

FUCK THE BRIDE

It is not normal for brides to commit adultery on their wedding day but it is becoming more and more common.

The concept behind "Fuck the Bride" is that after the wedding ceremony the bride is fucked by any guests at the wedding who want to.

Angela, for example is seen here at the wedding ceremony.

At this wedding several of the guests fucked the bride with the agreement of her new husband and with all of their relatives knowing about it. This "Fuck the Bride" scenario has a limited following to date but the number of couples and their families involved is slowly increasing. For those involved it has become a ritual and an integral part of the wedding.

Not suitable for anyone under the age of 18 and not to be viewed by them.

Julie and her husband Mark playacted after the ceremony.
He pretended to try to rescue her from guests.
As was planned he lost and Julie was taken to a bedroom.
At this stage the playacting stopped and she was fucked by six men - three
at a time.

This is a great example of this kind of activity.
Julie loved every cock and every second that one was inside her.
She was now a member of the "Fuck the Bride movement and proud of it.
Now she was ready for married life.

**Brides generally fuck as many guests as want it.
Some take two at a time.**

Others take three at once.

**It is often said that it should be quality over quantity.
These brides get both.**

Normally brides go into a bedroom to enjoy the benefits of guests' cocks. That, however, is not always the case. This bride sucked off the best man in front of other guests. Once he had shot his load she stripped and lay on the floor inviting other guests to fuck her in front of everybody.

This was a novel twist on the theme. For her it made things more exciting and nobody watching could disagree with that. As long as the sex meets the 'Fuck the Bride' criteria the newly married ladies can do it in their own way.

This pretty young bride decided to take men one at a time as they formed an orderly queue.

As she was only eighteen and attractive there was quite a long line.

Another bride loved being fucked as well.

Several of those banging their cocks into her were younger guests and the pleasure she felt as this eighteen year old was fucking her was intense.

When it comes to the "Fuck the Bride" fraternity age is no obstacle. Brides can become members at the tender age of eighteen although many are much older.

Those fucking them must be of legal age and therefore be at least sixteen years old.

They cannot be photographed though until they are eighteen.

Older men are also welcome - All they need is the ability to still get it up.

Carole is shown here getting a helping hand from her new husbands son. He is helping her undress in advance of him and his friends giving her a good fucking.

Of course once they had finished with her there were still more guests to accomodate.

With her big tits and juicy cunt Carole was a very popular lady.

A lot of the brides enjoy taking it from behind in the doggy position or a variation on that.
One after another they lined up to fuck Cleo who was penetrated by cock after cock.

It was exactly the same for Gwen.

They both loved every minute.

**It was exactly the same for these women.
Cassie moaned and groaned her way through sex with man after man.**

**Diane was even more vocal shouting her way through every shag.
A refrain of "Fuck the Bride" "Fuck the Fucking Bride" Fuck the Fucking Brides cunt harder" resounded through the whole venue.**

Both of these ladies were well and truly fucked.

**It was the same for Sarah and Janine.
Cock after cock pounding into their waiting and grateful cunts.**

**Being fucked by man after man always results in orgasm after orgasm for these brides.
They are grateful for the rest of their lives and all are really proud of being a part of the "Fuck the Bride" movement.**

Mel may well have false tits but there is nothing false about her beautiful cunt.

It is wet, tight and inviting.

A perfect place for men to fill with their cum.

On her wedding day many did.

Mel is a great shag with men describing how she sucks them dry with it being like having a blowjob but using her cunt rather than her mouth. She is certainly an expert fucker and that is partly due to her vast experience.

**There are always variations on the theme.
Here lady guests prepare Carrie for what is to come.
Their husbands and partners are waiting to fuck her with these ladies
watching.**

**This pleases everyone.
The bride obviously who gets a lot of cock, the men that are fucking her
and the ladies who get to see the sex close up with their husbands and
partners being part of the action.**

When Marie held the best mans cock she couldn't believe how big and how hard it was.

She knew that for the rest of her life her husbands cock would not be the only one to fuck her.

Dawn had always been into dogging so she allowed the guests to fuck her in the back of the hired wedding car as others watched.

This had been a great day with the marriage only being topped by the sex.

At the age of eighteen this young lady got married.

At the reception she was confronted with the biggest black cock imaginable.

After sucking it off she was then fucked by man after man before the original guy that she had sucked off really went to town.

Tony had always wanted sex with June so when she was married he took advantage. He was one of many but that did not diminish his joy.

This bride was on her second marriage but it was her first “Fuck the Bride” experience.

CONCLUSION.

The movement is not exactly commonplace but is slowly gaining pace. There are advantages for some. Firstly the wife enjoys a really good fucking the kind of which she would be lucky to experience again. Secondly her husband learns to deal with jealousy and understands the pleasure that his wife can experience with multiple partners. This in itself can help him understand her needs and give him the understanding to allow his wife to enjoy similar experiences in their married life.

Women who participate in the “Fuck the Bride” experience should not only feel proud but also grateful. They are a part of a very exclusive club.
