

# Granma Aki's taste of Antigua

Summer 2025

Dear Friends,

I'm delighted to welcome you to the very first edition of Granma Aki's regular newsletter!

My name is Novella Payne, and I'm the proud owner and founder of Granma Aki - a brand dedicated to bringing you the finest food and drink products from Antigua.

Granma Aki products are internationally loved

Novella makes all her products from local sources

Granma Aki was born from a simple yet powerful moment, one where I saw the beauty and abundance of our local ingredients and felt inspired to share them with the world. What started with only dried lemon grass tea has since grown into a collection of high-quality products, including herbal teas, dried fruits, jams, sauces, handmade soaps, and more. Each product is crafted with care, using the best local ingredients, to bring you not just flavour but a taste of our rich heritage

Noni juice

Novella says: "Packed with natural goodness, Granma Aki's Noni Juice is a powerhouse of health benefits, helping you feel revitalised from the inside out."

Through this newsletter I hope to take you on a journey, one filled with delicious discoveries, health benefits of our natural ingredients, behind-the-scenes stories, special offers, and more. Most importantly, I want this to be a space where we connect, where I can share my passion, and where you can be a part of the Granma Aki family.
