2.1.1

16 REASONS to Support 211

We Are Local

211 team members participate in community task forces, community meetings, and other activities to make sure we know what's important to the community.

Saving Lives

211 helps people who think they cannot go on living to see a brighter day.

10

SUICIDE-RELATED
CALLS PER DAY

Always There

Staff are available **24** hours a day, **7** days a week, **365** days a year to those experiencing a crisis or simply a need for assistance.

Central Disaster Hub

211 is the central hub for information during disasters (hurricane, pandemic, etc.).

The Most Vulnerable

211 helps the most vulnerable in our community; seniors, children, caregivers, and veterans.

50 Years

211 has a 50-year track record of providing crucial services to the Palm Beach and Treasure Coast communities.

Extensive Resources

211 maintains a regularly updated resource directory with the latest and most complete services and provider information in our community – representing literally thousands of services.

Unique

211 is the only free and confidential Community Helpline and Crisis Hotline serving Palm Beach and the Treasure Coast communities.

We invite you to help make this vision a reality.

The new 211 Headquarters Center, a safe and trusted place helping the most vulnerable in our community, is your Center.

Your contribution can aid the project in many ways.

We value your volunteer time, expertise, ideas and support.

We Are Advocates

We advocate with community leaders and stakeholders using a data-driven approach to demonstrate what needs in the community are going unmet and what are the biggest requests for help.

Developmental Screening

The Help Me Grow program offers free developmental screening to make sure that all children have the best possible start in life.

Sunshine Program

Volunteers make over 500 calls a day to the elderly, many of whom have no family looking after them.

500 CALLS PER DAY

Growing Need

Florida's population is predicted to continue growing. Increasing population alone has caused the need for 211's services to grow rapidly.

36%
INCREASE IN
FLORIDA POPULATION
BETWEEN 2000-2021

Inadequate Facility

Currently, offices meant for 1 staff member are housing 3. This situation will only become worse as demand for services continues to grow.

Suicide Prevention

The percentage of Mental Health/Addictions-related requests increased from 17% of total requests to 33% of total requests. The new federally designated number to call for suicide prevention (988) is expected to further increase call volume to 211 – projected at 9 times its current volume within 5 years.

56%
INCREASE IN
SUICIDE-RELATED
CALLS SINCE 2010

Hurricane Protection

The 211 offices are not adequately protected against hurricanes, which is precisely when 211's services are most in need.

Modernization Needed

A greatly expanded and modernized facility is needed to handle 211's current needs, let alone the growth it anticipates over the next 25 years.

211 Palm Beach and Treasure Coast's Future

To meet the growing needs of Palm Beach County and the four-county Treasure Coast communities, 211 has embarked on an exciting initiative to ensure the successful future of its critical services. In January 2022, the Board of Directors voted to embark on a capital campaign with the objective of building a new facility to be sited at its current location and serving as the main location for its staff and volunteers. It is expected to be approximately 12,000 sq. ft. and will be hurricane rated. The current financial goal for the campaign is \$6 million.
