TEAMWEAR

Presented by **TGI SPORT PTY LTD**

XXXXX

**COMMUNITY
CLUBS**

TGI MERCHANDISE HAS THE LICENSING RIGHTS TO MANUFACTURE PUMA & SHERRIN BRANDED TEAMWEAR APPAREL FOR LOCAL SPORTING COMMUNITY CLUBS.

TGI Merchandise assists Community Sports Clubs with their on and off field needs through our unique offering of iconic branded apparel and specifically designed services.

In a growing and competitive market we aim to provide quality product and service, understanding the challenges and needs of local sporting clubs run by dedicated volunteers.

PUMA / SHERRIN

Two iconic sports brands renowned worldwide.

CUSTOM DESIGN

Designing on and off field merchandise for player and supporter.

IN-SEASON PUMA STOCK

Quality branded product available all year round.

EMBELLISHMENT

Ability to embellish club and sponsor logos on Puma stock.

FULFILLMENT

Understanding of club needs to simplify the ordering process and deliver stock in full and on time.

SERVICES

Utilising our talent and services across the wider business we can offer real solutions to the challenges.

TECHNOLOGIES

DRYCELL

Technical fabric that wicks moisture from the skin to keep you dry and more comfortable for extended performance

RECYCLED POLYESTER

Puma International has committed to scale up the usage of recycled polyester to 75% across the range by 2026

ANTI BACTERIA

An antibacterial bamboo coating that uses enzymes to target and break down bacteria caused by sweat and natural elements, helping to keep your clothes fresh and prevent odour buildup

WIND AND RAIN RESISTANT

Woven nylon and polyester fabric construction is engineered to help protect against rainy and windy conditions keeping you dry and warm

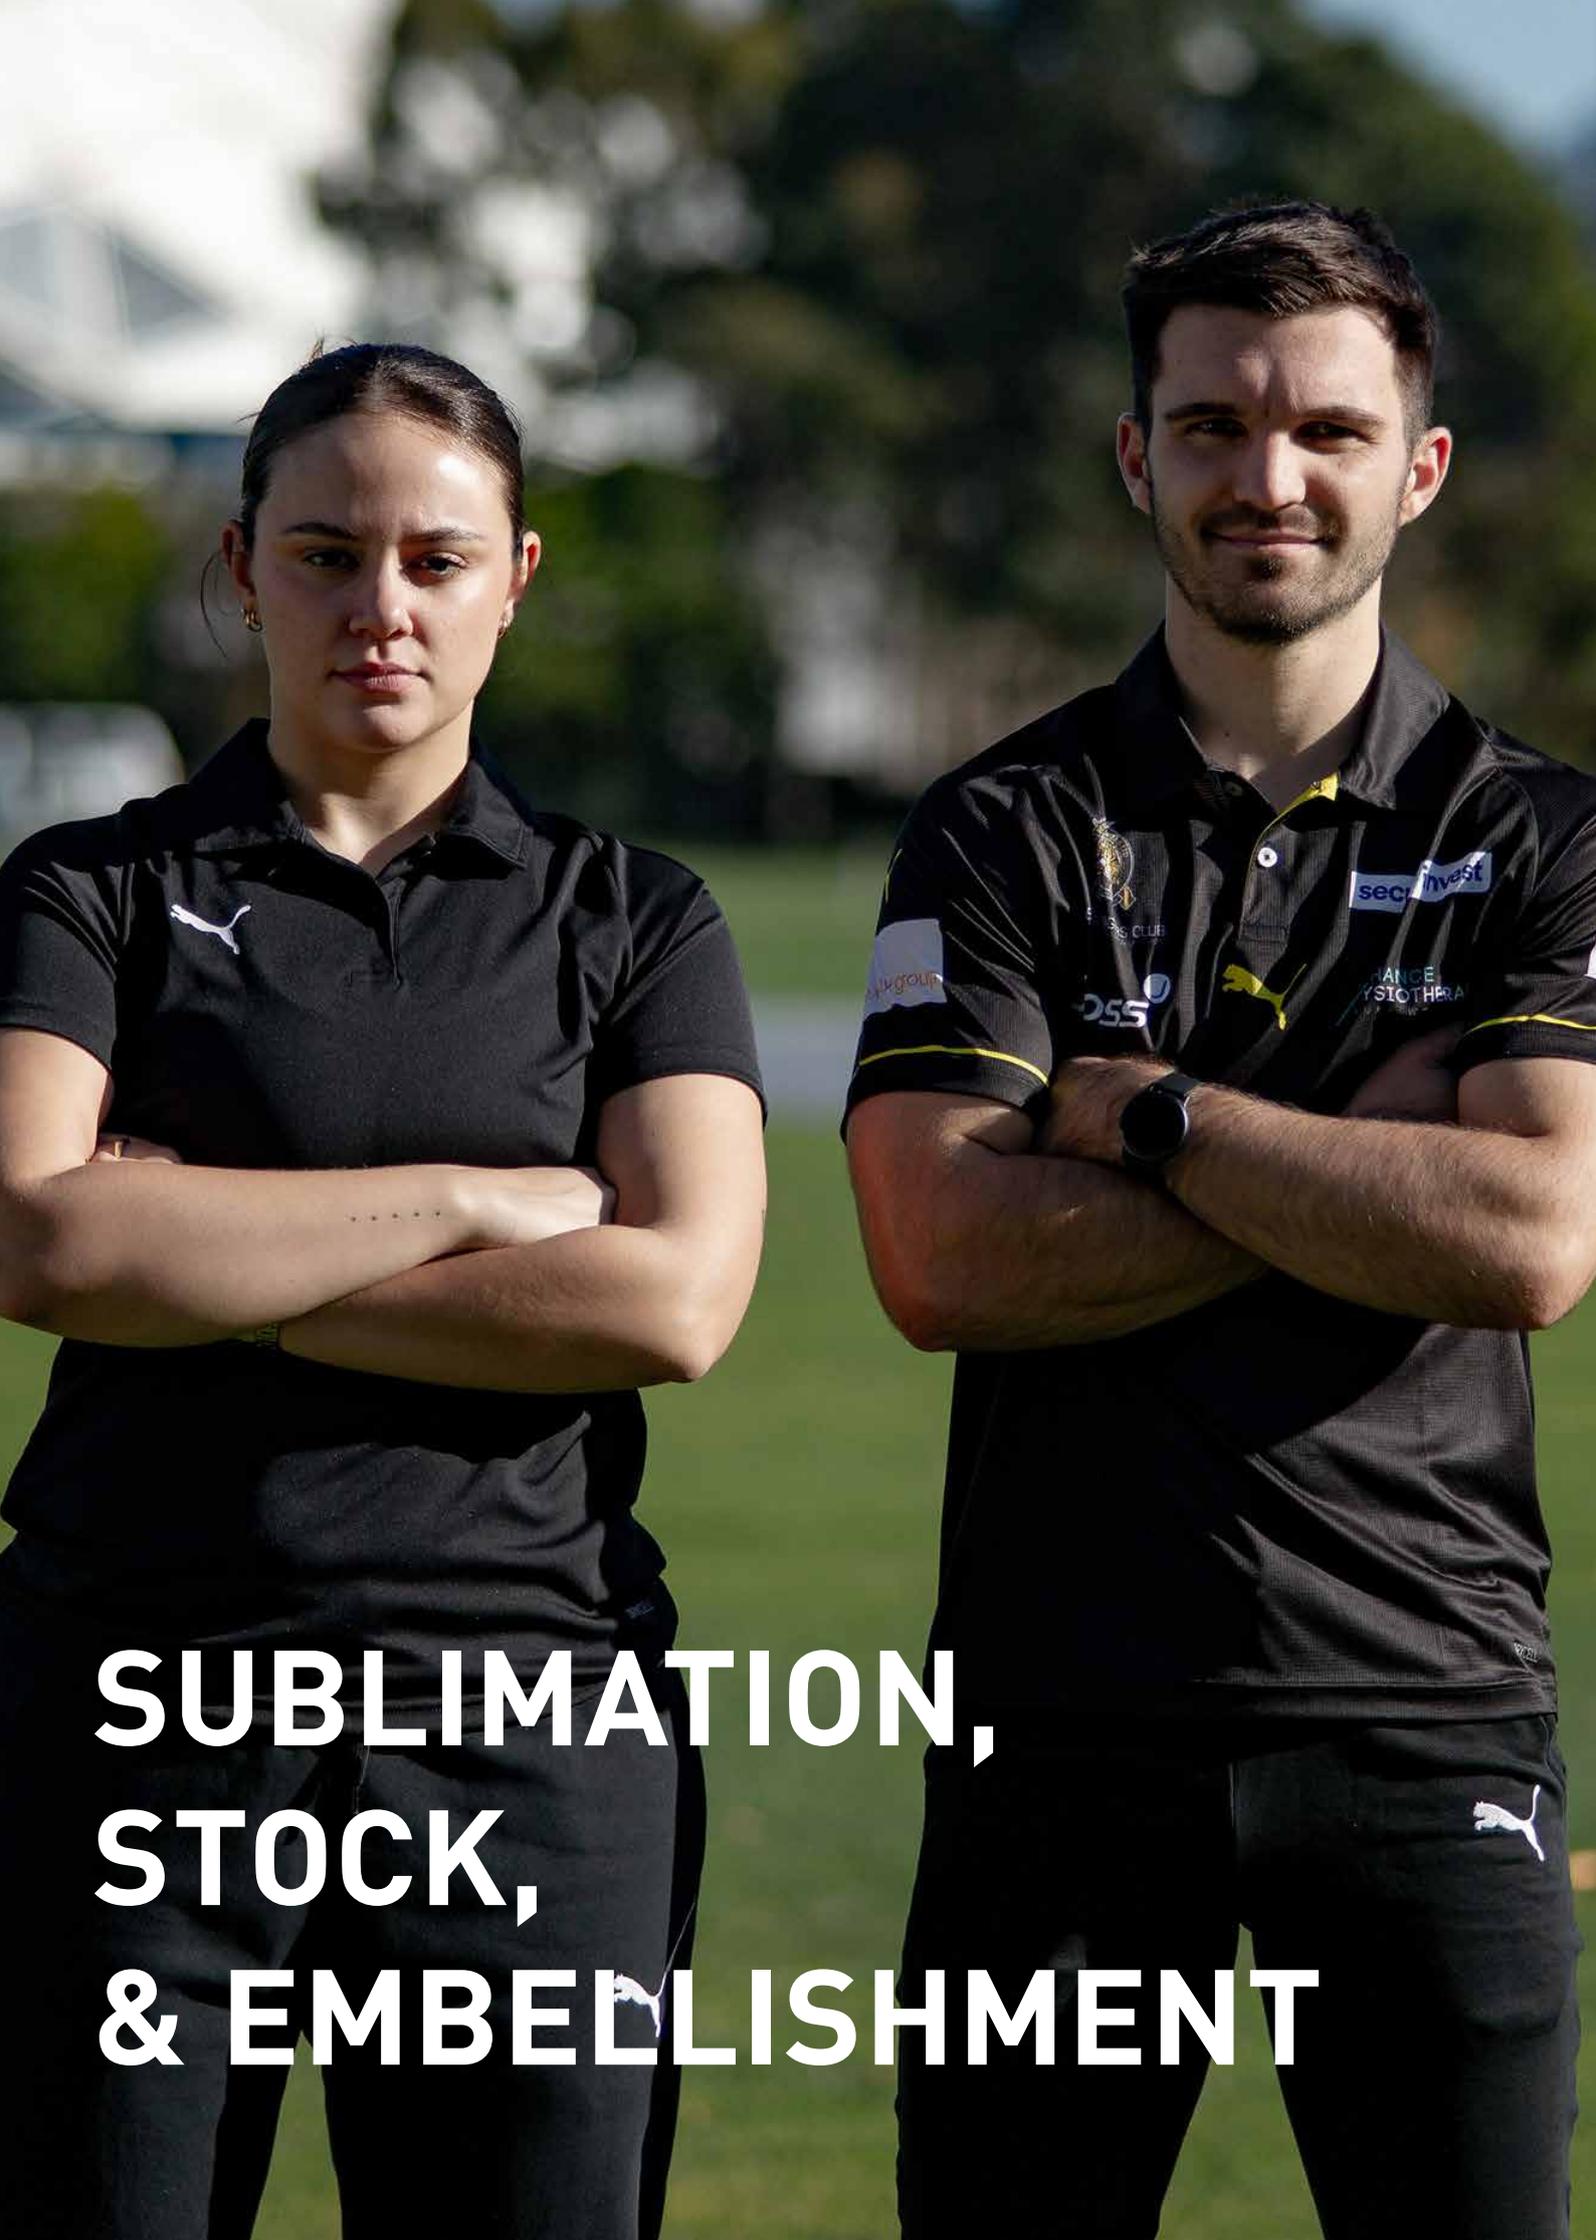

SUBLIMATION

Custom design product including graphics, colour, logos and personalization of numbers and names

STOCK RANGE

Stock items which can be Embellished in house by digital transfer or embroidery. Please see website for availability and touch base with our sales team for garment designs

**SUBLIMATION,
STOCK,
& EMBELLISHMENT**

Within the TGI Teamwear Range of products, we offer custom sublimated apparel, and stock products which can also be embellished.

To help you understand the differences between these options below, please find the benefits and features on offer.

SUBLIMATION PRODUCTS

Fully customised design on a predetermined silhouette for your club which can be personalised with numbers, initials and/or surnames. Think a Football Jersey or Basketball Singlet in team colours.

Sublimation is a type of direct printing onto fabric (polyester) allowing for specific colours and intricate graphic design application including Club logos and sponsors.

The range of sublimated products continues to grow and if you are unsure on a design or colour please just reach out to our sales team who work closely with fully integrated design and production departments.

STOCK PRODUCTS

Select from a wide range of Puma and generic branded teamwear options. The range has a lifecycle of 2-4 seasons with all your key items available in a range of colours.

Puma products are designed and manufactured as part of the Global Range and comes with all the performance, fit, comfort and technical properties you'd expect from one of the Worlds largest sports brands.

TGI Teamwear carries a large range of stock for immediate delivery and replenishes sizes every month to ensure your team looks great, feels great and performs great.

EMBELLISHMENT

Utilising the latest technologies in direct to film, vinyl and embroidery TGI Teamwear offer Clubs the option to add logos and badges to stock items.

We take your club or sponsors logo and create a lightweight flexible, transfer which we apply in house. We can also personalise product with numbers, names or initials.

A simple and quick option for Clubs to manage and grow their merchandise opportunities.

For product enquiries please contact:
Merchandise@tgisport.com.au

SUBLIMATION

Our team of experienced sales, production and highly skilled designers are available to assist you with your custom-made design.

Once you have selected your style we can help you with your design, colours and graphics. Whether it be a traditional uniform, a unique graphic such as an indigenous design or something we have created before which you'd like in different colours and a slight tweak we can work with you. Please note that due to seams and panels on certain styles we may not be able to create the exact look you are after.

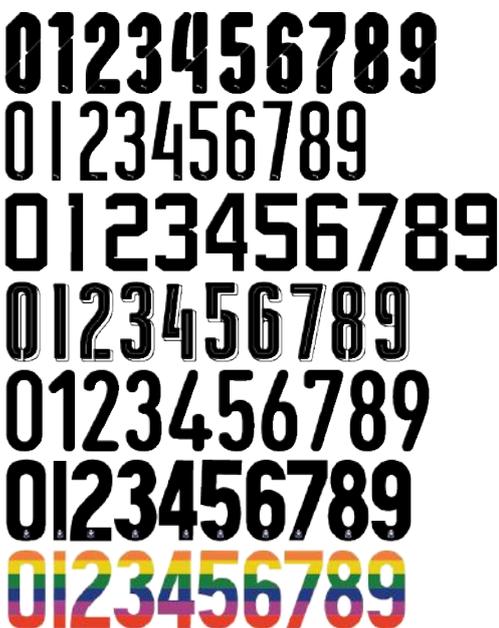

Regarding colour TGI has its own reference guide to ensure that no matter what factory, style, or fabric we use you will be getting the same colour. We can match against a pantone reference or provide colour swatches for you to choose.

When providing logos to be incorporated into the design we request that they are provided in an .ai or .eps format which ensure the highest clarity. If you don't have the correct format don't worry as we can get it redrawn.

Any font and number style can be used to personalise your garments.

Majority of the sublimated styles are available in Men's, Women's and Youth sizing. The Men's cut can also be utilised as a unisex fit. Please see the size chart for reference and sizing sets are available on request.

CUSTOM PUMA FONTS

All our products are designed to not only look good but also perform.

Many of our features and benefits cannot be seen to the naked eye and its not until you wear and perform in the garment that you fully understand why Puma is one of the leading sports brands in the world and worn by some of the biggest sporting teams and individuals known.

GPS pocket comes standard in the Puma Elite and Endurance AFL and Rugby jumpers.

Mens, Womens and Youths sizing available in majority of models.

DRYCELL: Patented moisture management technology that wicks moisture from the body to the outside of the garment then spreads across the fabric to keep the player dry and comfortable.

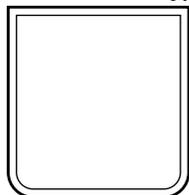

ANTI-PILING / COLOUR FASTENING / ANTI STAIN are all fabric applications to lengthen the life of the garment and ensure it looks and feels brand new week after week, season after season.

FABRIC STANDARDS: Every step of the production process is independently tested to ensure the highest quality and consistency is delivered to the end consumer.

AFL FOOTBALL

AFL FOOTBALL JUMPERS

ELITE VS. ENDURANCE

The ELITE jumper is crafted from a lightweight, performance-based fabric consisting of 91% polyester and 9% spandex. This blend provides a tighter, athletic fit, closely replicating the style and feel of the jumpers worn by professional AFL athletes.

ENDURANCE garments are also designed to perform at the highest level and have all the features and benefits of the ELITE garment but being a slightly heavier weave the garment will last longer, and the looser fit will appeal to majority of players especially at the Community Club level.

ELITE JUMPER

Fully sublimated, Puma AFL grade, 250gsm, 91% polyester, 9% spandex interlock, soil release, DRYCELL. Long and short sleeve options available. Includes GPS pocket and cross over neckline.

ENDURANCE JUMPER

Fully sublimated, Puma 260gsm, 100% polyester interlock, soil release, DRYCELL. Long and short sleeve options available. Includes GPS pocket and cross over neckline.

WATER BOTTLES

From training grounds to game day, our water bottles are built to perform when it matters most. Designed, developed, and produced in Australia, every product in our range reflects our commitment to quality, safety, and sustainability.

With versatility and quality front of mind all of our hydration products are:

BPA Free for safe drinking
Dishwasher Safe and Freezer Ready (where applicable)
Recyclable to reduce environmental impact
Crafted with durable, soft-squeeze LDPE for ease of use

Get the performance, durability, and eco-conscious design your team deserves.

Australian made, tested and built to last.

1L BURST WATER BOTTLE

TG1011

CUSTOM

Built for high-performance environments, the Burst 1 Litre Water Bottle is the ultimate game day essential. Designed with hygienic lip-free action, this squeeze bottle delivers water directly into the mouth without needing to touch the nozzle—perfect for team use during intense match conditions.

Key Features:

Hygienic-Lip Free Action: Hygienic, hands-free hydration—ideal for shared use on game day.

Australian Made: Designed and developed in Australia.

BPA Free: Safe Polyethylene construction for everyday use.

Clearview Strip: Easily track fluid levels with built-in measurements.

Dishwasher & Freezer Safe: Built to withstand extreme temperatures.

Recyclable: Eco-conscious materials that reduce waste.

Soft Squeeze: Flexible LDPE body for quick, controlled hydration.

Wide Mouth: For easy cleaning, ice, and supplement use.

The Burst 1L bottle is trusted by teams, built for action, and made right here in Australia.

800ML OXYGEN WATER BOTTLE

TGI010

CUSTOM

Crafted from BPA-free Low Density Polyethylene (LDPE), this bottle offers a safe and healthy drinking experience, with a soft squeeze design that provides effortless hydration on the go. Your everyday water bottle built with versatility in mind.

Key Features:

Australian Made: Designed, developed in Australia.

BPA Free: Safe Polyethylene construction for everyday use.

Clearview Strip: Easily track fluid levels with built-in measurements.

Dishwasher & Freezer Safe: Built to withstand extreme temperatures.

Recyclable: Eco-conscious materials that reduce waste.

Soft Squeeze: Flexible LDPE body for quick, controlled hydration.

Wide Mouth: For easy cleaning, ice, and supplement use.

The Oxygen bottle is your everyday hydration essential—simple, strong, and sustainably made.
