Ask if it's hallmarked IT'S YOUR GUARANTEE

In the UK it is illegal to sell or describe any item as Gold, Silver, Platinum or Palladium unless it is hallmarked*

A hallmark applied by a UK Assay Office is not proof of origin or place of manufacture of an item.

The hallmark of a UK Assay Office (whether applied by a UK Assay Office in its approved locations in or outside the UK) is proof that an item (in all its parts) is of the standard of fineness indicated by the hallmark struck on that item.

Hallmarks applied by UK Assay Offices at their approved locations within the UK are clearly differentiated from those applied by UK Assay Offices in their approved locations outside of the UK (as detailed in the table below).

COMPULSORY MARKS		THE HALLMARK COMPRISES THREE COMPULSORY MARKS: A SPONSOR'S MARK, A FINENESS MARK AND AN ASSAY OFFICE MARK.								
Sponsor's Mark The registered mark of the article for hallmarking	Fineness Mark Tells you the precious metal content, expressed in parts per thousand				Assay Office Mark Tells you which Assay Office tested and hallmarked the article.					
	Silver	Palladium	Gold	Platinum	Marks applied in the UK	Marks applied outside of the UK

Date Letter	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024

What should I do if my item is not hallmarked? If you have a concern regarding hallmarking contact your local Trading Standards Authority.
