3 Tips to Manage Parental Stress

by Matt Buttery, CEO of Triple P

Parental stress is on the rise. Triple P conducts a survey each year of family support practitioners to understand the challenges parents are facing. The most recent results from 2024 are stark.

Triple P found practitioners reported an 81% increase in parental mental health concerns over the last year, and an 85% increase in parents identifying concerns around the cost of living. These external pressures can increase parental stress and impact family wellbeing.

Taking care of yourself is one of the best things you can do as a parent to manage stress, placing you in a better position to positively care for others. It is handy to think of the phrase, "You can't pour from an empty cup."

There is no such thing as a perfect parent. But these are my practical tips you can try out to feel calmer and boost your wellbeing.

1. PRACTICE SELF-CARE

There are small practical steps you can take to practice self-care, such as having a morning stretch, a quiet cuppa, or spending time with a friend.

Negative thoughts are normal, especially when parenting feels challenging. If critical thoughts are becoming a habit, it might be helpful to pause, acknowledge those thoughts and reframe them into something more constructive.

Instead of asking "Why can't I do this? Nothing I do is right," try "It's okay to make mistakes. I'll keep trying."

Remember that your children are watching and learning from you all the time. If you're calmer and kinder to yourself, there is a better chance of them being so too.

2. SET REALISTIC ROUTINES

A clear routine can help to boost your confidence by getting everyone on the same page. If you find the morning rush stressful, try planning with your children to make sure things like lunchboxes, bags, and clothes are all ready the night before.

Things may go wrong, but a simple and consistent routine can help you feel more productive and calmer when chaos strikes, even if you still haven't found that missing sock!

3. SPEAK UP & SEEK SUPPORT

Alarmingly, 78% of practitioners from Triple P's study reported that parents were not accessing support due to the fear of being judged. Asking for support does not mean you have failed at parenting, and there is help available.

You'll find solace in shared experience. Consider reaching out to a loved one you feel safe with. If there are more serious concerns, there are referral pathways through a GP or mental health professionals.

Parenting programmes such as Triple P can also be an excellent resource. These can be completed independently, or in groups, and offer a range of evidence-based strategies.

When parents look after themselves, it can have a positive impact on their physical and mental health, in turn helping them to manage the demands of parenting to the benefit of their children and families too. Self-care isn't selfish - it's essential.

Matt Buttery is the CEO of Triple P UK & Ireland and Honorary Associate Professor at the University of Warwick. Triple P delivers evidence-based parenting programmes to support families, enhance child well-being, and strengthen communities across the UK and Ireland. www.triplep.net

Spring Craft: Homemade Bird Feeder

YOU WILL NEED:

- Empty juice carton (washed & dried)
- A pen, ruler, scissors & string
- Paint (acrylic is best)
- Birdseed

METHOD:

1. Draw a window shape on one side of the carton, leaving at least a 1" gap at the bottom. For small birds, a 1" hole is good. Bigger for larger birds.
2. Cut along the lines with scissors to remove the window piece. This might be a grown-up job!
3. Paint your carton to brighten up the birdhouse. Let your creativity shine!
4. Once the paint is dry, make a small hole just below your window using a pen or scissors. Then push the wooden skewer or stick right through to create a little perch.
5. Carefully poke 2 holes at the top of your carton; thread some string through the holes and tie to create a loop.
6. Fill the bottom with birdseed, then find a sheltered and safe spot to hang it outside. Now wait for the birds to arrive!

For guidelines on the foods that suit the birds in your garden at different times of year, visit www.rspb.org.uk/birds-and-wildlife/helping-birds-and-wildlife

Mini Bunny Quiche Recipe

These delicious yet simple savoury creations from Annabel Karmel are perfect for spring! Get little ones helping to decorate by adding the bunnies' ears, eyes, nose and chive whiskers.

INGREDIENTS:

- 8 mini tortilla wraps
- Olive oil
- 2 onions, chopped
- 1 tsp fresh thyme, chopped
- 2 eggs
- 150 ml double cream
- 150 ml milk
- 120g Gruyere cheese, grated

TO DECORATE:

- Carrots, chives, spring onions

MAKES: 6 QUICHES

METHOD:

1. Preheat the oven to 180°C Fan. Grease 6 x size 1 ramekins with oil. Trim the wraps to 14cm diameter circles and line the ramekins, pushing them into the bases and up the sides.
2. Heat 1 tbsp of oil in a saucepan. Cook the onions for until soft. Spoon into the ramekins. Sprinkle with the thyme, mix the eggs, cream and milk together in a bowl. Season. Divide the Gruyere between the cases. Pour the custard on top. Bake for 20 minutes.
3. Cut out the bunny ears from the remaining 2 wraps. Brush the ears with oil and place on a baking sheet. Bake with the ramekins for 8 minutes until golden.
4. When the custard is set, remove from the oven and inset the ears into the quiche. Decorate with carrot for the bunnies' nose, chives for whiskers and spring onions for the eyes.

VIP CLUB READER REVIEW: JANOD THREADING BEADS

Written by Lily Snow, Toddler About Subscriber

These Vegetable Garden Threading Beads from Janod include 11 wooden farm-themed pieces and two easy-to-thread cards, perfect for developing fine motor skills and imaginative play. Ideal for ages 2+.. ETA from www.toddle.co.uk.

We had the opportunity to try the Janod Threading Beads with our two-year-old, and it exceeded our expectations!

The first thing you'll notice is that the beads are wooden, not plastic. As wood is naturally antiseptic, durable, and more environmentally friendly, that's a big win in our book. Each piece is a great size - easy for little hands to hold but not small enough to pose a choking hazard.

The set includes themed wooden beads featuring a tractor, scarecrow, and nine different fruits and vegetables. It comes with two threading cards, which was great as I could play alongside my

daughters. I showed her how to thread a bead, and she copied me - perfect for independent learning or two children playing together while the supervising adult attempts five minutes to themselves! Each card has a large slot at both ends, making threading easier, though some beads are trickier due to varied hole placements. This adds a nice challenge.

I've seen similar toys with pattern cards for extra difficulty, which could enhance this set, but I found no faults. Even without additional accessories, I give this toy five out of five stars!

Lily and her daughter were given this product as a freebie for writing this review.
