April 2, 2021

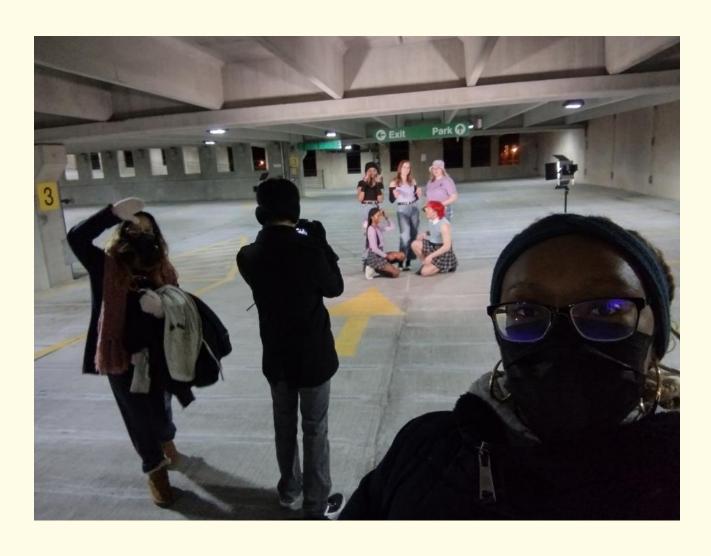

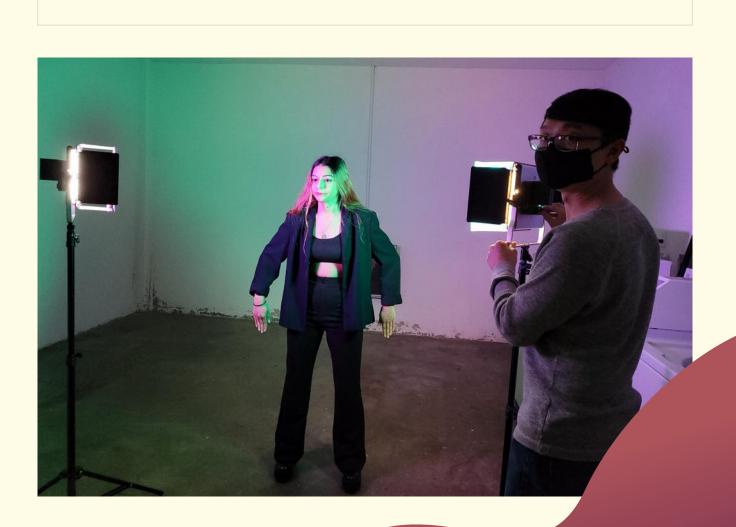

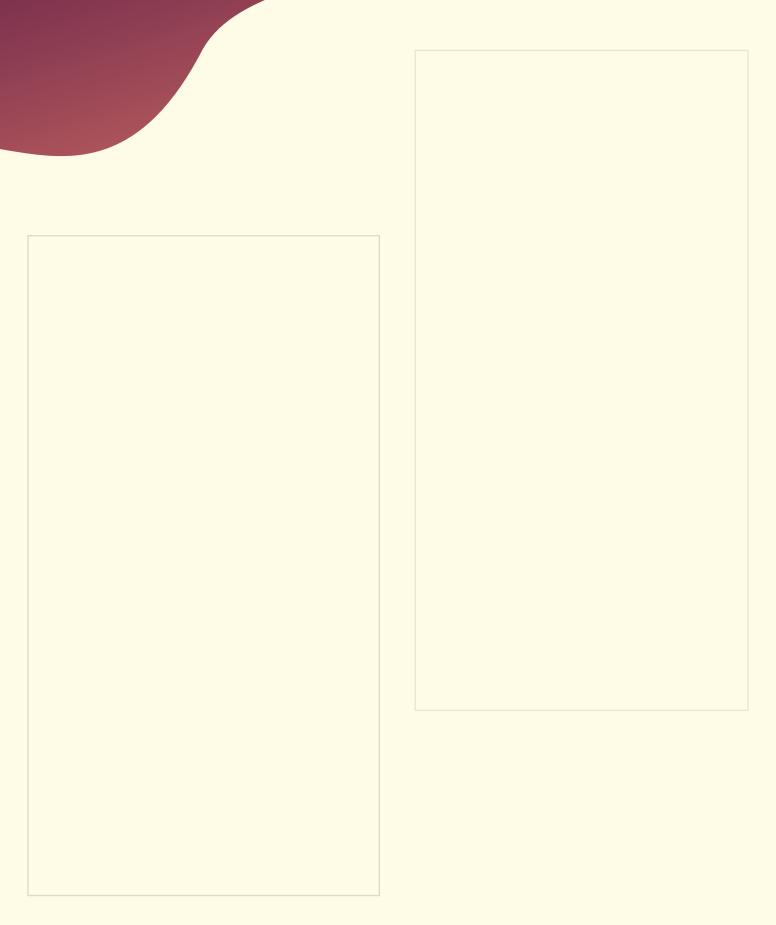

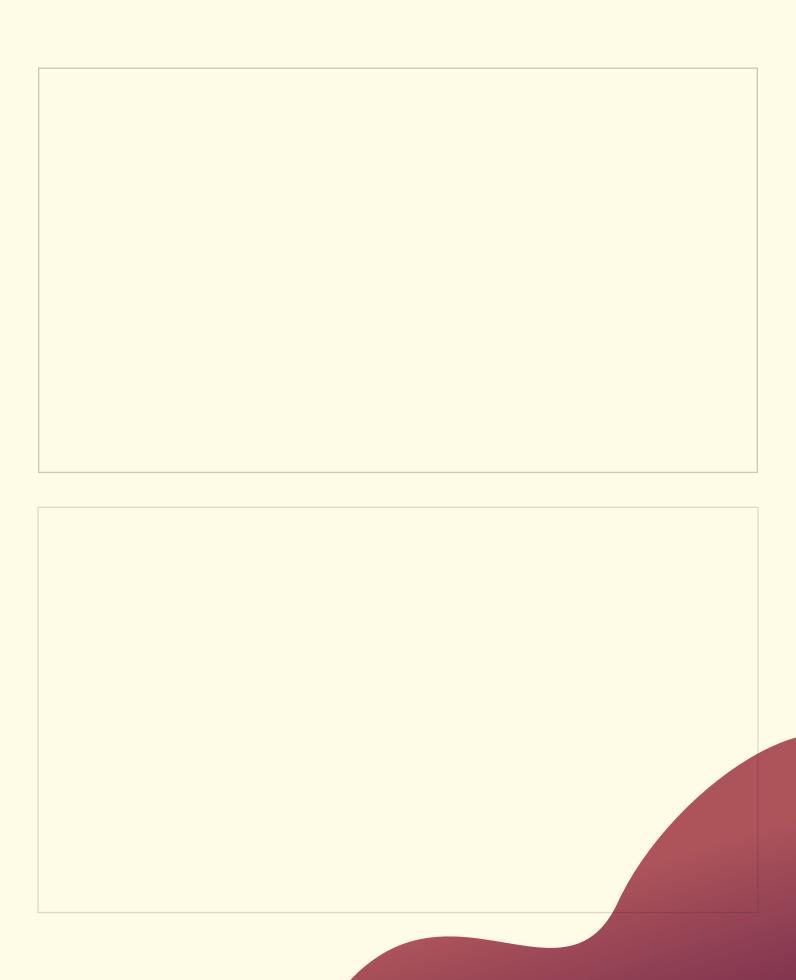

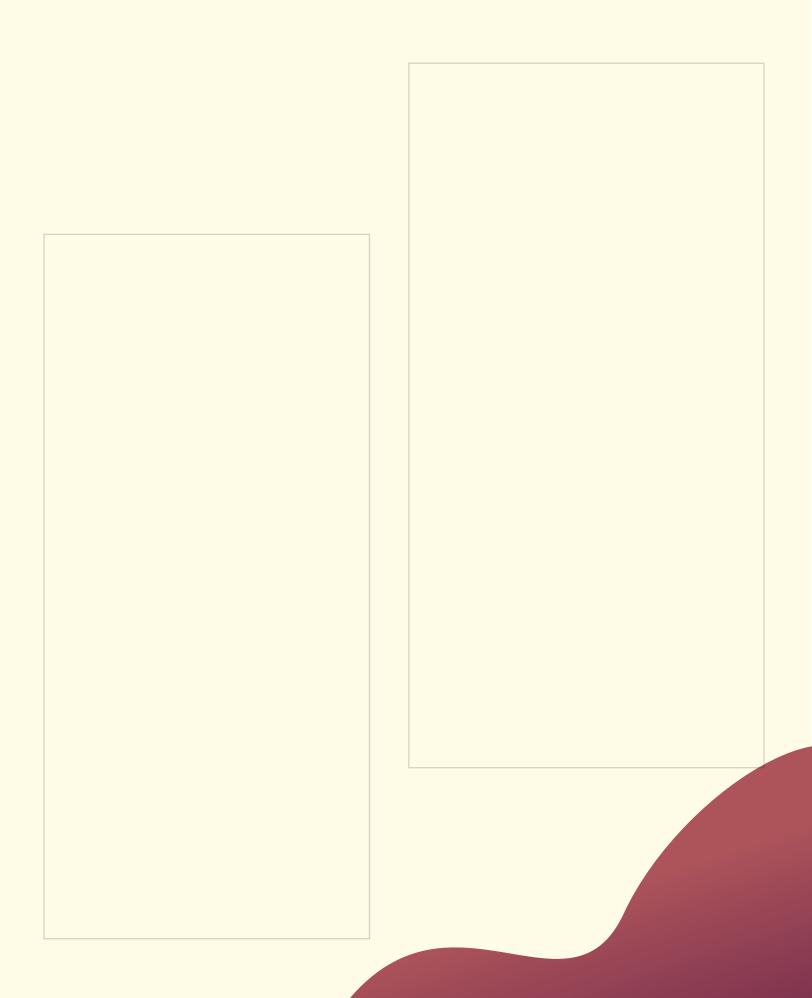

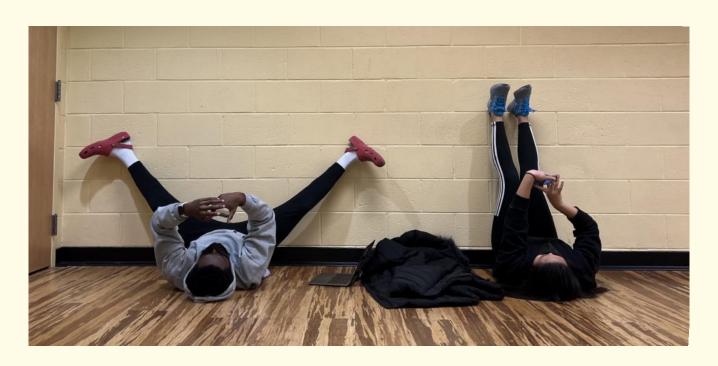

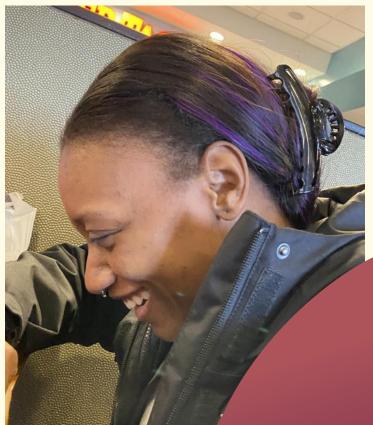

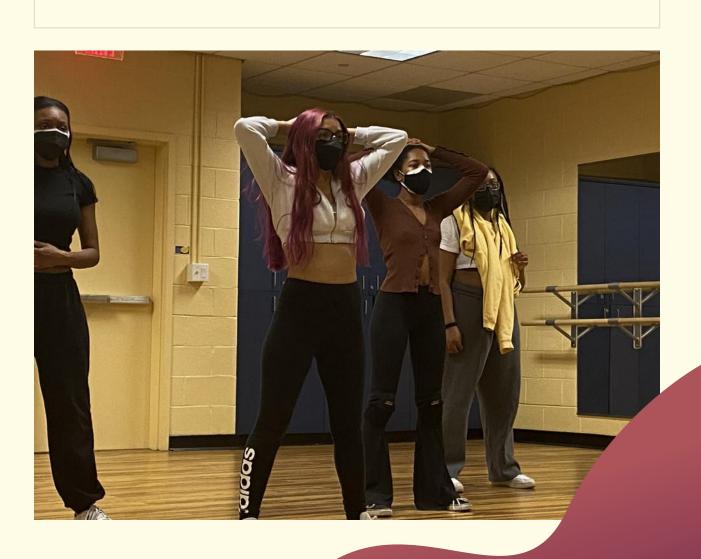

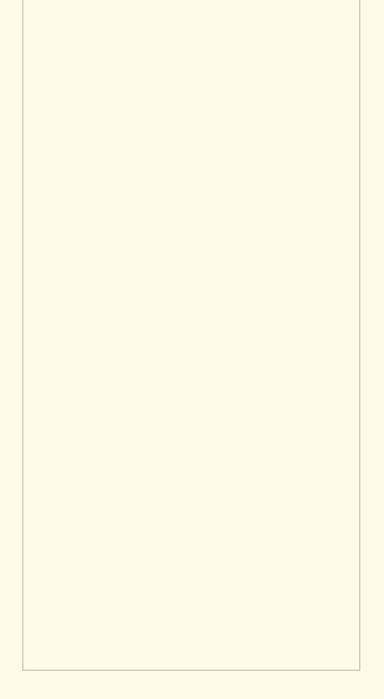

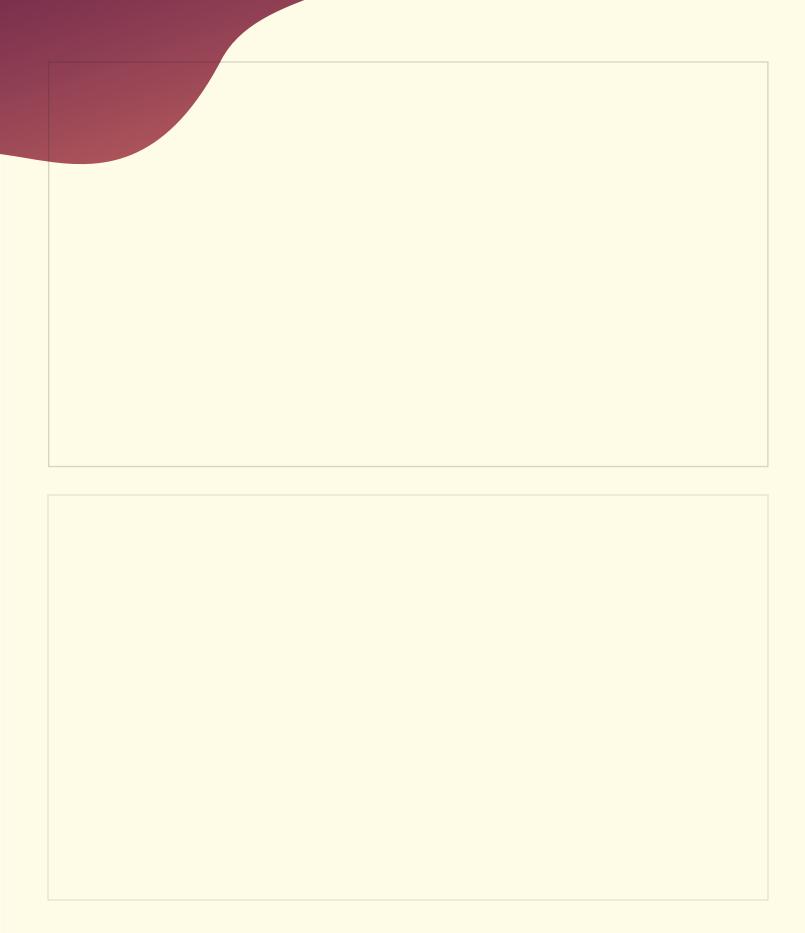

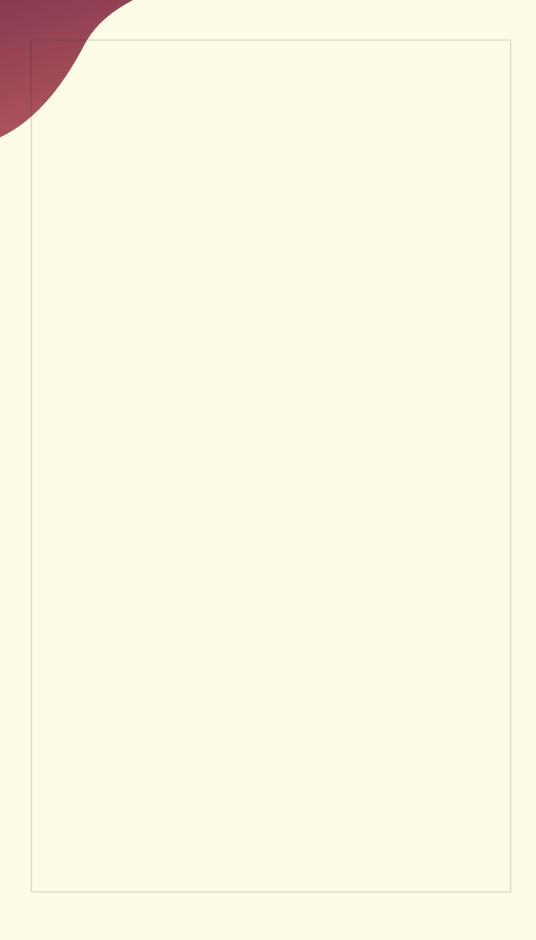

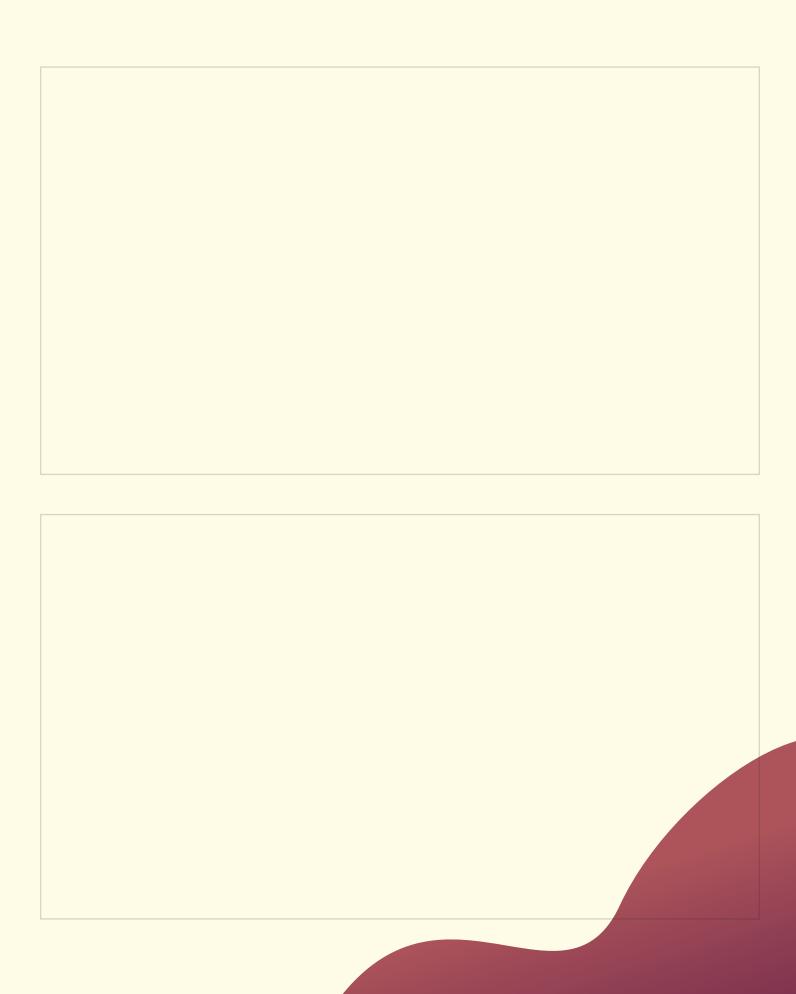

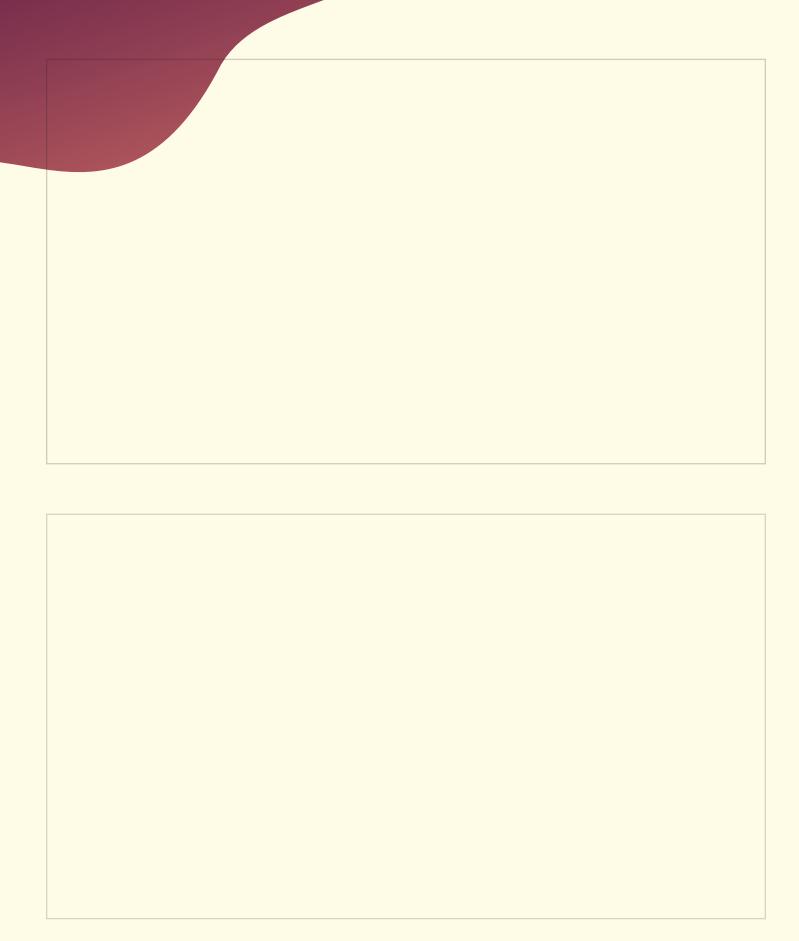

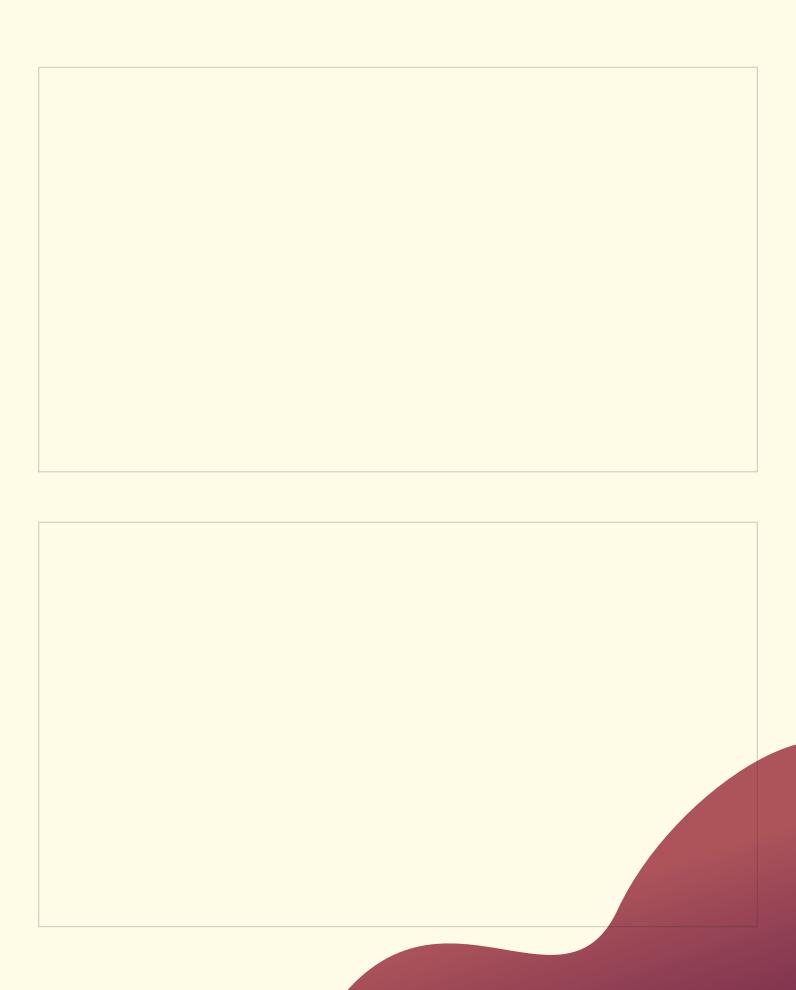

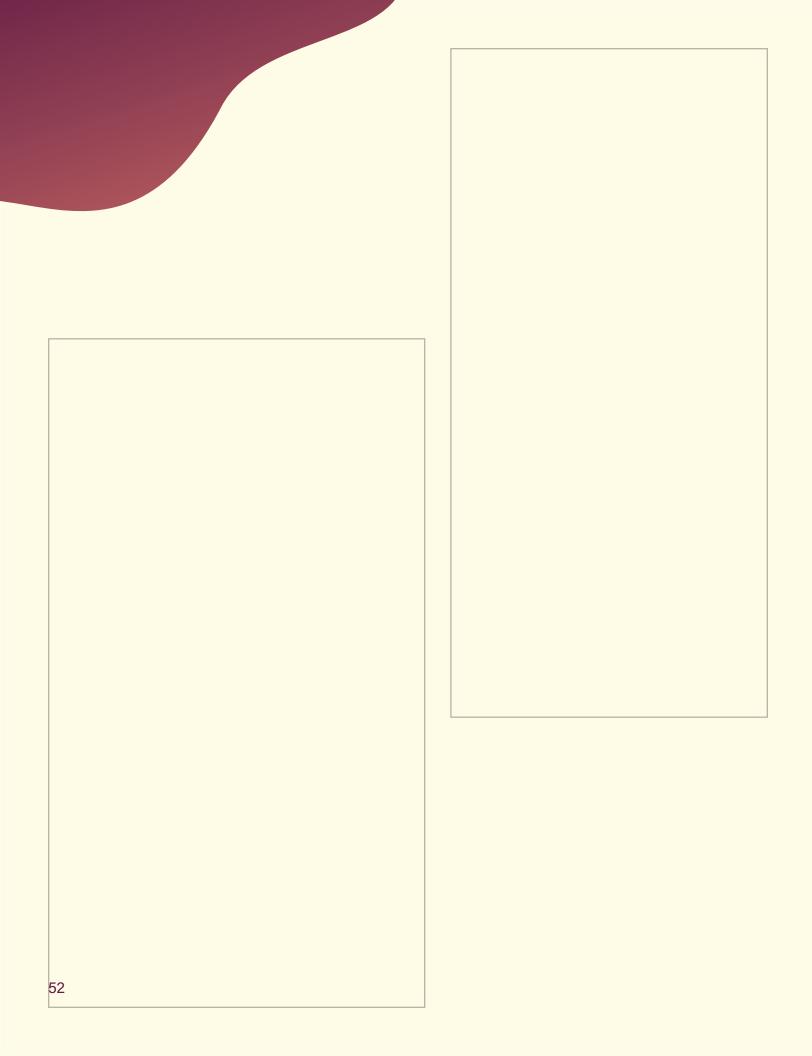

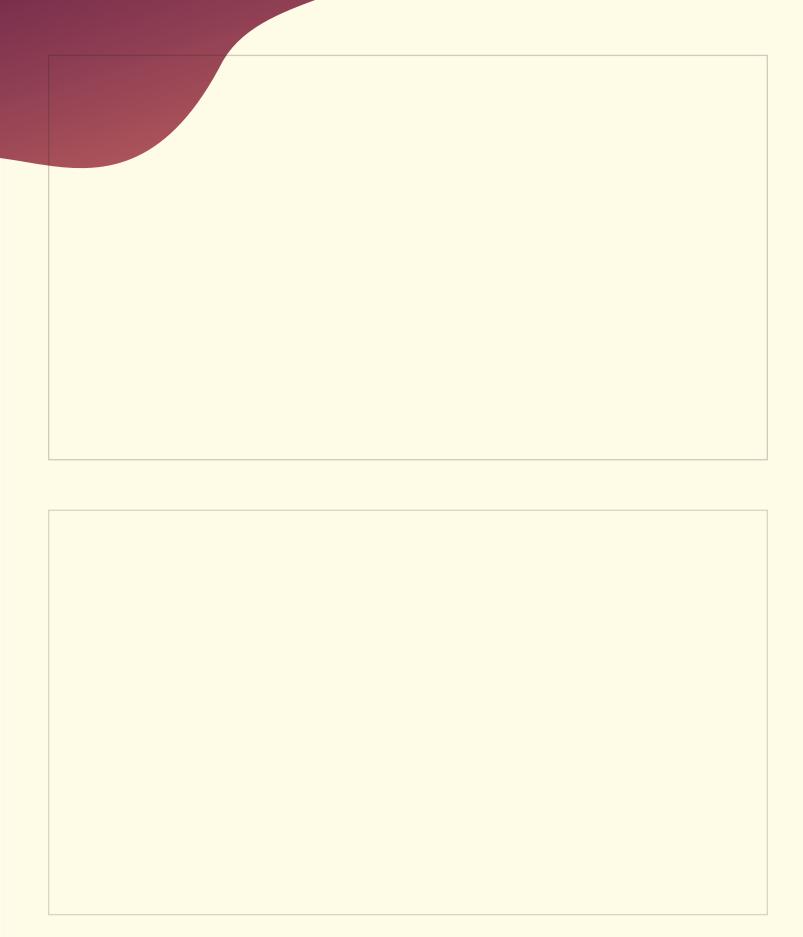

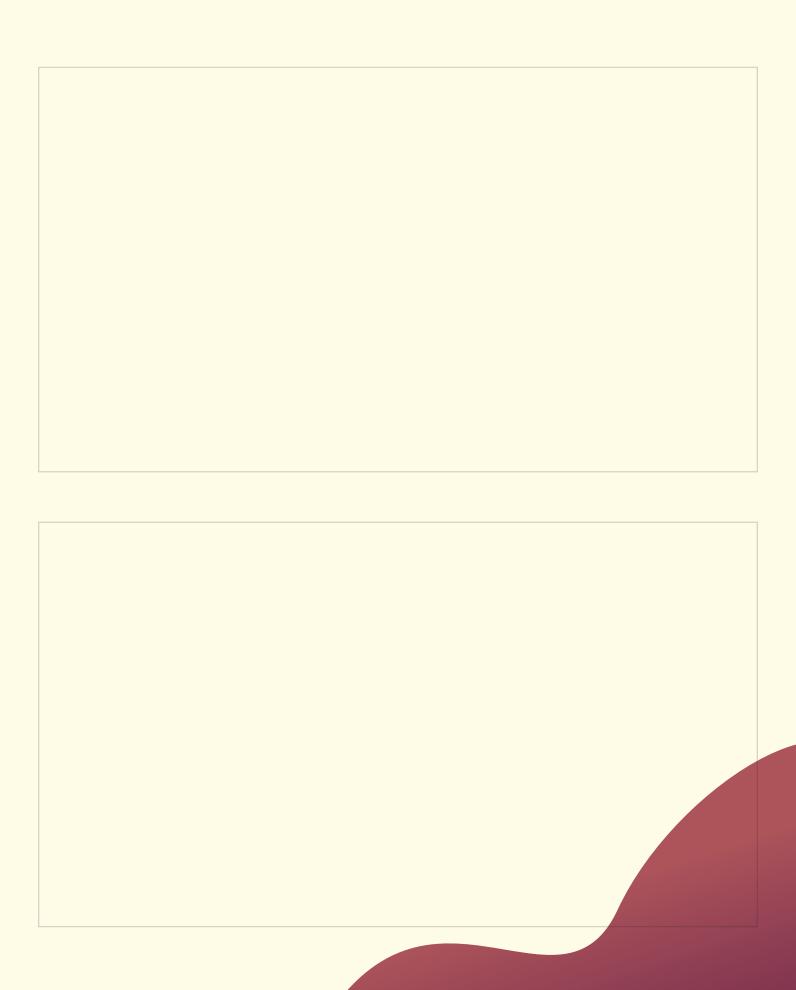

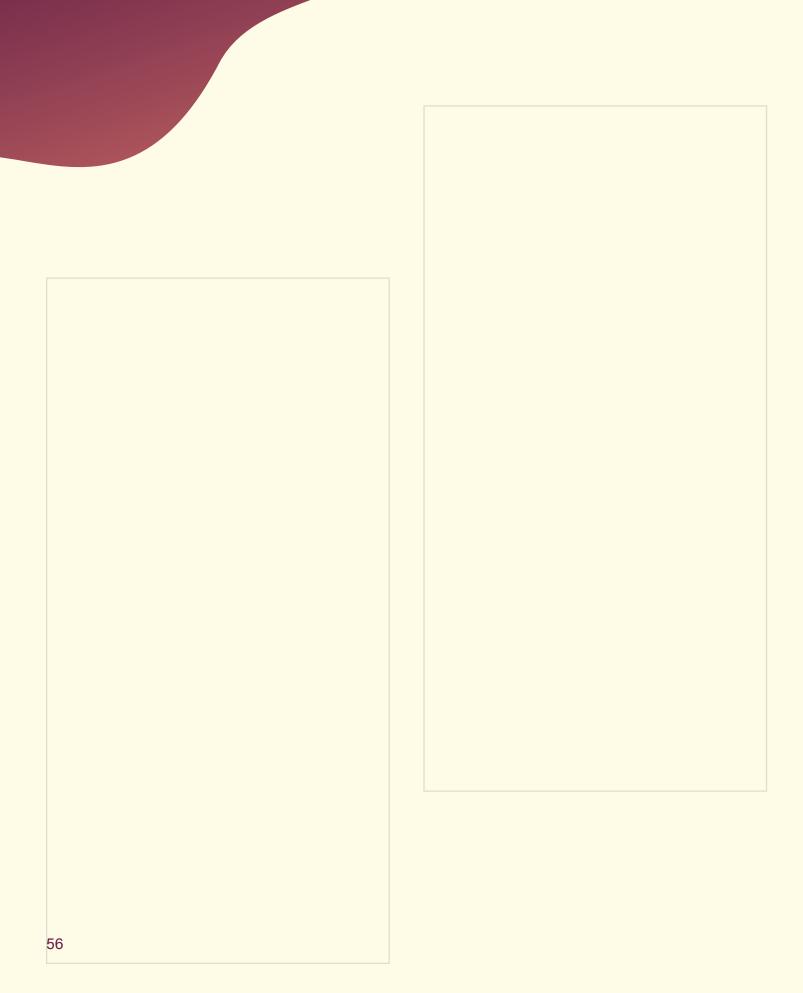

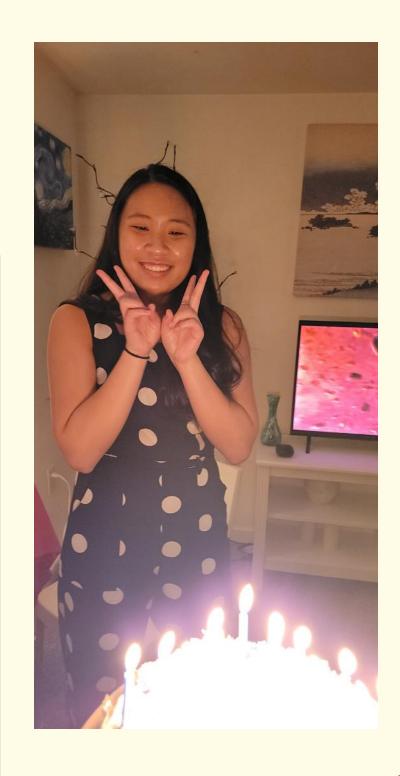

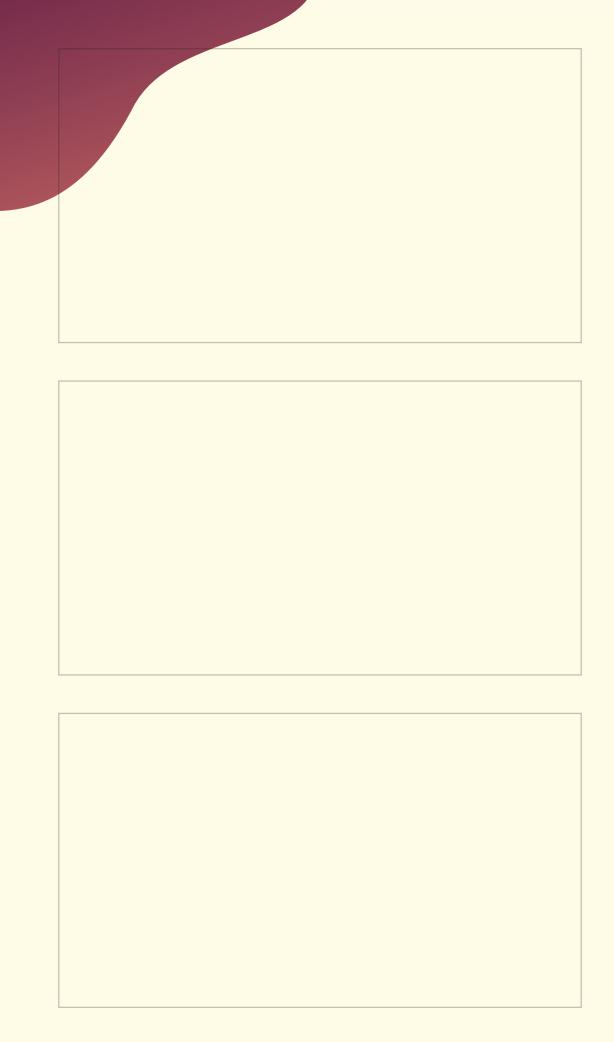

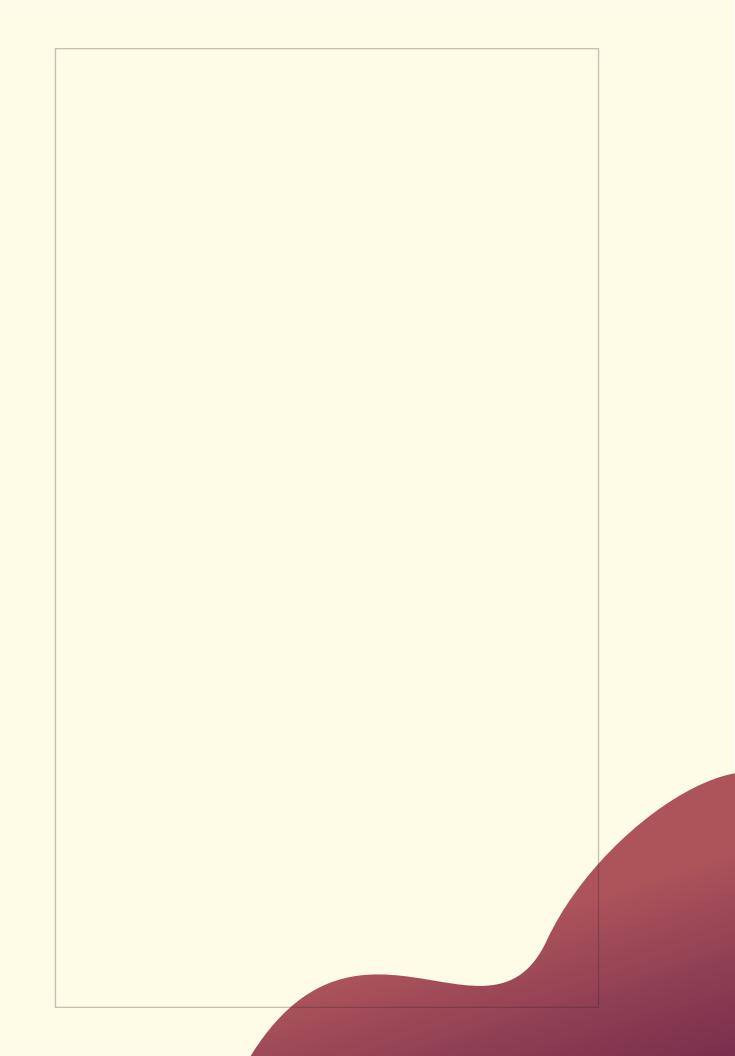

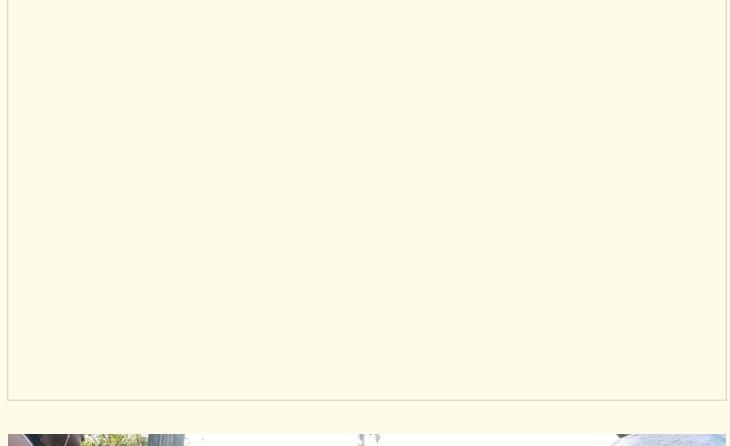

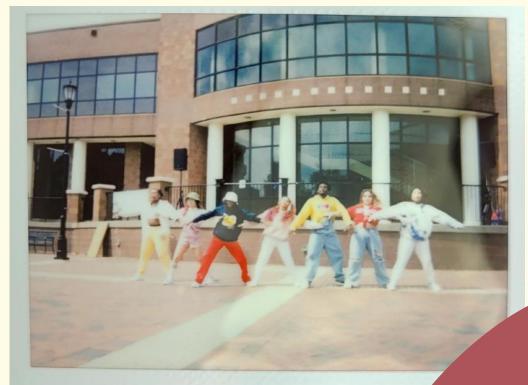

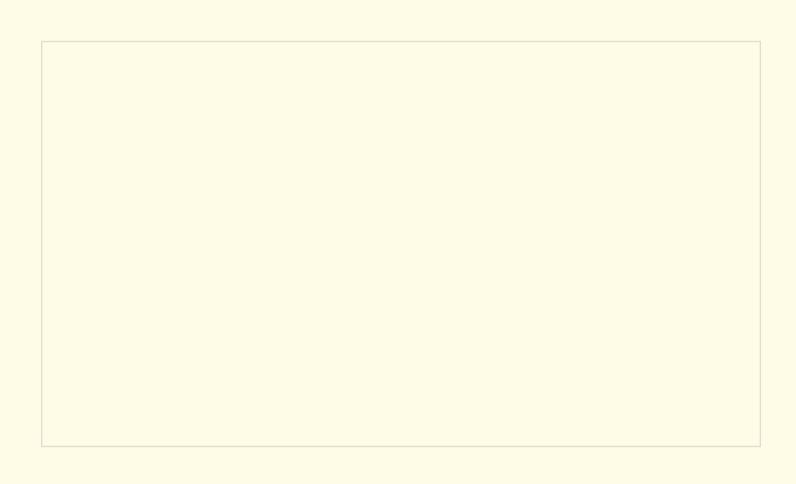

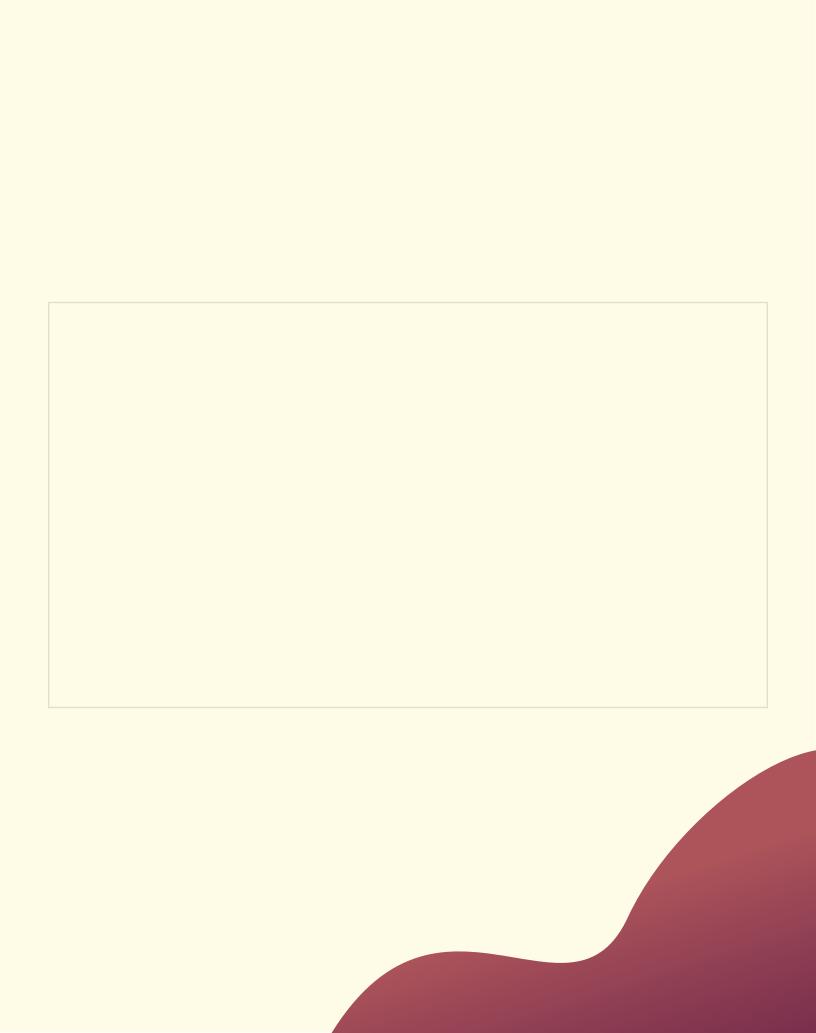

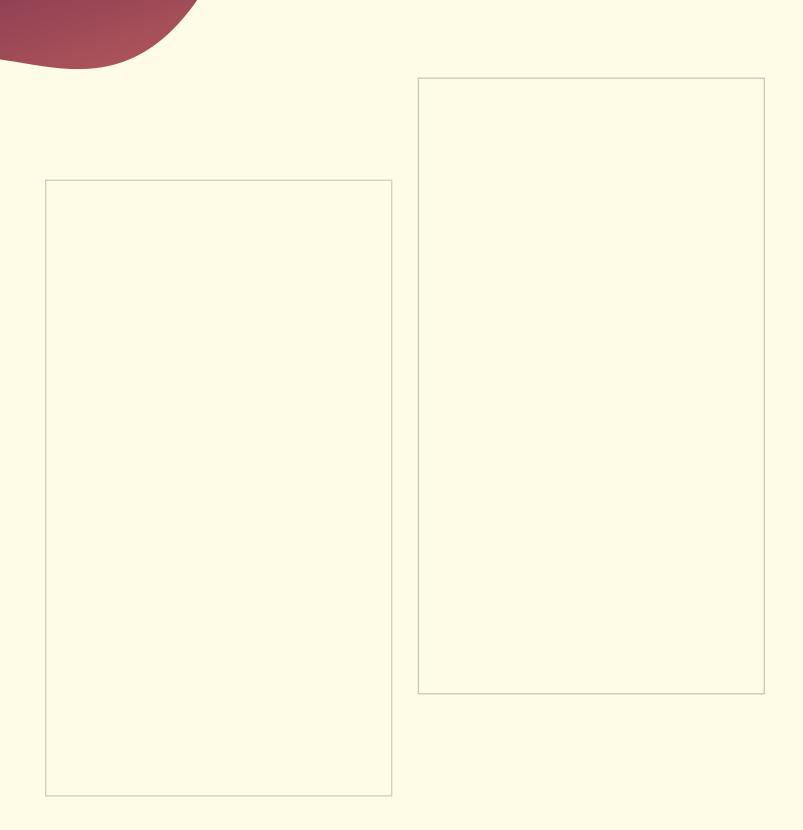

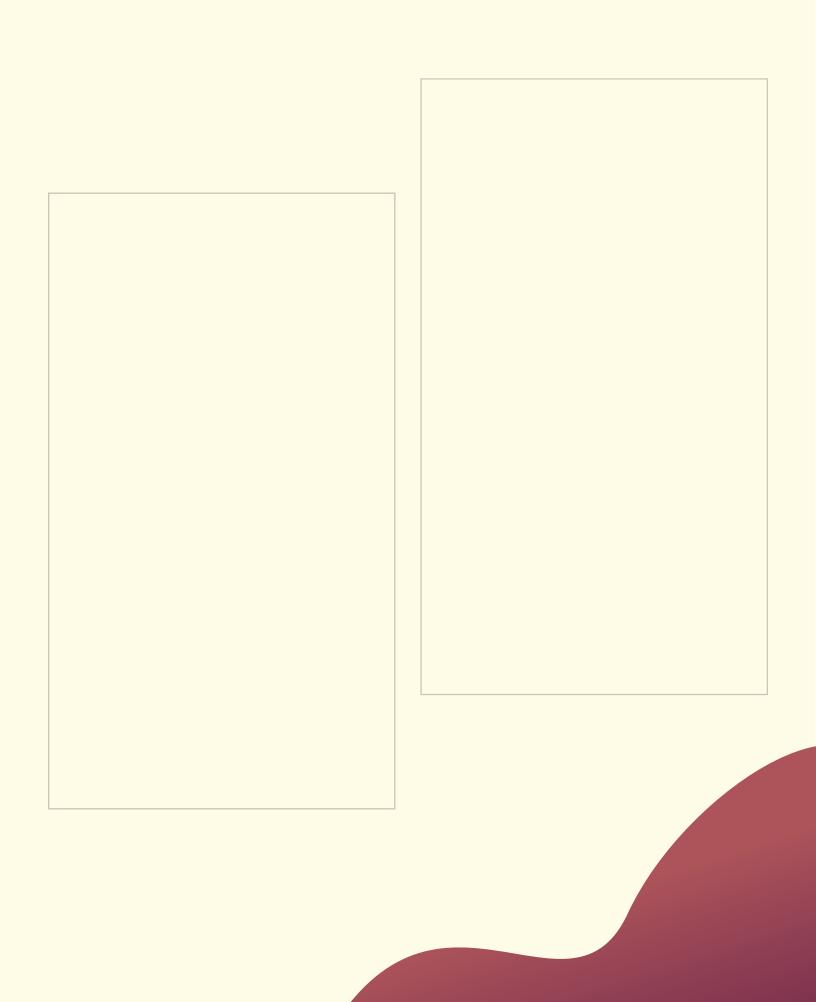

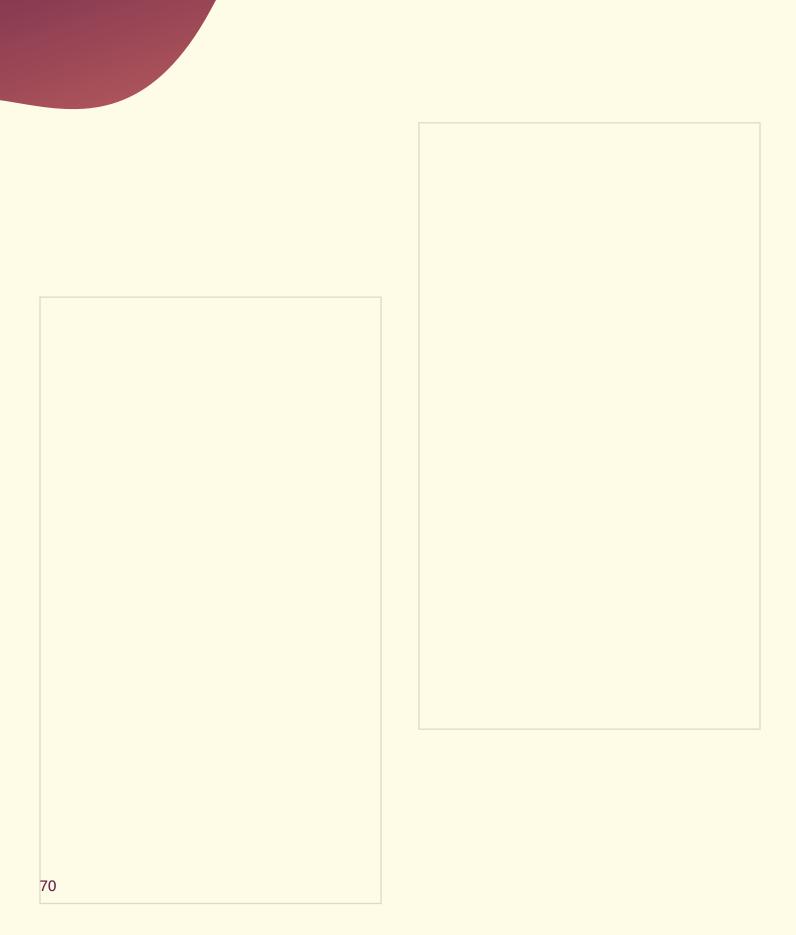

Payton,

Thank you so much for all the hard work you put into Le Velvet. Even though I have only met you a few times before I can tell that you are a hardworking, caring, and passionate person. You are always more than willing to help or give feedback in a very comprehensible manner. I am also really happy that you and the rest of the executive team put me into VAMP, I have grown to adore my group members and feel as though I have made strong connections with each of them. Through Le Velvet, I was able to make strong friendships that I had struggled to make during my first semester here at VCU. I hope that I will get the opportunity to work more with you in the future. Congratulations on graduating!!!!

Love,

Emma Laurent <3
