ABOUT

Buggysnuggle™ by BSnug™ is a British brand that has been keeping babies warm & snuggly since 1998, and has since become a must-have accessory for every new baby.

The first of its kind, Buggysnuggle™ started from an idea at a baby show to a dining room business, to a small factory in Salisbury, England where it grew quickly to supply retailers such as John Lewis, Mothercare, Kiddicare & Babies R Us.

Our philosophy remains the same, even after 20+ years; to produce 'snuggly stuff', original products made from soft, cuddly fabrics that will be loved by you and your baby.

OUR STORY

Female founded & owned, Buggysnuggle tells the story of women entrepreneurs who built the brand over 2+ decades of passion, dedication & love for quality baby products.

Created in 1998 by two moms in England who saw a gap in the market, Buggysnuggle became one of the UK's most sought after baby brands.

As the company celebrated its 20th birthday in 2018, it was acquired by Lia Murrain, a serial entrepreneur whose love for the brand meant she wanted to take on the reins and take the company to its next chapter.

Lia Murrain

Buggysnuggle offers a variety of stylish, functional, practical & quality baby gear that can now be found in several countries around the world, with offices in both the United Kingdom & Canada.

FAQS

How warm are the buggysnuggles?

The fleece buggysnuggles are around 3 togs. The fur & sherpa buggysnuggles are around 4 togs.

To what age will the buggysnuggle footmuff fit?

The buggysnuggle footmuff is 100cm long and 46cm wide, making it one of the largest footmuffs on the market. It will fit to at least age 3+. The bigbug is longer & wider, designed for older children (6-8 years or up to 130cm tall) & larger special needs pushchairs.

Will the buggysnuggle footmuff fit my stroller/pushchair?

Buggysnuggle footmuff fits **99% of pushchairs** – we would say ALL pushchairs but that's just asking for trouble! The top can either be hooked over the back of the seat or tied to the handles, or both. The vertical slits allow for the shoulder to waist straps to be pulled through without undoing them – very, very quick & easy to fit!

Are the buggysnuggles waterproof?

Our explorer buggysnuggle range is waterproof on the outside. However, all the buggysnuggles will protect baby from a light shower as there are 2 layers of non-absorbent fabric for the rain to get through.

Can't recommend the fur buggysnuggles enough! I've just got my third one!! They are so warm and cosy! ... A must have for all mums out there to keep your little ones all wrapped up this winter!

- Jezzie Griffin

My little boy kept lovely and warm in the snow thanks to his buggysnuggle
