Smart, Sustainable Cybersecurity Solutions that Drive Value, Efficiency and Effectiveness

Threat Detection and Monitoring

Real-time monitoring of networks to detect and alert on potential security threats

Vulnerability Management

Identifying, classifying, prioritizing, and addressing vulnerabilities in systems and software

Penetration Testing

Use a variety of hacking tools and techniques to assess the security of networks, applications, and other assets, providing valuable insights into how real-world attackers might breach systems

Risk Management

Identify, evaluate, and prioritize effective risk response strategies that drives a risk-aware culture.

Policy Development

Crafting policies that define acceptable use of resources, security protocols, and incident response procedures

Social Engineering

We have a comprehensive portfolio consisting of phishing, vishing, and physical security service offerings

Purple Team Exercise

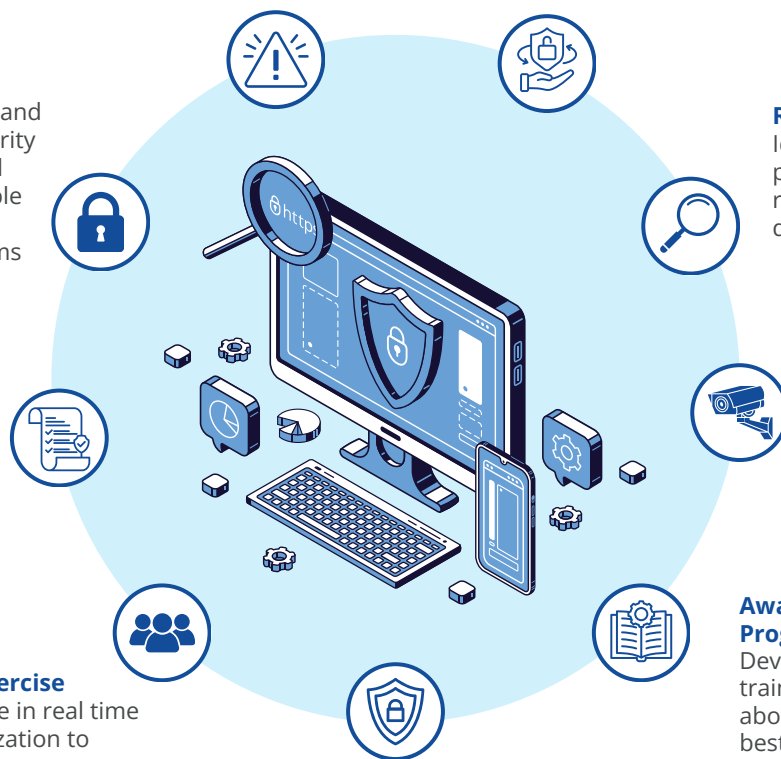

Turtle can engage in real time with your organization to dynamically test your cybersecurity defenses.

Awareness and Training Programs

Developing comprehensive training to educate employees about cybersecurity risks and best practices

Security Architecture

Designing a secure network architecture that aligns with the organization's business objectives and security requirements

Our Related Offerings

Power Conditioning, Quality & Backup

Uninterruptible power supplies, power factor correction & automatic transfer switches

Components for Electrical & Mechanical Subsystems

Variable frequency drives, circuit breakers and fuses

Facility Power Distribution

Busway, transformers, panelboards, switchgear and floor-based power

Facility/power Monitoring & Management

Integrated facility systems, facility management software, remote monitoring meters & software

Monitoring Consoles:

Network operations center consoles

White Space Power Distribution

Low voltage busway, floor-standing/wall-mount /enclosure power distribution units (PDUs)

Airflow & Thermal Management Solutions

Rack and aisle-based containment solutions

Racks & Enclosures

IT equipment racks, enclosures and colocation cages

Wire & Cable Management

Cable tray and modular wiring systems

Indoor & Outdoor Lighting

High efficiency LED luminaires and lighting controls
