

START 2024 WITH A GOOD STEP.

Exclusive Distribution Partner of Smaller Footprint Co.

Exclusive Distribution Partner of Smaller Footprint Co.

Every year, a lot of diaries and desktop calendars are printed for the coming year.

A lot of these end up adding to your organization's environmental footprint due to the amount of paper being used and wasted, to say nothing of the material used in covers which includes plastic, PU Leather and other difficult to recycle materials.

This year, why not opt for eco-friendly diaries, journals and calendars from Smaller Footprint Co.

Our notebooks and diaries are made from eco-friendly materials like biodegradable Kraft Paper and recycled Seed Paper along with natural material covers like Cork and Bamboo.

Do take a look at our collection over the next few pages

Plantable Desk Calendars

Plantable Desk Calendar with Stand

The calendar sheets are plantable – which means that once each month is done, you can plant the seed paper calendar sheet in the soil, water it and you will see it sprout in 7-10 days.

Plantable Seed Paper Calendar

Box contains: 1 Plantable monthly calendar with wooden stand
Product dimensions: Calendar - A6 size with 7 leaves; Wooden stand - 10 cm L x 15 cm W
Made of Seed Paper and upcycled Wood

Plantable Desk Calendar with Wooden Stand

Eco-Friendly Desk Calendar with stand made with 100% recycled paper and seeds.

Lifetime Calendars

Cork Block Desk Calendar

Cork is one of the most eco friendly, sustainable materials in the world and often overlooked. The outer bark of a cork oak tree can be stripped every 9-14 years without harming the tree.

Plantable Seed Paper Calendar

Perpetual calendar is valid for any year, you just need to move the frame appropriately corresponding to correct date and month.

Wooden Blocks Calendar (Manual)

A small, minimalistic perpetual wooden calendar with removable wooden blocks for dates and months is reusable year after year. It takes very little space and looks smart.

SERVICE OFFERING

1. Courses and Workshops

**good
steps**
Courses and
Workshops

- We are here to assist you in starting your journey towards sustainable living. Get to know the best practices and choose what suits you.
- We offer sessions suited for Individuals, Corporates and Schools.

Corporates

Imbibe sustainable living mindset and everyday living practices among your employees with the Smaller Footprint courses. We offer online and offline guided sessions about mindful living which will help your employees take good steps for the environment in their daily lives easily.

1. Introduction to Sustainable Living

- Sustainability to an individual.
- Demystifying jargon and myths.
- Small actions – practical and easy, which bring high impact.

2. BioEnzymes: Convert Household Waste to Natural Cleaners

- Introduction – The Need
- How to Make –Quick DIY.
- Usage- Where and How?

3. The Sorting Story: What, Why, How in WASTE?

- Introduction – The Need
- The Categories
- Let's sort – GAME

Schools

SF helps you familiarise need and ways towards sustainable living at early age in children. It introduces different concepts and GoodSteps on common areas where kids can directly relate and contribute.

4. Understanding the 3R's

- Recycle, Reuse and Reduce by way of story, games, quizzes, songs, videos and discussions.
- Helping students understand the need and essence of keeping the planet clean and green.

Individuals

Imbibe sustainable living mindset and everyday living practices in your everyday lives with the Smaller Footprint courses. Learn how easy it is to adapt a sustainable and low waste lifestyle by just taking a few good steps in your daily lives.

5. Sustainable Living- Part 1 – Introduction (Complimentary)

- What & Why Sustainable Living, Simplifying Jargons & Debunking Myths.

6. Sustainable Living- Part 2 – Eco Tips (Paid)

- Things you can do at Office and at Home.

7. Sustainable Living- Part 3 –Waste to Natural cleaners: Bio enzymes. (Paid)

- Learn this amazing reuse of kitchen scraps which takes 2 minutes to get started.

2. Self paced learning module.

What is covered ?

- Introduction and simplification of sustainability jargons.
- Practical tips to take the first step
- 7 key actions with effort , impact and cost
- Bioenzyme - reusing a common item which saves waste & reduces chemical footprint .

Mode :

Recorded video tutorial with above 4 modules

Benefits :

- Anytime, anywhere access for employees.
- Can be integrated with the company LMS.
- Employee awareness on Sustainability and enablers to take their first step.
- Align the workforce towards “E” in ESG.
- Monthly newsletter on new happenings, practices and initiatives on sustainability.

3. Microsite for Corporates (Ph-2)

What will be covered ?

- Custom designed Platform
- Unique Logins for Employees
- Dashboard for company
- Green Points Scoring
- Learning Modules
- Forums for Company Employees
- Gift Shop with Cobranded Products
- Monthly Newsletter.

Mode :

Online Platform

Benefits :

- Anytime, anywhere access for employees.
- Employee awareness on Sustainability and enablers to take their first step.
- Align the workforce towards “E” in ESG.
- Green Points, Dashboard and employee forums to motivate them to continue taking new steps.
- Monthly newsletter on new happenings, practices and initiatives on sustainability.
