

ABOUT US

Launched in 2024, CBE Essentials is dedicated to offering affordable equipment rental options for Independent Birth professionals.

We strive to provide quality, evidence-based, and industry-standard childbirth education supplies and materials to birth workers who are starting or expanding their career in perinatal wellness.

With rental options for tools to compliment every client interaction from prenatal visits to postpartum, we can help you take your Birth Business to the next level!

The Heart of CBE Essentials is the people. We are dedicated to leveling the playing field for Black & Brown birth professionals. A 10% discount is applied to the 1st month of membership for Black independent birth workers and Black-owned organizations/agencies.

Shop with confidence. CBE Essentials is a local small business that offers streamlined access to hard to find and often sold-out perinatal education items.

Parent Education is Key. When birth professionals are better prepared to offer hands-on and engaging childbirth education, parents are more likely to retain the info they learn.

A Commitment to Learning. CBE Essentials is always on the lookout for updated research and new products. We are dedicated to renting field-tested and birthworker approved tools and materials.

A warm, inviting bedroom scene. In the foreground, a person's leg in a grey sock rests on a large, textured, light-brown exercise ball. The ball sits on a striped rug with shades of blue, green, and yellow. In the background, a bed is made with a beige duvet, white pillows, and a yellow accent pillow. A patterned pillow with yellow, orange, and grey circles is also visible. A wooden tripod lamp with a white shade stands next to the bed. A window with wooden shutters is on the left, and a potted plant is visible. A string of greenery hangs from the top right corner.

BLACK BIRTH
WORKERS
SAVE

10%

We're giving Black Birth Workers 10% off the first month of membership!

This offer is valid for Independent Black birthworkers or Black-owned maternal health organizations only.

FREQUENTLY ASKED QUESTIONS

01. Do you offer Delivery?

YES! We utilize Uber door to door delivery service to provide delivery & pickup of most of our CBE materials & supplies. Pricing depends on location, and is subject to driver availability.

02. Is there a required deposit or fee?

A \$25 reservation fee applies to all new rental agreements.
This fee is non-refundable, and will go toward the final rental balance.

03. Can I make a group reservation for my Organization or Agency?

CBE Essential's mission is to provide childbirth education supplies to independent birth professionals, so larger organizations/agencies need to show that they are reserving supplies for independently contracted birth professionals.

04. How far in advance should I reserve my materials/supplies?

Each rental timeline varies based on the needs of the renter, and the availability of the materials. We recommend reserving our “Rolling Suitcases” at least one week prior to your scheduled client visit, and “Go-Bags” at least 24 hours before you plan to arrive at your client’s birthing facility.

05. Do you offer bundle or discounted pricing for large reservations?

Absolutely! If you need to order for more than 5 contractors at once, a special order is required. There may also be additional turnaround time depending on the availability of desired items.

FREQUENTLY ASKED QUESTIONS

06. Do you offer weekly reservations?

YES! We offer both daily and weekly reservations, enabling you to schedule multiple prenatal visits or attend to multiple birthing clients at a time. Based on availability.

07. Do I need to sanitize the items before their return?

Yes. All equipment must be cleaned and sanitized according to instructions given at pick-up/drop-off. If equipment is returned without being sanitized, a \$35 sanitation fee will be applied to total balance.

08. What happens if equipment is returned late?

In the event that equipment is returned past the agreed upon return date, an additional fee of \$25/day will be applied to total balance.

09. What happens if equipment is lost or stolen?

In the event that equipment is lost, stolen, or irreparably damaged while in the possession of a renter, renter is responsible for replacing equipment to exact specifications and total cost. A restocking fee of \$150 will be added.

10. Can I suggest new items I would like to see added to your inventory?

Absolutely! We value your input and feedback on our available products. Please feel free to reach out with your product suggestions for future Digital Look Book issues!
