Our Soundess Guarantee

Buy and sell with confidence - Credibility and Dependability are important to us.

At Billings Livestock Horse Sales, all horses that are ridden through the ring and sell as a result of being ridden through the ring, are **GUARANTEED SOUND** until Monday Noon following the Saturday Sale and Wednesday Noon for "ShowCase Internet Sale Session" unless otherwise stated from the block or included in footnotes. To further define our policy, if the horse sells at 6 p.m. on the Saturday of our sale, the horse will be guaranteed sound for an additional 42 hours - Noon on Monday in regular session, Wednesday noon in ONLINE portion. **Horses are not sold to pass a post purchase veterinarian exam or "Vet Check" of any type nor is rideability guaranteed. Fresh branded horses are not eligible for return. 14.2hh. My son has used Domino for heeling, breakaway, goat tying and flag race. No silliness, will stand in the box quiet all day and really tracks a calf. He is great to be around and easy to handle. He would be a great horse for a beginner learning to rope. He does have high ring bone that is maintained with injections. Amigo is a stunning dark bay gelding standing at 15.1 h. This versatile gelding is finished on both ends but truly excels on the heading side. Whether you're roping your first steer or are an experienced roper, he runs hard and flat, stands quite in the box, and pulls hard. He is extremely gentle and can be roped on by experienced ropers and beginners alike. He never has box issues and will never be outran. He has been hauled to many roping's and different arenas and would be a great horse for the whole family. Not only does Amigo shine in the arena, but he is also extremely reliable outside as well. We have used him to move cattle, brand calves, rope bulls, pack and everything in between. He is handy enough to rope a bull, but also gentle enough for our 7-year-old daughter to ride him in the arena and mountains. He has a great disposition and even with time off is the same horse every time you ride him. He is the type of horse you can take to a high number jackpot, put your beginner roper on, or take on a 15-mile pack trip and he will excel in every category. We have also used him to pack flags at PRCA rodeos, he has been patterned on the barrels and has been used by everyone in our family. Amigo truly is a one-of-a-kind horse. He has a small foggy spot on his left eye and flat brow bone from a previous injury, but it does not affect his soundness or performance. If you're looking for a nice rope horse as well as an all-around gelding, this is the one for you. VIDEO: https://youtu.be/OdB_n3xMXxw FMI: 435-232-1815. Coggins.

Maverick

2019 Grade Black Draft Cross Gelding

Shannon Kavanagh Ferintosh, AB; Canada

Maverick is the perfect mountain horse package: 14.2 hh draft cross gelding, solid build with good bone, steady personality and extensive experience in the Canadian Rockies! He is a gem on the trail - point and go type of horse, having gone through rivers, muddy trails, up mountains and even swam in lakes. He is built for tough riding, and can handle technical trails without missing a beat, carefully picking his foot placement to ensure he and his rider are safe. Maverick is my go to trail horse as he is steady and will not quit on you, happy to work all day. No matter what the mountain trails have surprised him with, he has handled it all like the pro that he is, taking care of his rider. When it's time to take a break, he patiently parks - no dancing, just patiently waiting until it's time to work again. He has a big stride and can walk out and cover ground, while having a smooth rocking-chair lope that is easy to ride. Maverick approaches obstacles challenges with confidence and bold curiosity. Maverick has been used to check cattle, and is equally unfazed riding through a herd of playful calves. He is the same horse after time off, with no funny business, buck, bolt, or rear. He is an easy keeper, a gentlemen for the farrier, stands tied, hobble trained, been hauled extensively (including solo) and hops right in the trailer. Maverick has also had an intro to driving training and while he is not broke to drive as of yet, he would pick it up quickly if his next home pursues this. I recommend him for a confident rider as his big powerful stride may intimidate nervous riders. Minor scar on hind leg from superficial scratch injury when he was younger. Barely noticeable, cosmetic only, fully healed years ago, and has never affected soundness. VIDEO: <https://www.youtube.com/watch?v=bqF4-omKfTU> FMI: 403-669-7917. Coggins.

He has a huge personality and is a very sweet, in-your-pocket horse. Coal is lightly started in the roping pen on the head side. He has turned 10-15 steers. He has worked at the race track for the last 3 years at Santa Anita and Del Mar in Southern California. He has ponied millions of dollars worth of horses from around the world at the Breeders' Cup. Coal loves to be on camera and the center of attention. He's a very forward horse with a big walk and jog and very smooth lope. He has been trail ridden extensively, in groups or by yourself, through town or up in the mountains, across the water and over logs. He's been to a few Cowboy Mounted Shooting practices to set the balloons. He has not been shot off of, but did not care about the gun fire. Coal has done a few Gymkhana play days and loves it. NOTES: If you want to step up your roping game as well as saddle up for a day on the trail, Roster is the horse for you! He is a big, stout, exceedingly broke, good-footed, exceptionally fast head horse in the prime of his life. Watch him in the roping preview as he will be a standout! Take off his tiedown, put on your split reins, and he is ready for ranch work. He is great when crossing water, navigating rough terrain, and steadfast with long day travels. This roan can sort and drag calves with the best of them. On the ranch is really where Roster's pedigree shines. Roster is good to shoe, gentle on the ground, ties, loads, and hauls great. Put him on your list as Roster could be the one you have been looking for. Coggins

NOTES: Check out this gorgeous, black gelding, he stands 15 HH with all black feet. Snip is the entire package. He is beautiful, gentle, and broke. He is an absolute gentleman to be around. We raised him since he was a weanling, and he was started from the ground up. Snip was a natural talent from the start and a quick learner. He's been hauled to World Series ropings and jackpots and ready to take you to the pay window. He is just amazing on the heel side, has a great stop, and really uses his butt. I've also taken him to ranch sortings, and gatherings. He picks up his leads with ease and has a beautiful lope. Snip can be laid off for extended periods of time and saddle up good and be the same as the day you rode him last. We are very proud of this classy black gelding and are excited to see the accomplishments he will continue to achieve. Snip is good to clip, shoe, bathe, and stand for the farrier. Snip is guaranteed 100% sound. Please visit <https://facebook.com/cchorses> for more videos and photos.

NOTES: Wilson is a 5 year old well breed gelding. He is good minded and will take you all over the trails or do any ranch chore you need. Fun to ride in the arena as well. This flashy gelding has a big stop. He has rope horse written all over him. Wilson will do anything with a winning attitude. He has been hauled in a livestock trailer, slants and ramps, etc. There's not really a lot that bothers Wilson. He cross ties, he will stand tied in the wash rack, ties to a tree, trailer, or pretty much anywhere. He is a smooth and levelheaded as any horse you'll throw a leg over. He's beautiful stride and is definitely a horse to choose. He stands 15.1hh with big bone and excellent feet for his size. He is up-to-date on his dentals, shots, worming, and shoeing. Coggins

NOTES: Ruger is a home bred and raised red roan gelding by Cat Smart Boonsmal that stands a solid 15 hands with excellent foot and bone. He's straight and correct everywhere and as gentle as you can make one. He has a huge stop and is big enough to make a switch ender. We have shown him at a couple of Ranch Horse Futurities where he has earned checks every time he's been out. We have started him on the hot heels and the flag both and he has really taken to them. This gelding is 100% sound and is as pure of a prospect as you will find anywhere in the Country. He will speak for himself. VIDEO: Contact Seller. FMI: 940-765-7177. Coggins.

Banner is an eye catching red roan that's built solid and ready to go win. He's been used outside as well as being a nice switch end rope horse. Banner has never offered to buck and is always the first to the gate to be caught. He has a friendly attitude, good ground manners and is easy to handle. Banner is a hard running head horse with a big move in the handle and he can really face. Standing at 15 hands, he's the perfect size to be a switchender and it shows in the way he works heeling. He has a lot of natural timing to cattle and a deep sliding stop. Banner scores well and stays focused even if you run a lot of cattle on him. He has a cut on his right hip, it's healing well and not causing any issues. Kobe, AQHA registered as WJ Blu Ranger Dunnit, is the kind of gelding that fits seamlessly into any ranch or trail riding program. He's built to last, with a strong frame, a big, powerful hip, and the kind of solid foundation that makes him both durable and dependable. His easy-going nature and his smooth neck rein make him a pleasure to ride, whether you're gathering cattle out of the pasture or heading out for a relaxing ride. He knows his leads, moves willingly off leg pressure, and handles himself with confidence in any setting. This is the kind of horse that doesn't take long to get comfortable with—he's ready to go to work or hit the trails without any fuss. Out on the trail, Kobe is as steady as they come. He navigates obstacles with confidence, crosses water and rough terrain without hesitation, and never gets in a hurry. He's been exposed to cattle and knows what it takes to get a job done, yet he's gentle enough to be a strong prospect as the next great family horse. Wasp has seen a lot of different country and miles. I've checked, sorted, and doctored cows on him. He has all the buttons to make him fun to drag calves on. I've used him at both head and heel brandings, and snagg and drags and he's great at both. He has a big stop and runs a cow down and rates off. I've used him as a head horse a few times but not enough to call him one. He stood good in the box though and came out good. Good with his feet, and decent to catch. I've ranch rodeoed on him bit and he was great. He's been tied off on and use to one man doctor. He's super strong on the horn and is fun to pull stuff into a trailer with. He's also very cowy and fun to work a gate with. He is a feely horse but not at all broncy. He'd make a great ranch horse. VIDEO: Contact Seller. FMI: 204-212-3700. Coggins.

NOTES: 6 year old bay started barrel prospect. Around 16 hands. He's been rode on the mountains and ranched on the past 3 years. Been patterned on the barrels and done multiple time onlys on him. He just needs to be seasoned. We've had him for 4 years. No maintenance. Really easy keeper. The only thing I've had an issue with is when I am loping in the arena to the left he fades away and goes to a trot at the beginning but my husband rides him and he's just fine. My position is different and sarge pays close attention to your position on him. A year ago he got a superficial cut on his leg. He was never lame on it or anything like that. I gave him some time off to let it heal. I think there will always be a bump from scar tissue. But again he's never been lame. I have used him a lot to gather cows on the mountain. I like to take my barrel horses and put them on the ranch first to get a good foundation on them before I turn them to barrels. He picks up his leads. He does prefer his left lead but will pick up his right when asked. In the pattern he switches no problem. He stops good. Crosses over on his fronts. Listens to my leg and body cues/position. From what I've done on him he is really liking the barrels. He's not mean to others and handles being with a group well. He's been turned out with geldings and mares all his life. He stands and trailers no problem. He shoes good. He's paid into future fortunes, royal crown eligible for life and eligible for select stallions. Coggins.

This gorgeous mare is not only flashy but has the brains to go with. She's been ridden everywhere and nothing fazes her. Jump on and go after time off and she's the same horse as she would being ridden every day. She has the go to be an all-day ranch horse, or a barrel horse or any way you want to go. She's been ridden for college rodeo, carried flags for PRCA rodeos, ponies horses, and used as a queen horse chasing cattle out of the arena for rodeos as well. She does have a lump on her neck and one on her chest that's hardly noticeable both have been tested and was just fatty lumps will not affect her soundness. NOTES: Excellent head horse prospect with the ability to really handle a steer. This gelding has great bone and size to make an outstanding rope horse, wearing a #1 shoe all the way around, standing 15.3HH. I started him as a 2-year-old with extensive ground work. He's fancy broke and low-headed. He stays gentle even when left off for long periods of time. I've started him nice and slow on the head side, scores really well, and is easy to rope on. He has a lot of rate, a nice move out of the corner, and faces well. He's a lot of fun to ride and has a lot of feel. Smaug is very trainable and easy to be around. He is good minded and gentle with a huge hip, pretty head, and built to last. Smaug has been rode outside a lot and nothing bothers him. This horse has a gorgeous lope with a huge stop. NOTES: If you're looking for a horse that is extremely well rounded Merle Haggard is the horse for you! From a World Series start to a big long move, cattle are easy to gather up on this quick moving and beautiful blue roan. Standing 15 hands and weighing 1175 lbs he is a great combination of size and agility. Color is great but a gentle demeanor goes a long way. This horse has both! The majority of this horses outside riding has been done by a 8 year old girl. Whether we were doctoring calves or gathering and trailing cattle he has been her pick. That says a lot about the inside of a horse. The willingness and patience he showed outside with her riding him was second to none. The same goes for his attitude inside the arena. He always looks to please. Merle has great speed and phenomenon rate, two of the best attributes when looking for a head horse. If you're looking for a horse that always wants you to win remember Merle will give you his "fight'n side". VIDEO: <https://youtu.be/E9En1TPmck0?si=EoSiOoeSRCD00CR1> FMI: 208-681-3002. Coggins.

NOTES: Deep brown gelding "Sweets" as we call him sure lives up to his name! He's a big sweetheart! Loves to be loved on and will take care of you as the day is long! Sweets was bred to be a barrel horse but has quite the resume! He has been used as a pick up horse in rodeo's, ponied young colts off of in the round pen, roped and doctored calves in the pasture, tied off on calves, spent a lot of time moving cows. All while maintaining his arena work! Picks up all gaits with ease, side passes and has quite the turnaround for his size! Any level of rider can get along with him. I've had young inexperienced riders to the pros ride this horse. Nothing phases him. He stands quiet the trailer loads ties baths with ease! Great for the farrier. He's been hauled to town quite a bit for time only's and has a nice start in his barrel career ready for someone to finish! Long mane and tail to boot! He's paid and up to date in the Ruby Buckle and is VGBRA Incentive. This gelding is a maternal sibling to CURIOUS SOCIETY CASH, and a full sibling to BLUE POGONIP SOCIETY. His mother is producing 1D barrel horses with extreme talent and very sensible minds. This horse is bound for the performance world but will also make someone a nice all around horse! 15.2 hands, 1250 lbs. head horse. Been hauled all over Utah, Idaho, Montana, Nevada and Arizona. Unique liver chestnut color. I've had him for 7 years and won multiple saddles and ropings on him. Breaks flat and hard! Strong at the horn and powerful. Quick footed and can run, too. Great move out of the corner and faces the way they should. Soft sided and light in the face. Stands still to mount and dismount. Easy to catch. Loads and hauls like a veteran horse should. Good for the farrier and grooming. Nice big black feet. Wears a size 1 shoe. Gets along well with other horses. Easy keeper. BIG motor but not hot. Perfect gentleman in the box. One of those horses that the more you rope on him the better he gets. LOVES the competition. He knows his job and he does it well. He gives you everything he has every time you nod your head. He will just about kill himself to get you there. I wouldn't call him a beginner/kids horse but he's by no means a bronc. He just has a lot of power and he's built for it, too. Does have a slight scar on the shin of his left rear. Wasn't there when we were in AZ the end of January but doesn't seem to affect him. He does have a couple of the "scab/wart" looking blemishes on him but I've never had a horse that didn't. 15hh. Say hello to Whiskey, a red roan gelding with a lifetime of ranch experience under his belt. This retired ranch horse is the definition of "been there, done that"—and he's ready to keep giving as a trail star or beginner's best friend. Whiskey's a pro: he's roped cattle in the arena and at brandings, knows his way around livestock, and doesn't flinch at whips or flags. He stands tied, crosses logs and water with ease, and moves off leg pressure—no heavy hands needed. Good to trim and shoe, he's a low-maintenance guy with a kid-safe attitude. Use him after time off, and he's just as reliable as day one. Now, he'll sore up a bit with overuse, so he's best suited for lighter work—think pleasure riding, trail adventures, or a backup ranch role. Piglet has seen it all, takes everything in stride is suited for any level of rider. Piglet has hauled elk out of the Rocky's, run down cattle in the flats of Alberta and jackpoted the sands of Texas! He's a blast to heel on with a quiet demeanor in the box, smooth stop and lots of run if you need it. If you feel like swapping ends you can put him in tow mode and makes for a great head horse. I've had Piglet since he was 2 from Dallas David Quarter Horses in Alberta. He's been a very easy horse to start and with a good mind and willingness to learn he has excelled in each discipline fast. He has a great pace for a string of mules, slow and steady, never stretching the lead rope or minds the lead rope around his hind quarters. Mouse will stand with no fuss at a trailer, hitching rail, tree, and part of a string. He's easy to catch, even in the middle of the night and good to saddle up. After an extended break he can have a cold back and an experienced rider is recommended. He is comfortable and confident with mountain trails and terrain, rocks, deadfall, brush, bridges, water crossings, and mud, placing his hooves carefully and steady. Mouse is the energetic playmate of the herd and gets along with other horses. He's an easy keeper, grass fed and a sucker for treats. He has his biannual worming and 2024 vaccination. Mouse loads and unloads with no issues. He doesn't mind messing with his hooves and will stand for a farrier. VIDEO: <https://www.youtube.com/watch?v=er-EcuDrqI8> FMI: 406-490-2718. Coggins.

15hh mare. Josie was started as a three year old and has been very consistently ridden since. She has been to the mountains 3 times a year EVERY year since she was 4 averaging 300km of mountain riding per summer. She's crossed dozens of rivers and creeks, maneuvered bog and mud with ease, and climbed mountain tops many times. She stands perfect at the highline or hitching rail. Has been hot shod pretty much every year from snow off to snow on and stands well for farrier. Josie has been used in fun local gymkhanas and will do pretty much all the events easy and quiet. She's been ridden to town for slurpies and down the highways. She has been used extensively on trails and through the bush. Josie has also been used for skijoring and thoroughly enjoyed it. She has also had a lot of box work and been used on the heelomatic and on live cattle. She is currently doing well with me learning how to breakaway. With some finishing work she would make a great little high school rodeo horse for a confident knowledgeable teenager. I have hauled her to Canadian Cowboy Challenges where she tackled all the obstacles with curiosity and confidence. And placed top 3 in her category. Josie lives in a mixed herd of mares and geldings and everything from 28" minis to 17.2hh drafts. She sits mid herd. I bred her as a 7 year old (to a perlino stallion). She caught immediately and carried full term all while being ridden up to snow fall of that year. She foaled and cleaned on her own. Buckskin foal. I use Josie often to pony my young horses and she will pull into the breast collar and give me all she's got. She drags logs, opens gates, side passes and has all her gates. I have used her on a couple of cattle drives. She did ok, but due to her competitive nature she got excited when other horses would race past her. However, if I needed to her to get after a cow, there was no hesitation. I can ride her out by herself. No issues. Not herd bound. Josie is easy to catch. Stands all day at the rail. No halter pull. Orion

Kanton Apanashk Powell, WY

15hh. Orion is stout and built to last and is sure footed in all terrain. This ranch hand had the winter off but we hopped on in the arena and he went right to work without skipping a beat. He has since had 30 days of ranch work put on. Take him to the ranch, check pens or pastures, doctor, drag calves to the fire or take him down the trail for a leisurely stroll. Orion would be best suited for an advanced or intermediate rider as he is very athletic and has a big motor. Finish him out your way in whatever discipline you'd like. Orion stands straight and is sound on all four corners. He is up to date on vaccines, teeth, and deworming. Please contact us for more information and videos. VIDEO: Contact Seller. loves people and attention een always kept up to date with her feet, deworming and teeth. She has 4 white socks and so requires an 8 week trim program to maintain her pink feet. I have owned her pushing 10 years and she has NEVER been lame or had any injuries. She's never had injections or needed a vet other than for regular dental work. No scars. Josie definitely requires a KNOWLEDGEABLE AND EXPERIENCED rider ONLY. She is not for the faint of heart and requires a firm but fair handle. She is strong and very competitive and she can be spicy. She isn't dirty but can have a very competitive attitude under saddle. Please, if you are new to riding, green, grandma or looking for a husband horse, Josie is not for you. I would be very happy to chat over the phone to discuss this with anyone interested. As well, I would be 100% happy to haul her to an indoor for people to test ride. She's currently fit and being used. VIDEO: <https://youtu.be/XYeipeAkeMY?feature=shared> FMI: 780-878-1515. Coggins.

Cisco has the cutest look and the biggest heart you will ever see in a horse. He stands at 14.3h, but weighs in like a horse much larger in stature. He is very well built with enough bone and mass to withstand the longest of days keeping up with the cowboy crew. When I say this horse has no bottom, I absolutely mean it. He has the most try I've ever had in a horse and he will never quit you. He's been roped on and ridden a ton outside, and the place this horse would be the happiest would making a living on a crew that gets to see a lot of miles and even more baby calves to run down. He is gentle and has been ridden the past year by a 12yr old girl. He loves having a job and he loves being pampered. He's great to shoe, haul, tie, hobble, saddle, and bathe. Has traveled all over the place and keeps very easily. Knows his leads, backs a tight circle, and walks out like a cowboy's dream. He's extremely kind and enjoyable to be around in every way. Cowboy is what I like to call reliable and predictable. I purchased Cowboy in 2021. I used Cowboy as a hunting horse and to gather cows in the fall. He's a great pack horse, he has no issue crossing water. He does good on hobbles, he has packed multiple elk out for me. I was never worried about him doing anything dumb when we were 10 miles in the back country by ourselves. He is one of those horses that you can leave in pasture for a half year and just jump on him bareback and ride him around. I only used him about 20 days out of the year. He stops good, he turns good. In a pack he is not the horse that always wants to be in front, he would rather be in the back. You can put shoes on him and trim him without any issues. There are never any surprises with Cowboy he is always the same. VIDEO: Contact Seller. FMI: 406-794-2724. Coggins.

All black feet. Allan was lightly started as a 3 year old. He is thick built and super sweet with a curious nature. Allan is very easy to catch, stands great for the farrier and stands tied at the rail all day, no pull. Allan has been trailered lots and ponied out lots as well. Allan is UTD on dental, farrier, deworming and his 5-way vaccine. He is great around the kids and fits middle of the pack in the pasture. He is currently pastured with a mixed herd of mares and geldings as well as minis, quarter horses and draft crosses. Allan is a kind and very friendly gelding who has been handled daily. Unfortunately, he was put on the backburner every time outside horses came in so Allan will require a restart.
