BRANCA

PRIMAVERA

Primavera

Spring, more than any other season, brings a profound and positive change to our environment. Winter's thaw reveals long dormant beauty—budding plants, blossoming flowers, and the welcome brightness of longer days. Our Primavera collection is an ode to eternal spring.

Casa Branca is a vision for the home by acclaimed designer Alessandra Branca.

Featuring an inspiring array of textiles and wallpapers—in addition to coordinating furniture, tabletop, art, and accessories—each collection is born of Alessandra's eye for "the mix."

Our updated rendition—Palampore—owes its relaxed and playful spirit to its simplicity of line and color choices. A perfect representation of the Casa Branca credo: wonderful classics made new for modern living.
