Collection 2024

Soluzioni progettuali a tutto tondo, che danno forma ad arredi completi, per ambienti che valorizzano quella linearità sofisticata in grado di rendere un prodotto puro nella sua essenzialità. La mano del designer e art director Andrea Parisio consegna la collezione 2024, con novità che strizzano l'occhio a un design contemporaneo e dall'appel originale, fatto di forme morbide, volumi semplici e suggestioni architettoniche.

All-round design solutions that provide complete furnishings, suitable for environments that enhance the sophisticated linearity that makes a product pure in its essential nature. The hand of designer and art director Andrea Parisio delivers the 2024 collection, with novelties that wink at contemporary design with an original appeal, made up of soft shapes, simple volumes, and architectural suggestions.

Jeanette

Jeanette è la poltrona dalle morbide forme scultoree. Lo schienale, che si sviluppa attraverso un cilindro avvolgente fino a diventare anche bracciolo, è l'elemento che definisce il tratto distintivo di questo prodotto dal disegno tondo, pieno e dal grande comfort. La sua gamba centrale, in tessuto, laccata o in essenza, è un ulteriore elemento caratterizzante, che richiama l'andamento stondato della scocca posteriore, risultando un dettaglio in grado di fare la differenza in una poltrona che si presta ad abbinamenti personalizzati. Le ridotte dimensioni e la solida struttura rendono Jeanette la seduta perfetta anche per spazi limitati, perfino nella sua versione a divanetto con linee floride ma compatte.

Jeanette is the soft armchair with sculptural shapes, defined by round, full, and comfortable look. The backrest is its focal point, which grows through a wrapping cylinder until it also becomes the armrests. An additional distinctive feature that echoes the circular form of the back is the center leg, which can be made of wood, lacquered, or fabric – a small detail able to make a big difference in an armchair meant for personal configurations. The compact dimension and solid structure make Jeanette the ideal seat even for small spaces, as well as its sofa version with florid yet slim lines.

Cosette

Cosette è una sedia dalla silhouette slanciata e dai volumi arrotondati, con una morbida seduta che segue la forma e le linee degli schienali avvolgenti. Può essere rivestita interamente con tessuti e pelli della gamma Meridiani oppure avere le gambe frontali laccate o in essenza, per diventare un prodotto frizzante e di carattere, in grado di donare vivacità e, allo stesso tempo, ricercatezza alla zona dining.

The Cosette chair has a sleek silhouette and rounded volumes, with a soft seat that follows the shape and lines of the enveloping backrest. It can be upholstered entirely in fabrics and leathers of the Meridiani range, or have lacquered or wood front legs to become a sparkling product, able to give verve and, at the same time, sophistication to the dining area.

Claudine

Claudine, pensata sia come sedia da pranzo sia come poltroncina, è una seduta che può essere utilizzata come arredo complementare, e in abbinamento, alle sedie Cosette oppure come elemento indipendente. Claudine presenta uno schienale compatto e un aspetto monolitico, con un'unica gamba frontale dalle proporzioni generose, che può essere rivestita in tessuto, in essenza o laccata, per un risultato con un accento di carattere e un appeal visivo intenso e raffinato.

Conceived as both a dining chair and an armchair, Claudine is a seat that can be used as complementary furniture to Cosette chairs or as an independent product. Claudine has a compact back and a monolithic look, with a single, large front leg that may be upholstered in fabric, wood, or lacquer, giving the piece a personal touch and an intense, refined visual appeal.

Vetra

Un mobile concepito come una struttura architettonica, passando attraverso volumi semplici, compatti, solidi. La base monolitica forma il principale sostegno degli elementi contenitori, con ante o cassettoni. I singoli moduli, disponibili in tre larghezze, si prestano a un gioco di incastri nel basamento, e possono essere posizionati liberamente lungo i piani di appoggio, insieme anche a due diverse dimensioni di cuscini cilindrici, per creare composizioni versatili, in risposta a esigenze sia funzionali sia estetiche.

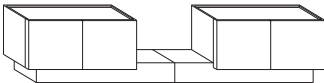

Vetra is a piece of furniture conceived as an architectural structure, that is built through simple, compact, and solid volumes. The monolithic base forms the main support of the storage elements, with doors or drawers. These separate units, which come in three widths, can be freely positioned along the base, combined also with two different sizes of cylindrical cushions, to form a variety of compositions that meet both practical and aesthetic needs.

Romeo

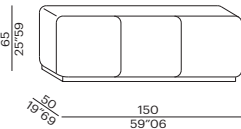

Romeo è un mobile contenitore contraddistinto da una forma organica, pensato per ambienti living con arredi dalle forme arrotondate, a cui restituisce un effetto complessivo di sinuosità e visiva morbidezza. Le 16 nuance laccate di collezione, sia lucide sia opache, ne esaltano la forma sobria e pura, conferendogli, al contempo, anche una maggiore forza espressiva. Romeo è disponibile nella versione a tre o quattro ante.

Romeo is an organic-shaped storage unit designed for spaces with rounded-line furniture, giving an overall vibe of sinuosity and visual softness. The collection's 16 lacquer tones, both glossy and matt, highlight its simple and pure form while also adding expressive energy. Romeo is available in three- and four-door versions.

Wallis

Un gioco di linee concave e convesse, lineari o curve. Wallis è il mobile contenitore Meridiani pensato sia per la zona giorno, con ante, sia per la zona notte come vera e propria cassettiera. Il progetto prevede quattro unità, in quattro forme, che possono vivere singolarmente oppure essere accostate tra loro, dando vita a composizioni e interpretazioni differenti. Le finiture disponibili sono laccature lucide e opache; il top, inoltre, è realizzabile in marmo, quarzite, travertino, vetro retro-verniciato o cuoio. Questo singolare eclettismo rende Wallis il perfetto alleato per un arredamento unico e personale, da sempre cifra stilistica di Meridiani.

An interplay of concave and convex, linear or curved lines. Wallis is a Meridiani storage unit designed for both the living room - with doors -, and the bedroom, as a pure chest of drawers. The design consists of four parts in four forms that can be used alone or in combination, resulting in a variety of compositions and interpretations. The various finishes include glossy and matt lacquers, and the top can be made of marble, quartzite, travertine, back-painted glass, or saddle leather. This remarkable eclecticism makes Wallis an ideal partner for unique and personal furnishings, which has always been Meridiani's stylistic hallmark.

Johnny

Forme essenziali e funzionali: Johnny è un nuovo complemento Meridiani per lo spazio notte. È un comodino cilindrico, disponibile in versione con cassetti o con anta, definito da un disegno frontale concavo e da un top ribassato, che è possibile realizzare in lacca lucida o opaca, come la struttura, e anche in marmo. A completamento della collezione, l'opzione di un piano in cuoio posizionabile liberamente sui top.

Essential and functional shapes: Johnny is the new Meridiani complement for the bedroom. Johnny is a cylindrical night table available with drawers or with a door, defined by a concave front design and a lowered top, which can be made in glossy or matt lacquer - like the frame - as well as in marble. To complete the collection, a saddle leather cover can be placed over the existing top.

Ronny

Ronny è la soluzione per lo spazio notte di chi ama la pratica semplicità. Condividendo lo stesso disegno frontale alla base del comodino Johnny, Ronny ha una struttura più leggera e sottile, composta da un unico e funzionale cassetto. A completamento della collezione, l'opzione di un piano in cuoio posizionabile liberamente sui top.

Ronny is the sleeping space solution for those who love practical simplicity. It shares the same frontal design as the Johnny night table, but with a lighter, slimmer frame consisting of a single, functional drawer. To complete the collection, a saddle leather cover can be placed over the existing top.

Tuyo

A conferma dell'identità camaleontica e delle numerose possibilità di personalizzazione del letto Tuyo, questa collezione di letti si amplia con una nuova testiera e un'inedita trapuntatura. La nuova testiera Curve diventa un elemento avvolgente, curvandosi alle estremità laterali, come ad abbracciare la base del letto per delineare un angolo notte intimo e confortevole. La nuova trapuntatura Ball è in grado di esaltare maggiormente la tridimensionalità delle testiere attraverso soffici bolle definite con cura sartoriale.

The Tuyo bed series adds a new headboard and quilting, underscoring and confirming the Tuyo bed's chameleon-like nature and countless customization options. The new Curve headboard is an enveloping feature, flexing at the side ends as if to embrace the bed, creating an intimate and cozy sleeping nook. The new Ball quilting enhances the three-dimensionality of the headboards with soft bubbles defined and sewn with sartorial care.

BONGO OPEN AIR tavolo basso . low table

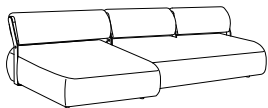

Vincent Open Air

Vincent è un prodotto outdoor che si distingue per la sua grande modularità e le proporzioni generose. Il modulo base di Vincent costituisce l'elemento chiave del progetto: una "tessera" che può essere liberamente accostata per composizioni ampie o contenute, in linea o angolari, grazie anche al pouf e all'elemento trapezoidale, che offre maggiori possibilità di personalizzazione e configurazione. A completare la collezione, la chaise longue disponibile con seduta tonda o quadrata.

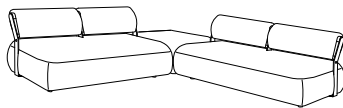

Vincent is an outdoor product characterized by significant versatility and generously proportioned seating. Vincent's basic module serves as the project's focal point: it is a "tile" that may be freely juxtaposed for wide or compact, in-line or corner compositions. The pouf and trapezoidal element further enhance customization and configuration options. The chaise longue, with its square or round seats, completes the collection.

Bongo Open Air

Differenti declinazioni di un solido geometrico conferiscono il look a questa collezione di tavoli bassi, disponibili in varie misure e in colori laccati. La finitura opaca rende Bongo Open Air utilizzabile anche in ambienti outdoor, così come anche l'opzione del top in pietra lavica vetrificata - estratta dalle pendici dell'Etna e trattata con diversi cicli di cottura ad alte temperature - conferisce resistenza alla superficie, assicurando un risultato a regola d'arte, sostenibile e dalla sincera anima Made in Italy.

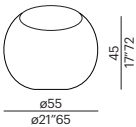

Different variations of a geometric solid determine the look to this collection of low tables, available in various sizes and lacquered colors. The matt finish makes Bongo Open Air also suitable in outdoor environments, as well as the option of a glazed lava stone top - extracted from the slopes of Etna (Sicily, Italy) and treated with several cycles at high temperatures - gives strength to the surface, ensuring a flawless, sustainable result with a true Made in Italy soul.

Fabien Open Air

Il tavolino Fabien Open Air unisce la resistenza di una struttura in metallo zincato con la ricercatezza dei piani sostenibili in pietra lavica vetrificata. Il top, in rosso, giallo, grigio o verde asparago, rivela una perfetta collaborazione tra tecnologia e natura: la pietra lavica naturale, estratta dalle pendici dell'Etna, viene trattata ad alte temperature e impreziosita con vetri frantumati di monitor di tv e pc in disuso. Questo know-how unico nel suo genere garantisce eccellenti prestazioni in esterno e un'immagine estetica pregiata.

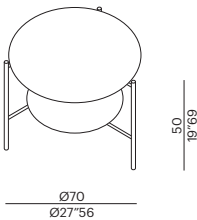

The Fabien Open Air low table combines the strength of a galvanized metal frame with the sophistication of the glazed lava stone surface. The top, in red, yellow, gray, or asparagus green, reveals a perfect collaboration between technology and nature: natural lava stone, quarried from the slopes of Mount Etna (Sicily, Italy), is treated at high temperatures and embellished with crushed glass from disused TV and PC monitors. This one-of-a-kind expertise ensures great outdoor performance and an eye-catching look.
