CURRICULUM DEVELOPMENT

Before we start any type of lesson plan development, teaching, test making, or anything else we must first have a curriculum layout and pacing guide. What does that look like? How can we make this easier for educators?

ABOUT THE AUTHORS

Chivas & Jordan Spivey

We are a father and son duo that began our journey of helping young men and women in their educational pursuit of greatness over 10 years ago. Since then we have made numerous educational activities. Everything from fun interactive labs, a resource website for teachers and students, over 200 Youtube science videos, and even an educational science cartoon video series. Our goal is to streamline and simplify science concepts to help the young minds of today apply their scientific knowledge and know how to bring greatness to their bright and promising future!
