Wine Storage with Bon Coeur

Whether you are keeping wine as an investment or laying it down to drink it in the future, the way you store it is paramount. The most important factors are to keep the wine at a constant temperature, in dry conditions and making sure it is secure. We are delighted to offer our clients wine storage services both In Bond and Duty Paid. We recommend our customers store their wine under bond where possible to provide traceability and ensure provenance of the more valuable wines.

Our dedicated bonded wine warehouse is the perfect solution to your wine storage needs. Located at Moor Park, our purpose-built, state-of-the-art, temperature-controlled warehouse is essential for fine wine storage. The warehouse is completely secure with a sophisticated, monitored intruder alarm system and CCTV cameras. The customer reserves team carries out regular stock checks (at least twice a year) and all customer reserves are labeled with a unique customer reference and rotation number which relates to our computer Reserves system. If you are yet to visit us at Moor Park, please get in touch we would love to show you around.

To support this core service, we have invested in a committed team to deliver all your storage requirements. You can access your customer reserves account online through the Bon Coeur website, in 'My Virtual Cellar'. If you need any help, please call us or email reserves@bcfw.co.uk for assistance.

Our storage is charged annually in arrears from 1st February to 31st January. Your customer reserves statement will be emailed alongside your annual storage invoice in February annually, customers may also request a list of their wines held in reserve at any time.
