FAQ

How do I care for my mattress?

Spot clean with a damp cloth or sponge. For full care instructions, follow the directions on the mattress cover's care label.

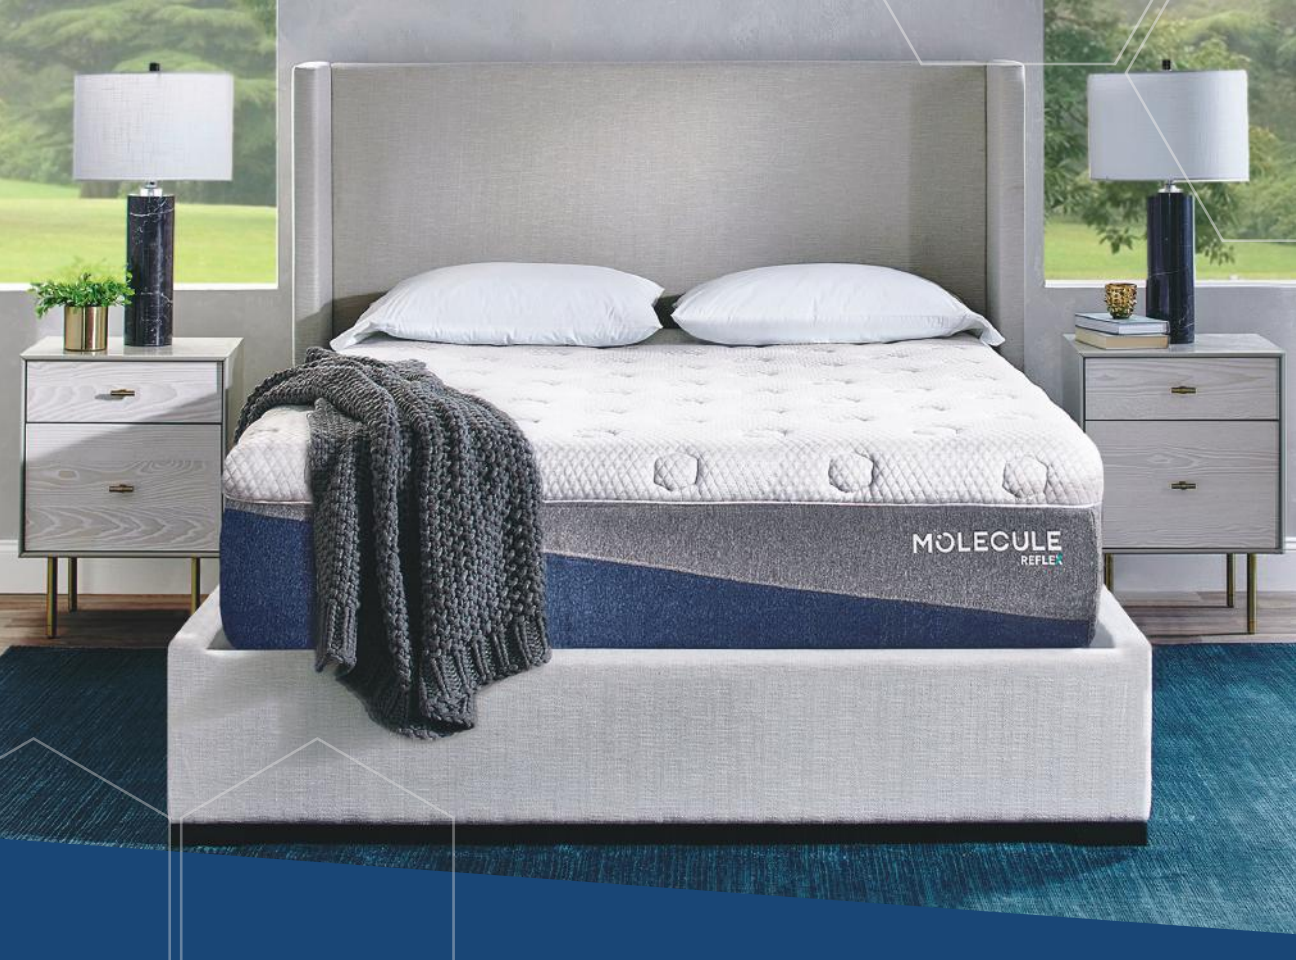

Does my mattress need to be aired out before use?

Our proprietary manufacturing process scrubs air through carbon filters to eliminate most off-gassing. It's also eco-friendly and virtually emissions-free. Any minor smells are harmless and should dissipate within 24 to 48 hours.

How long will it take for my mattress to fully expand?

Your mattress will expand immediately and is ready as soon as it looks comfortable. It may take between 24-72 hours for it to fully expand.

The Limited Warranty is not transferable to any subsequent owners of the product. Severe body contours are covered by this Limited Warranty. Severe body contours are impressions which exceed one and a half (1½) inches in depth for quilted or tufted top mattresses, or three quarters (¾) inch in depth for flat top panel mattresses without quilting or tufting below the normal level of the product.

Failure to follow the manufacturer's use and care instructions may void this Limited Warranty. The zipper on the mattress is only for use in the manufacturing process and should not be zipped open or closed at any time by the consumer. Using the zipper will void the Limited Warranty. **The mattress cover must not be removed to launder or for any other reason because it provides important flammability protection. Removing the mattress cover will void the Limited Warranty.** MOLECULE does not warrant that this product is suitable for any person's medical condition or that it will protect the user against bacteria, viruses, or other disease organisms. To the maximum extent permitted by applicable law, in no event shall MOLECULE be liable for any special, incidental, punitive, indirect or consequential damages whatsoever in any way arising out of the use of, or inability to use, the product.

WARRANTY (cont.)

MOLECULE reserves the right to refuse service and invalidate this Limited Warranty when, upon inspection, the product is found to be in an unsanitary condition, or when the product failure is due to causes other than defective material and/or workmanship.

This mattress is designed for full performance when used with a supportive foundation system (platform bed, slatted frame with horizontal center supports and/or a box spring). A Queen, King or California King frame must have a rigid bridge bar with at least 5 support legs or 5 equally spaced hardwood cross-slats with a supporting center leg. The cross slats must be at least 3 inches wide and no more than 4 inches apart. Inadequate bases include, but are not limited to plywood, bunkie boards, and plastic liners. MOLECULE may require the user to provide proof of the quality of the foundation, adjustable bed base or bed frame used in conjunction with the mattress if the user makes a claim under this Limited Warranty. MOLECULE makes no representations whatsoever as to the structural integrity or rated load for any frame, foundation, or adjustable base not manufactured by or for MOLECULE. If used on a faulty foundation system, or on the floor, resulting in damage to the mattress, the Limited Warranty will be void.

All warranties contained herein are void if the product is found to have been tampered with or misused by the purchaser beyond reasonable wear. This Limited Warranty shall not apply if the product has been damaged, intentionally, or due to accident or neglect; including but not limited to damage caused by burns, cuts, water, stains, or bodily fluids. The consumer is required to protect the mattress with a stain resistant mattress pad, and this Limited Warranty does not cover defects or damage caused by a consumer's failure to follow this requirement. This Limited Warranty does not cover the normal increase in softness of the memory foam material or a decrease in the slow recovery feature (elasticity). These aspects do not affect the pressure-relieving qualities of the foam. The service terms stated in this Limited Warranty shall be the consumer's sole and exclusive remedy in the event of product failure during the Limited Warranty period. MOLECULE makes no warranty beyond what is contained in this Limited Warranty. MOLECULE does not authorize any person to create for it any other obligation or ability in connection with this Limited Warranty.
