Design, Manufacture & Install

Concept Artist interpretation - dinosaur Mini Golf course

From around Australia to around the universe, we've designed anything from realistic reproductions to the fantastic in profitable family fun in the form of a Mini Golf Course.

Interior or exterior, realistic or fantastic - it poses no problem. Many other specialist companies will provide you with a slight variation of their basic template; Natureworks can offer you a truly one-off attraction.

The Natureworks range of Rocks, Trees, Dinosaurs, Birds, Animals and Pirates and other characters all come together in our miniature golf course designs.

Select the items you like most in the Natureworks range and a unique theme will create a one off original course utilizing existing components selected from our exhaustive collection.

Available as pre-fabricated componentry and/or site-built construction, our golf courses are suitable for indoor/outdoor, day time/night time use.

Coomera - Gold Coast - Queensland - Putt in the Park

Parkland theme with twist of humour

Putt in the Park - Westfield Shopping Centre - Coomera

Westfield Shopping Centre in Coomera on the Gold Coast is now open to the public.

Natureworks was a commission to design 18 holes of putt-putt with a twist of humour.

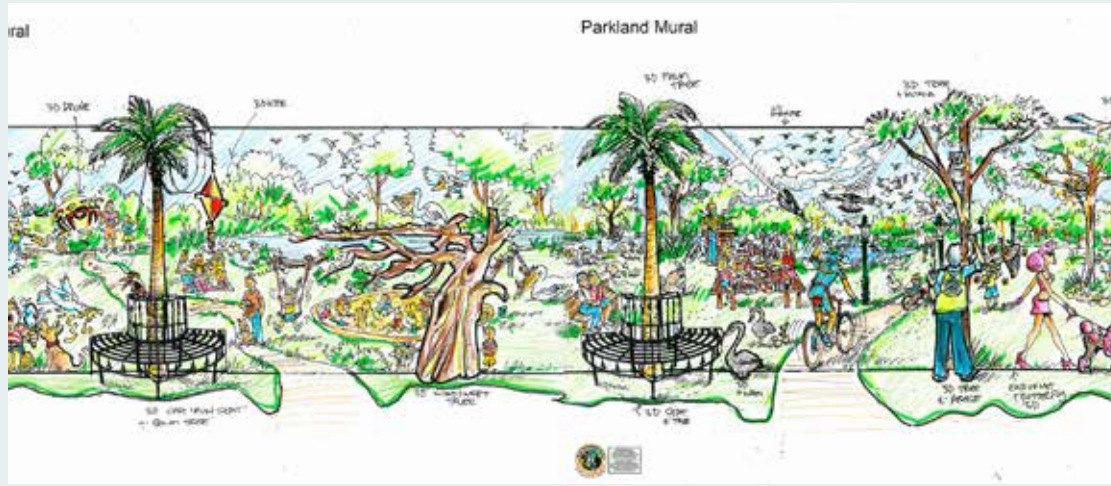

Get ready for some fun. This 18-hole mini golf course is a venue that will entice and entertain whatever the occasion. It will tickle the sense of the young and old big and small, be adventurous and hang out with the gang. The course has a selection of humour inspired props that Natureworks has placed carefully around the course to keep customers entertained and designed within the theme of the natural world of a Parkland adventure walk. It is filled with whimsical props such as custom-made outback Dunny obstacle, a chimp sitting on a log, a dog peeing, Friesian calf with cow patty, a jetty and bridge artificial rocks and stepping stones.

Golf Trek - Futuristic Mini Golf

Intergalactic News

PLANET EARTH'S FIRST GOLF STATION OPENS, GOLD COAST, AUSTRALIA.

Golf Trek
This is not your average golf course. It is a game of golf beyond your wildest dreams. Try to imagine an intergalactic golf course. You're standing on the first tee, probably hoping you'll score low on the first nine holes and you look at your score card!

The Big FH
Once you tee off you will be amazed with the sound and the lighting (and probably by your own lack of golfing skill). At Golf Trek words like, Golyi, Heavens!, Goshi, it's out of this world, start describing the space like atmosphere of Golf Trek dramatically changing the mood from one hole to the next.

Beam Me Up Scotty
You have been transported to a golf course that shouldn't exist. A golf course which is beyond the bounds of earth. A golf course that you have never seen or dreamed of before. Take a look at the sixth hole. (And that's only one of eighteen.)

Close Encounters Of The Sixth Hole Kind
Returning extra galactic explorers, (who have been known to enjoy a round of golf) have described the 6th hole as "on another planet". This hole has been named "Titan's Terrain". Imagine a flat surface, (all you have to do is putt) then the lights seem to play funny tricks. "Is the floor really level?" "Is that curve really there?"

Golf Trek Lands In Surfers

Tommy: The Fifteenth Hole
Remember the movie "Tommy"? (It came out in 1975, Ann Margaret was female lead role, (nominated for an Oscar), and included guys like Eric Clapton, Elton John and Tina Turner.) Remember the song "Sure Plays A Mean Pin Ball"? Try the 15th at Golf Trek. Once you have struck the ball you have to use those twinky feet of yours and actually control the course of the ball by foot flippers. You are playing a giant pin ball machine.

Golf Trek
Now, like Nicklaus, Norman, Ballesteros and the other golf greats, you can play a round of golf that is literally out of this world.

Once you step foot on the first tee of this alien golf course you will realize that there is nothing like it on this earth because it is the only one in this world and, it's here at Surfers Paradise.

Golf Trek is an entirely new concept in indoor mini golf and has elevated the sciences of mechanical, electrical and electronic light and sound effects to dimensions, never seen before on earth and hardly imagined!

Golf Trek was an idea conceived by spaced out Australians who used the far out ideas of Californian wonder designers. Their dreams are now your fantasies.

One great step for mankind. One great hit for your family!

Now Open On Earth

Imagine you are actually on a distant planet, or asteroid, or star and you suddenly begin to experience the sights, sounds and excitement that Golf Trek has created.

It's The Greatest

Can you play golf on a gigantic alien footprint?
Can you control a cosmic pinball machine?
Can you play in an underwater cavern?
Can you be big enough, tough enough, spaced-out enough for
