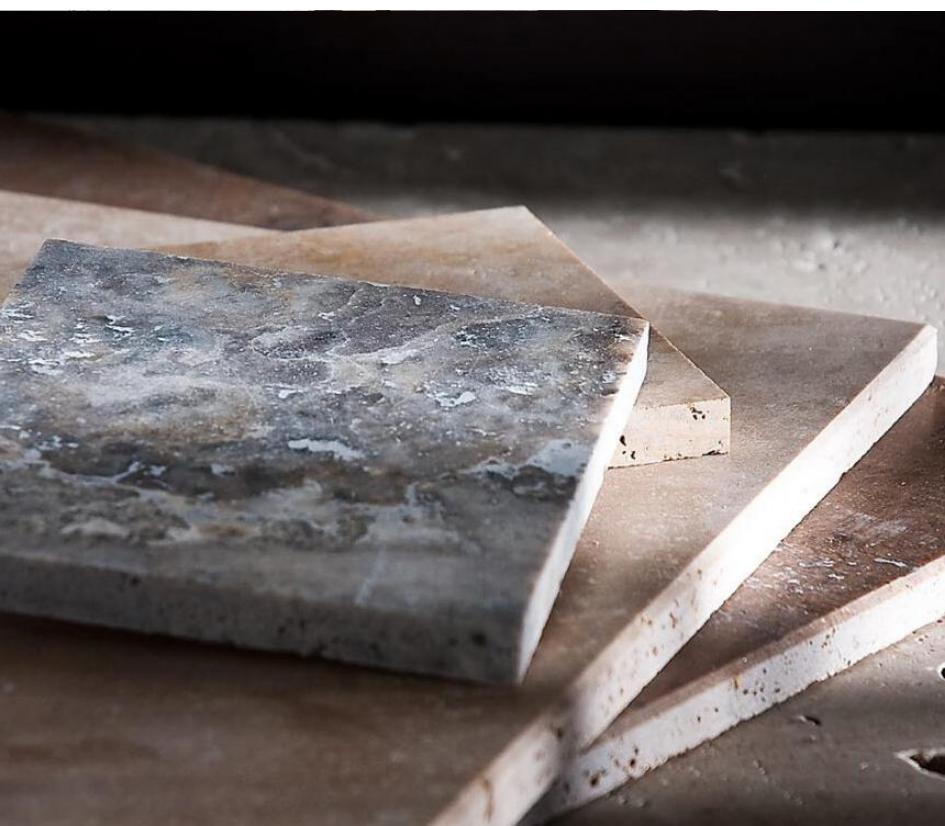

Our expertise enables us to provide a wide range of granites quarried directly from the source with vivid colors and patterns.

LIMESTONE

Style, appearance and functionality are the excellent solutions we provide with our limestone materials ranging from the soft beiges to the tans.

TRAVERTEINE

Formed by minerals in groundwater, Travertine stones adds timeless charm to interior spaces with its warm tones, finishes and unique patterns especially the horizontal vein cut. In interior design, it's often used for wall cladding, whether unfilled, filled with cement or resin, offering versatility in texture and aesthetic appeal.

SANDSTONE

Crafted from grains of sand compacted over time, Sandstone brings a touch of earthy elegance with its natural hues and textured surface. Sandstone is commonly used for accent walls and flooring adding warmth and character to any space.

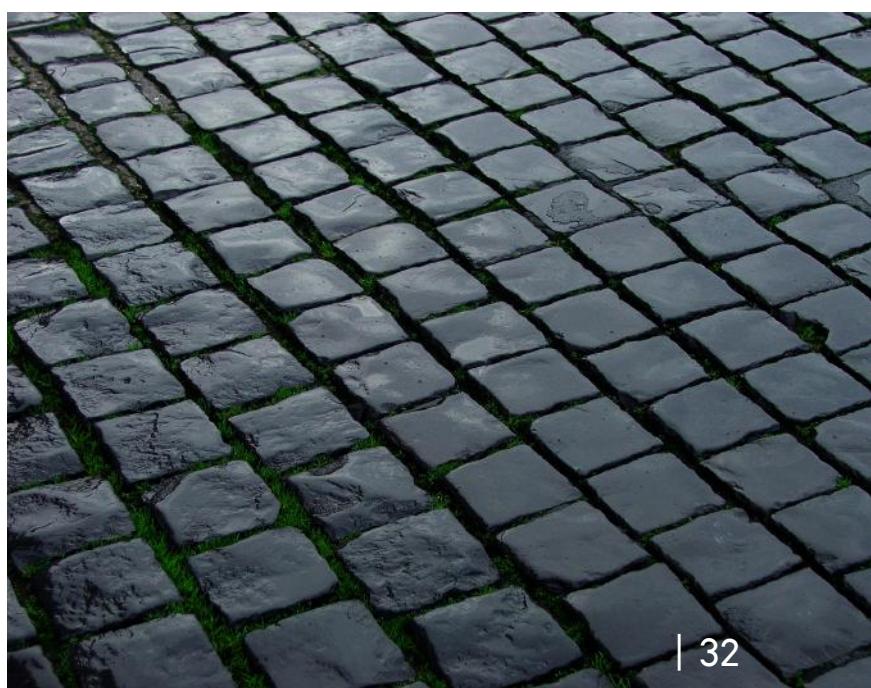

SLATE

Born from layers of sedimentary rock, Slate stones offers a lustrous yet craggy appeal with its deep colors and unique texture. In various areas of interior design, slate finds versatile applications: as flooring, it adds durability and sophistication; as wall cladding, it brings depth and style; as furniture or tabletops, it combines practicality with natural beauty, making any space uniquely charming.

BASALT

Basalt stones are a volcanic natural stone used in architecture for centuries. The high temperature volcanic environment and the cooling principle ensure that basalt stones are long-lasting, difficult to corrode, ageless and offers a very homogeneous color distribution.

Engineered Stone

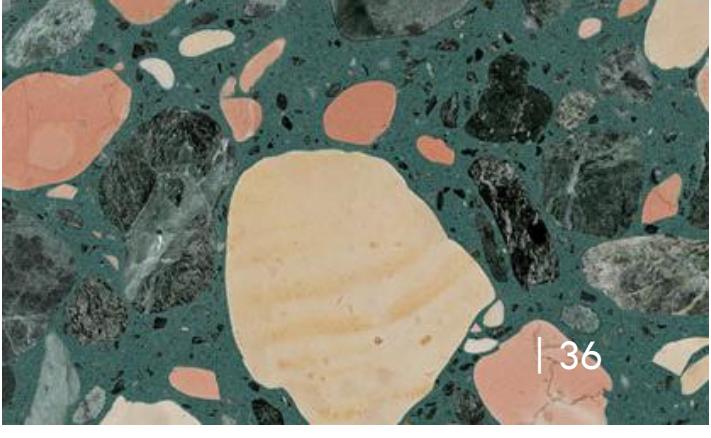

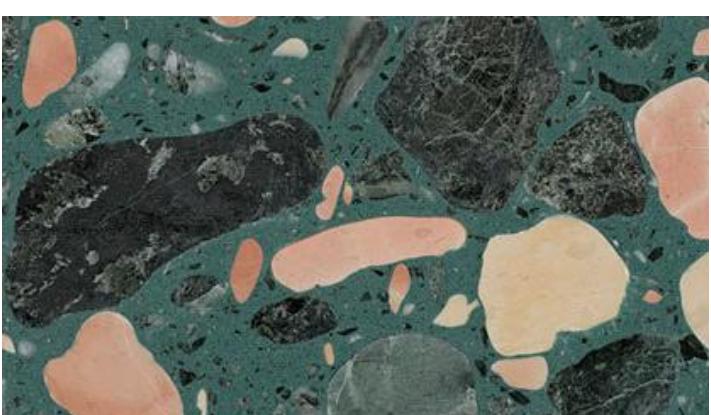

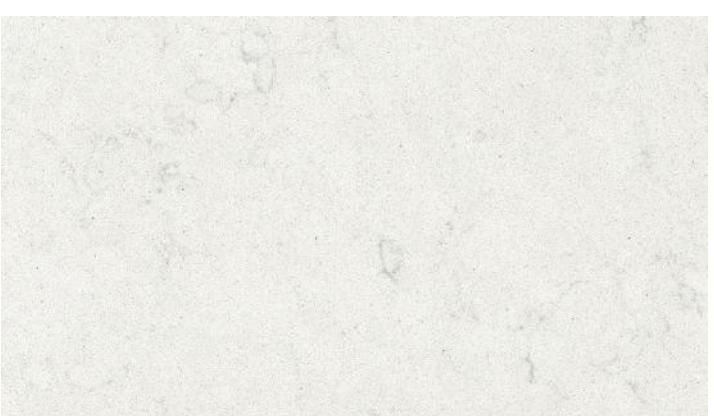

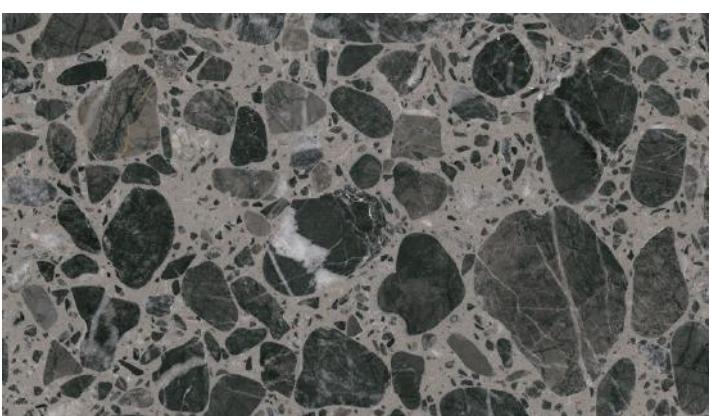

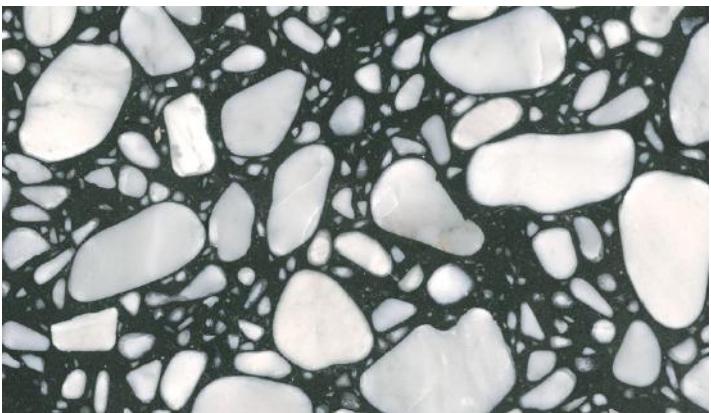

Focusing on the quality, we are specialized in the field of engineered stones which are made up of Marble and Quartz. Our materials are of international standards and wide product collection is suitable for hospitals, public and educational buildings, hotel, commercial and residential interiors
