Information current at time of printing.

1 Trailer brakes may be needed. Some safety features, including X-MODE[®], Blind-Spot Detection and Rear Cross-Traffic Alert, may not function properly when towing. See your Subaru retailer for details. 2 EyeSight[®] is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See your Owner's Manual for complete details on system operations and limitations. 3 The DriverFocus[®] Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face. See your Owner's Manual for complete details on system operation and limitations. 4 Reverse Automatic Braking, Blind-Spot Warning with Lane Change Assist and Rear Cross-Traffic Warning are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 5 Qi[®] wireless charging may not be compatible with all mobile devices. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 6 Hands-Free Assist is a driver assist technology and not a substitute for active driver involvement. Always keep your eyes on the road and be prepared to take control. Hands-free features available only on Touring and Touring XT trims. Features may not be available at time of purchase. Functionality limited to certain pre-determined highways. MySubaru Companion or Companion+ subscription required for map updates. See your Subaru retailer for more information. 7 Premium paint at additional cost. See your Subaru retailer for details. 8 With integrated turn signals.
