

# ECORIDE PROGRAM

## Greener Global Mobility

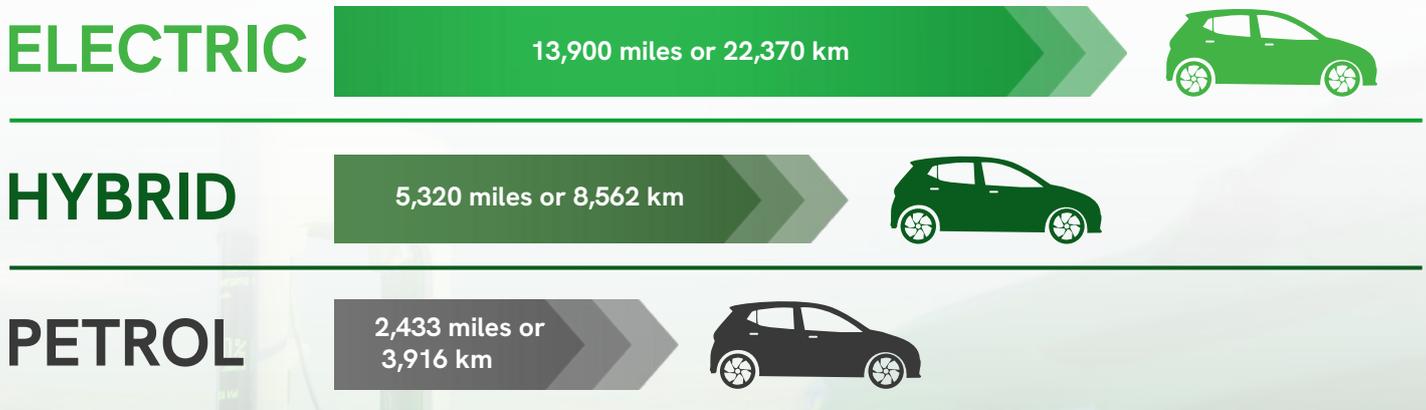

EcoRide is ExpatRide’s award-winning global sustainability program for employee mobility, designed to help your organization reduce CO<sub>2</sub> emissions through smarter, greener vehicle choices.

The easiest and most impactful way of lowering CO<sub>2</sub> during an assignment is choosing the right transportation solution.

By switching to hybrid or electric vehicles, the “CO<sub>2</sub> budget” can improve by 5-6 times. Electric vehicles produce zero tailpipe emissions, meaning every mile driven is instantly better for our air and our climate.

1 ton of CO<sub>2</sub> emissions is equivalent to the following distance travelled by your car:

“Our goal isn’t to drive further or longer. It’s to understand the **impact of every mile we choose to travel and how much cleaner that impact can be.** The point isn’t more miles; it’s better miles and doing better for our planet.”

- Jesper Lovendahl, Founder & CEO, ExpatRide International

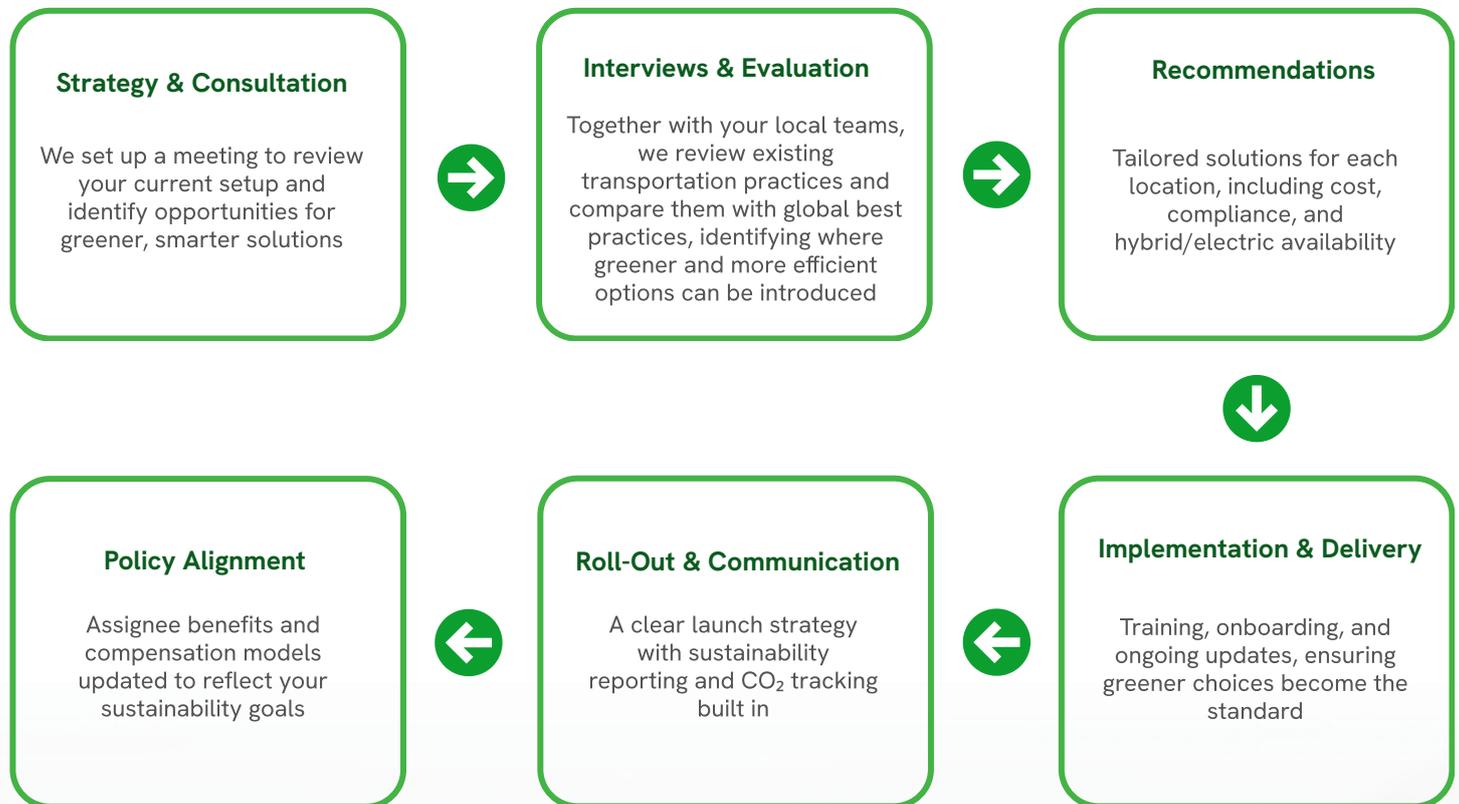

## Maximize the Impact

The **EcoRide Transportation Plan** combines ExpatRide's Corporate Global Mobility Transportation Program with our award-winning EcoRide sustainability initiative. This one-stop solution ensures your assignees have seamless and environmentally responsible transportation options wherever their assignments take them.

### The Benefits of a Transportation Plan

The **EcoRide Transportation Plan** is a crucial piece of your sustainability puzzle. Many companies overlook how assignees will get around in their new locations. We design a custom plan for your assignees, tailored to location, tier, and budget. By mandating sustainable vehicles in your mobility policies, you ensure lower emissions and real impact.

### How it Works:

## Minimize the Footprint

Significantly lower CO<sub>2</sub> emissions

Improve air quality

Reduce noise pollution

Help your assignees make better choices for a better planet -  
**Choose EcoRide** - Mandate sustainable vehicles - Accelerate the change.
