

8 REASONS

for responsibly re-using data

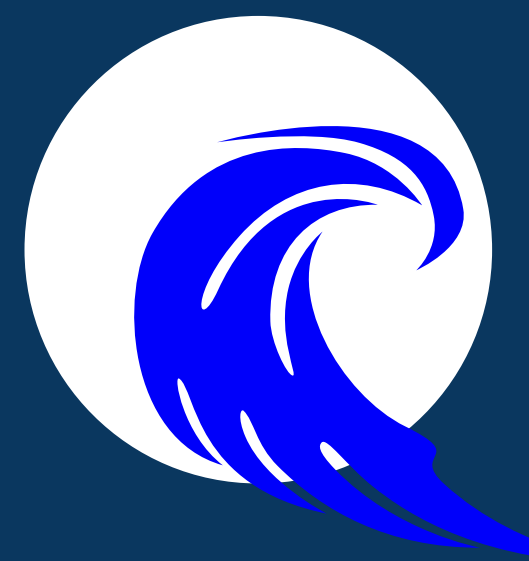

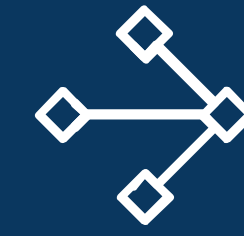

Why should we be re-using data responsibly? Psst! There are many more than eight, but here's a start. Ask us: info@datatank.org

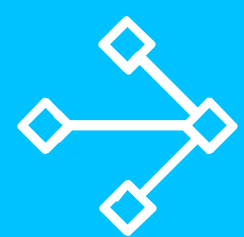

To Improve Education

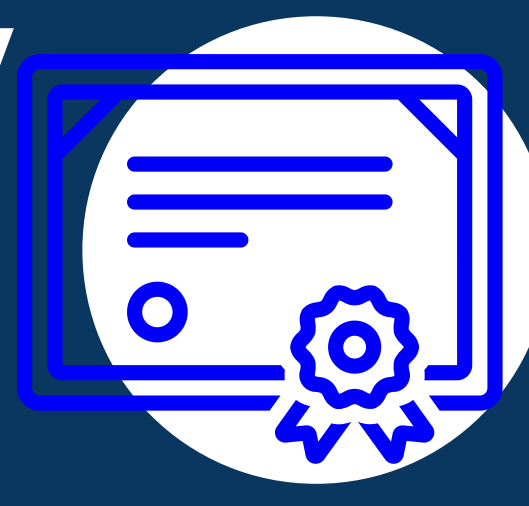

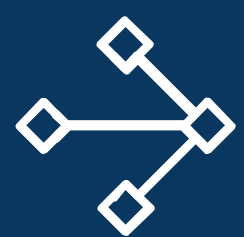

To Boost Emergency & Disaster Response

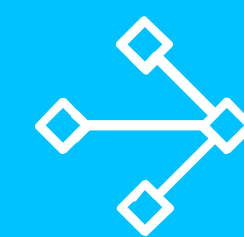

To Shore Up Environmental Conservation

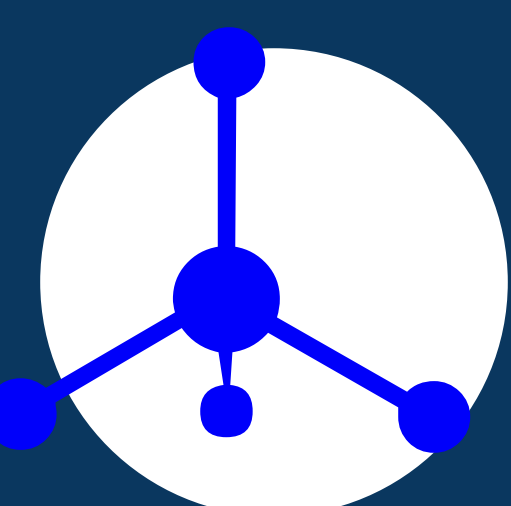

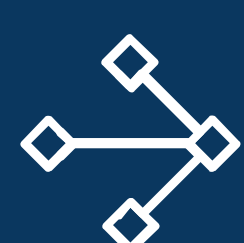

To Reinforce Governmental Accountability & Election Integrity

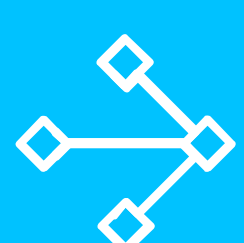

To Monitor Disease & To Enhance Public Health

To Strengthen Minority & Indigenous rights

To Develop Smart Cities & Improve Transportation

To Mitigate Climate Change
