GRIN AND SHARE IT

Monthly newsletter of Cassio Road Dental Practice

Welcome to the March 2022 edition of Grin N Share It

It's that time of the month again when we update our patients about what's been going on at the practice and in the world around us! Whilst all the talk of Covid-19 hasn't completely left us, it has been overshadowed by recent events in Ukraine and the daily tragic news reporting on developments over there. Just when we thought that we had turned a corner and could focus on more positive world news, we were hit with news of storms around the UK, followed by being on the brink of war within Europe.

MARCH 2022

Practice News

Some of you who have been in over the past few months may have had first-hand experience of our 3D Intraoral scanner and been able to see simulations of the scan when planning treatments. We have decided to take it one step further and are now proud to announce that we have invested in an in-house milling machine so that we can enhance your dental experience that little bit further!

We realise that the future of dentistry lies here, and we want to be able to deliver the latest innovative technology to you all.

The new Z4 VHF has created a forward-looking grinding and milling machine for use in dental clinics, which allows on-the-spot manufacture of laboratory-grade dentures. As part of the CAD/CAM workflow dental mills are designed to cut crowns, bridges, copings, frameworks, implant abutments and more from materials such as ceramics, zirconia, alloys, resins or wax.

We look forward to sharing our new technology with you in the near future!

Other News

Boots the Chemist launched a new campaign in February, aimed at helping to close the poverty gap by assisting vulnerable families.

Working in collaboration with The Hygiene Bank, customers can simply 'ask for Jesse' when in store. A member of the Boots team will discreetly provide oral hygiene products to customers with children aged 3-5.

The Hygiene Bank is a grass roots, community initiative aimed at giving oral hygiene, personal care and household cleaning products to those in need across the UK. If you know of anyone who may benefit from this campaign, please do share the news on.

More information on the work that the Hygiene Bank do can be found at <https://thehygienebank.com/>

Finally, we would like to wish you all a lovely Mothering Sunday for the 27th March 2022.

Best Wishes

The Team at Cassio Road Dental Practice
