Q&A with Community Impact

Sitting down with Jason Culpepper, Houston Publisher for Community Impact

How would you describe Community Impact's role in the Cy-Fair community?

Cy-Fair is an unincorporated area of over 800,000 people. In 2009, the inaugural edition sought to demonstrate there were so many issues facing the community such as how the lack of expansion funding for Hwy 290 expansion was stifling the growth opportunities for the area. Our approach to the community is with the agenda of building needed relationships that provide opportunities to listen, learn and to research the issues. From there, write compelling stories that share the facts, leaving our opinion out of the news. Local business owners rely on us as trusted news source keeping them informed in this rapidly growing area of Northwest Houston while giving them an advertising platform to reach ALL residents regardless of income and demographics.

How does the Cy-Fair Chamber and Community Impact working together benefit our local business climate?

We share common missions for supporting local businesses and caring about the community thriving. The chamber has led initiatives through the years that have needed education to the greater community which would lead to action at school, county or state legislative level. The action came most times through our reporting and reach to over 120,000 households by mail each month. Trust is something we've earned through our reporting.

What do you think is so unique about Community Impact that allows it to continue to grow as technology and the way we all process information, including news, evolves?

Google and Facebook can only share what's been written. Our commitment to have local staff within the community, building relationships paired with the commitment to disseminate factual information by mail to the majority of the Cy-Fair community is what will continue to be our niche. The topics we cover are of interest to majority of residents and presented in a visual format that's easy to understand and engage with. What news source has stepped in to cover Cy-Fair since 2009? No one.

You oversee the entire Houston area, what in your opinion makes the Cy-Fair area unique?

There are so many servant leaders within our schools, our many non-profits and religious community who give time and expertise to keep Cy-Fair the tight-knit community, a community larger than most cities in the US. The Cy-Fair Chamber of Commerce has always been a strong advocate for the business community which has played another role in consistency throughout all the growing pains.

Your team was recently awarded Business of the Year by the Cy-Fair Houston Chamber! What does that mean to Community Impact?

First, it's an honor, there are so many amazing businesses in our area, and to be recognized means so much, not only to me, but to the Cy-Fair team and to our entire state-wide organization. But secondly, it shows that we're accomplishing our purpose, which is to be a light for our readers. We're here, with you, facing the challenges, sharing as much as we can about new businesses, legislation that impacts our day-to-day life, and so many other important topics. It's a privilege to serve Cy-Fair and to be a part of the growth and development of our area.

Behind the Hawaiian Flower

By Rebecca Robertson

Adam J. Skinner is a name many of us in the Cy-Fair area have heard of, usually connected with the well-known golf tournament hosted each year by the Cy-Fair Houston Chamber of Commerce at Blackhorse Golf Club in most recent years.

Adam Jackson Skinner was adopted at 15 days old by Jeff and Jan Skinner. Even from an early age, Adam possessed an inordinate amount of personality and charisma, never meeting a stranger and full of optimism. His magnetic persona attracted all types of friends and the support and admiration of his teachers at Millsap Elementary and Hamilton Middle School. An avid fisher, talented negotiator and regular thief of Jeff's Hawaiian shirts, Adam had a unique spirit at an incredibly young age.

This impressive young man was tragically killed in a car accident when he was just 12 years old.

The Cypress community responded to Adam's untimely death with a large outpouring of support for the entire family, including Adam's younger sister, Shannon, who was injured in the same accident that took Adam's life. Friends, family, neighbors, teachers, and their church family encircled the Skinners with love and support. The funeral congregation was filled with Hawaiian shirts, worn by many of Adam's friends.

The impact of this loss to the community was wide-reaching, and the need to do more than hold a service in his honor, something that paralleled Adam's gifts and personality, had an immediate solution.

Within days of the accident, a family friend, Fred Caldwell, asked if he could set up a scholarship program to commemorate Adam's life. Soon after the scholarship was established, Fred, who served then as Chairman of the Board for the Chamber, recommended a golf tournament to help fund the Adam J. Skinner Memorial Scholarship.

Since 1999, this golf tournament has continued to grow through the support and participation of countless members and businesses in the community. When it started, the scholarship awarded \$2,000 to a deserving high school senior in the Cypress Fairbanks Independent School District. The amount given has significantly grown since and now, in 2023, the recipient will be provided with a \$20,000 scholarship towards their college education.

The Adam J. Skinner Memorial Scholarship is

awarded each year, after a thorough and thoughtful selection process of a large dedicated committee, through the Cy-Fair Educational Foundation to a CFISD student who embodies Adam's spirit of positivity, optimism, and zest for life.

So, as we near the special 25-year Anniversary, come April 2024, when you see announcements about sponsoring the golf tournament or scholarship and notice the name or the Hawaiian flower behind the logo, we hope that our community continues to support an amazing young man, not to remember his death, but to celebrate his life.

Cypress Assistance Ministries

Cypress Assistance Ministries began in 1990 as an outreach ministry of a local church and over thirty years later is a self-supporting non-profit, continuing to grow as the need in the Cy-Fair area grows.

Martha Burnes, CAM's Executive Director, shared that their growth is attributed to the participation and support of the Cy-Fair community, and one of their most noticeable achievements has been the purchase of land and construction of a space designed to fit their unique needs. Their new location on Cypress North Houston allows CAM to do more of what they are here to do, in a safe and welcoming environment. The large resale shop is CAM's main source of revenue, and the space allows donated goods to be more easily seen, organized, and offered to the public. The classroom space provides a meeting place for financial literacy, tax preparation and ESL classes. CAM's Coffee and Conversations program helps those that are not native speakers with conversational English, and has recently seen Russian, Ukrainian, Vietnamese, Mandarin, Portuguese, and Cantonese visitors. Financial literacy courses are often required in order to receive aid, because as stewards of the communities' donations, CAM is looking to turn stumbling blocks into stepping stones by making resources available to individuals and families facing adversity.

The new food pantry allows for the collection and holding of fresh and non-perishable food. In 2022, CAM's food pantry distributed over 700,000 pounds of food! Over and above the services that are offered, the new location has made it possible for CAM's volunteer team to grow, which is integral to daily operations. As we're all aware, with costs increasing across the board, a car accident or an unexpected illness can be enough to create a financial hurdle, and Cypress Assistance Ministries will continue to serve with the support of businesses and residents in Cy-Fair.
