BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION COMBO SESSION - DOCS BLU TWIST - 2019 AQHA Blue Roan Gelding x Ima Blu Twist x Twist O Blue Bonnet out of Power Lady Command x Brown King Command. About 15.2 hh tall and is about 1,100 lbs in weight. He was previously used as a ranch horse (has herded cows, was packed-on in the mountains and has been branded on) but has also had some training with the Clinton Anderson training method. I have been herding cattle on him recently - he definitely has some cow sense. He has completed the fundamentals, intermediate, and some advanced groundwork of the Clinton Anderson program. He has completed the fundamentals riding and is about halfway through the intermediate riding. Because of his training, he is very well-mannered on the ground. You can back him up, yield his forequarters, and lower his head off of your finger-tips. You can also side-pass him on the ground (as well as in the saddle). He has been desensitized in a variety of ways throughout his training - I've started desensitizing him to the rope. He has a lot of expression and personality. He is a deep thinker - he learns best if he has periods throughout the session to think about what you are teaching him. He does have Doc Bar blood from the dam's side. He was vaccinated and had his teeth floated in April of this year. The vaccines include West Nile and a separate five-way vaccine. VIDEO: Contact Seller. FMI: 406-595-1889. Coggins. SOD3

ONLINE ~ ROPE HORSE COMBO SESSION - SMART SMOKIN CHICO - 2014 AQHA Sorrel Gelding x The Masqued Male x Chics In The Male out of Smokes Little Doll x The Smart Smoke. Oliver, is a gorgeous ruby red gelding with a handsome head, perfect blaze, a set of pretty socks, and big brown eyes that will just melt your heart. Built solid, like one should be, he has flawless conformation, a huge hip with a lot of bone, and good-sized hooves. Anything you want to do horseback, Oliver is game. If we ask him to jump, he would say, "Okay, how high." By the way, he enjoys jumping and looks terrific in English attire. A genuine, rocking chair lope- S M O O T H. It is one of the prettiest and smoothest movers and feels like he is floating in the air. He has seen everything from weaving through traffic downtown to the sights and sounds of a rodeo on the fourth of July. Proven to be a one-of-a-kind outstanding money-winning head horse, he is easy to ride and suitable for a lower number roper but will step it up, if need be, for the higher number roper. He is good in the box, can flat run and

rate, works off his hock, and has a smooth, snappy face. If you want to win in the ranch riding classes, just enter and go. He will grab the judge's attention. The definition of point-and-go is Oliver; no trail too challenging, no bog too deep, no mountain too high, and no water crossing he hasn't crossed. What Oliver won't do is get you into a "rocky" situation out on the trails- he is CAREFUL! He has lived in the mountains on pack trips, slept under the stars, and watched marshmallows roast at the fire. Oliver has been packed, hobbled, and picketed. He has seen grizzly bears, mountain lions, Moose, and Elk. Our go-to guy - we can saddle or jump on bareback and ride into the sunset! Being taller, he is trained to use curbside mount to make getting on more accessible. Oliver has experienced the fun of flying a kite, working with cow-dogs, and riding with you on your bike. Are you looking to gather and sort cattle for hours on end? That's no problem; Oliver is as comfortable as your favorite recliner. He has a great neck rein and maneuverability stays between your legs, side passes, and opens and closes gates. He will always let you walk out to catch him, gets along with other horses, and stalls quietly. Oliver has a heart and try the size of Montana and turns heads wherever he goes. Trails, Roping, Ranch, & Mountains!!

ONLINE ~ ROPE HORSE COMBO SESSION - SMART SMOKIN CHICO - 2014 AQHA Sorrel Gelding x The Masqued Male x Chics In The Male out of Smokes Little Doll x The Smart Smoke. Oliver, is a gorgeous ruby red gelding with a handsome head, perfect blaze, a set of pretty socks, and big brown eyes that will just melt your heart. Built solid, like one should be, he has flawless conformation, a huge hip with a lot of bone, and good-sized hooves. Anything you want to do horseback, Oliver is game. If we ask him to jump, he would say, "Okay, how high." By the way, he enjoys jumping and looks terrific in English attire. A genuine, rocking chair lope- S M O O T H. It is one of the prettiest and smoothest movers and feels like he is floating in the air. He has seen everything from weaving through traffic downtown to the sights and sounds of a rodeo on the fourth of July. Proven to be a one-of-a-kind outstanding money-winning head horse, he is easy to ride and suitable for a lower number roper but will step it up, if need be, for the higher number roper. He is good in the box, can flat run and rate, works off his hock, and has a smooth, snappy face. If you want to win in the ranch riding classes, just enter and go. He will grab the judge's attention. The definition of point-and-go is Oliver; no trail too challenging, no bog too deep, no mountain too high, and no water crossing he hasn't crossed. What Oliver won't do is get you into a "rocky" situation out on the trails- he is CAREFUL! He has lived in the mountains on pack trips, slept under the stars, and watched marshmallows roast at the fire. Oliver has been packed, hobbled, and picketed. He has seen grizzly bears, mountain lions, Moose, and Elk. Our go-to guy - we can saddle or jump on bareback and ride into the sunset! Being taller, he is trained to use curbside mount to make getting on more accessible. Oliver has experienced the fun of flying a kite, working with cow-dogs, and riding with you on your bike. Are you looking to gather and sort cattle for hours on end? That's no problem; Oliver is as comfortable as your favorite recliner. He has a great neck rein and maneuverability stays between your legs, side passes, and opens and closes gates. He will always let you walk out to catch him, gets along with other horses, and stalls quietly. Oliver has a heart and try the size of Montana and turns heads wherever he goes.
