Lamp Post

Creative Learning Center

Co-Founders Nicholaus and Corinne Sandner started with a dream. After 20 years of creative learning, teaching, and sharing with 14 years in Montezuma County, they wanted to expand the opportunities for the community to creatively play and explore together. They are so excited to bring art, music, theatre, STEM, and leadership to ALL ages. We are here to provide a facility/campus to house plays, learning groups, clubs, and classes to meet the needs of our community in Southwest Colorado.

Everyone should have the chance to creatively learn something new and have fun with the people around them.

Our goal is to build community and friendships through **hard work, integrity, learning, and faith**. It will be a place where various people can come and have a place to share their craft and expertise with others.

Lamp Post is looking for community members to help share this dream by partnering with us through:

- **Donations**
- **Volunteering**
- **Sponsorships**
- **Attend Events**

We want everyone to have the opportunity to come and creatively learn. Your financial help will make this possible.
