AMERICAN UNIVERSITY OF MALTA

English

English For Academic Purposes (EAP)

Boost your English to the next level with a course built for everyone. Develop clear, confident communication through improved writing, speaking, reading, and research skills - perfect for academic goals, career growth, or personal development..

Why English for Academic Purposes (EAP) at AUM?

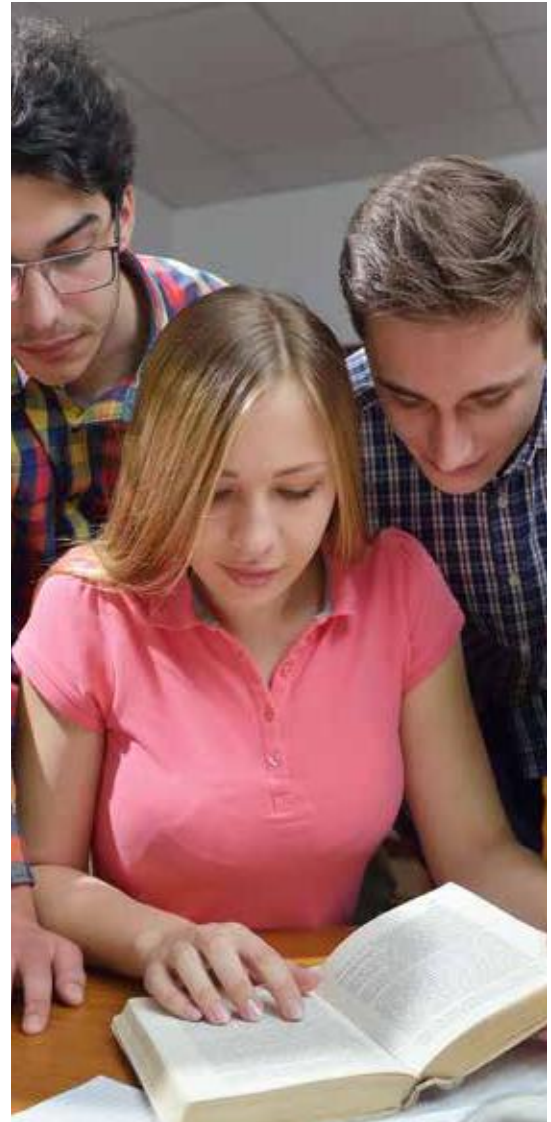

The English for Academic Purposes (EAP) is a preparatory foundation course designed for students who wish to begin an undergraduate or graduate degree at the American University of Malta but do not yet hold a recognized English proficiency certificate at CEFR level B2.

The program is also open to those who are looking to improve their academic and professional English skills for personal development, workplace communication, or future study plans.

Program Overview

The curriculum is designed around an interactive, student-centred approach that provides learners with a practical, digital-first learning experience, ensuring both engagement and the enhancement of language skills to build confidence and autonomy in their learning journey.

Upon successfully completing the course and passing the B2 proficiency level exam, students will be awarded a certificate of completion, recognizing their achievement and proficiency in the language.
