## HOW TO GET STARTED

### **Consultation:**

Reach out to us for an initial consultation. Share your vision, plans, and any concerns you may have.

### **Pinterest:**

Before our consultation, we will ask for a link to a Pinterest board. Creating a Pinterest board is a delightful and efficient way for us to delve into your aesthetic preferences. Feel free to pin any and every detail that resonates with you – from colour palettes to specific flower varieties, unique arrangements, and even the overall ambience you envision. The more you share, the better we can tailor our designs to encapsulate your taste and aspirations.

### **Floral Brochure:**

We don't have a standard floral brochure. Instead, we create personalised proposals for each unique event. Your day, your vision – tailored just for you.

### **Personalised Proposal:**

After our consultation, we provide you with a tailored floral proposal designed exclusively for you. Our expertise is at your disposal, ensuring your event flowers are a perfect reflection of your unique style. We're here to guide you through the process and make your floral dreams a reality.
