

# KING OF SPOTIFY

VILLY KLEPPE

# PREFACE

What does it mean to be the King of Spotify?

Is it numbers?

Streams?

Charts?

..or is it something else entirely?

This track plays with the idea of success, fame, and the digital world we all live in — where anyone can dream big, claim their space, and turn up the volume.

King of Spotify isn't just about a crown.

It's about confidence, humour, and owning your moment — no matter where you stand.

“No throne, no crown..  
still running this sound.”
