WHY NOVA

A SMARTER CHOICE FOR MODERN LIVING

Nova goes beyond traditional flooring solutions by merging cutting-edge craftsmanship with an eco-conscious design. Nova offers a sleek and natural appeal with its carefully selected Oak and Walnut surfaces. The precision-engineered structure enhances dimensional stability, making it an excellent choice for a variety of climates and installation conditions.

INNOVATIVE NANO-BEVEL

The Nova collection features a specially developed nano-bevel that does not collect dirt or dust. This makes the flooring easier to install and highlights the beautiful width of each plank. The bevel is included in every design unless otherwise specified.

ELITE GRADING

Clean Elite grading with hardly any repaired knots.

FULLY RECYCLABLE

Sustainably designed for a full recycling cycle, reducing waste and environmental impact.

100% TNATURAL WOOD

Crafted entirely from natural wood, bringing the essence of nature to your space.

EASY TO RENEW

Can be refinished using Bona polish technology

BRILLIANT INVESTMENT

High-quality, premium floors at the price of standard rustic flooring

TECHNICAL CHARACTERISTICS

Nova, 13 mm thick with 3 mm top layer / 8,5 mm middle layer/ 1,5 mm birch back layer
Top: Solid European Oak / Middle layer: Spruce / Base: Birch Veneer

100% WOOD CONSTRUCTION

1 Strip Oak Elite grade
0.5 mm
3 Strip Ash hardwood
2.5 mm
Spruce strips
8.5 mm
Birch veneer
1.5 mm

HERRINGBONE

Board dimension: 13x120x725mm
1 pack = 24 boards = 2.09m²
1 pallet = 50 packs = 104.4m² = 845kg
Pallet size L 1500mm x W 1250mm x H 950mm

CHEVRON

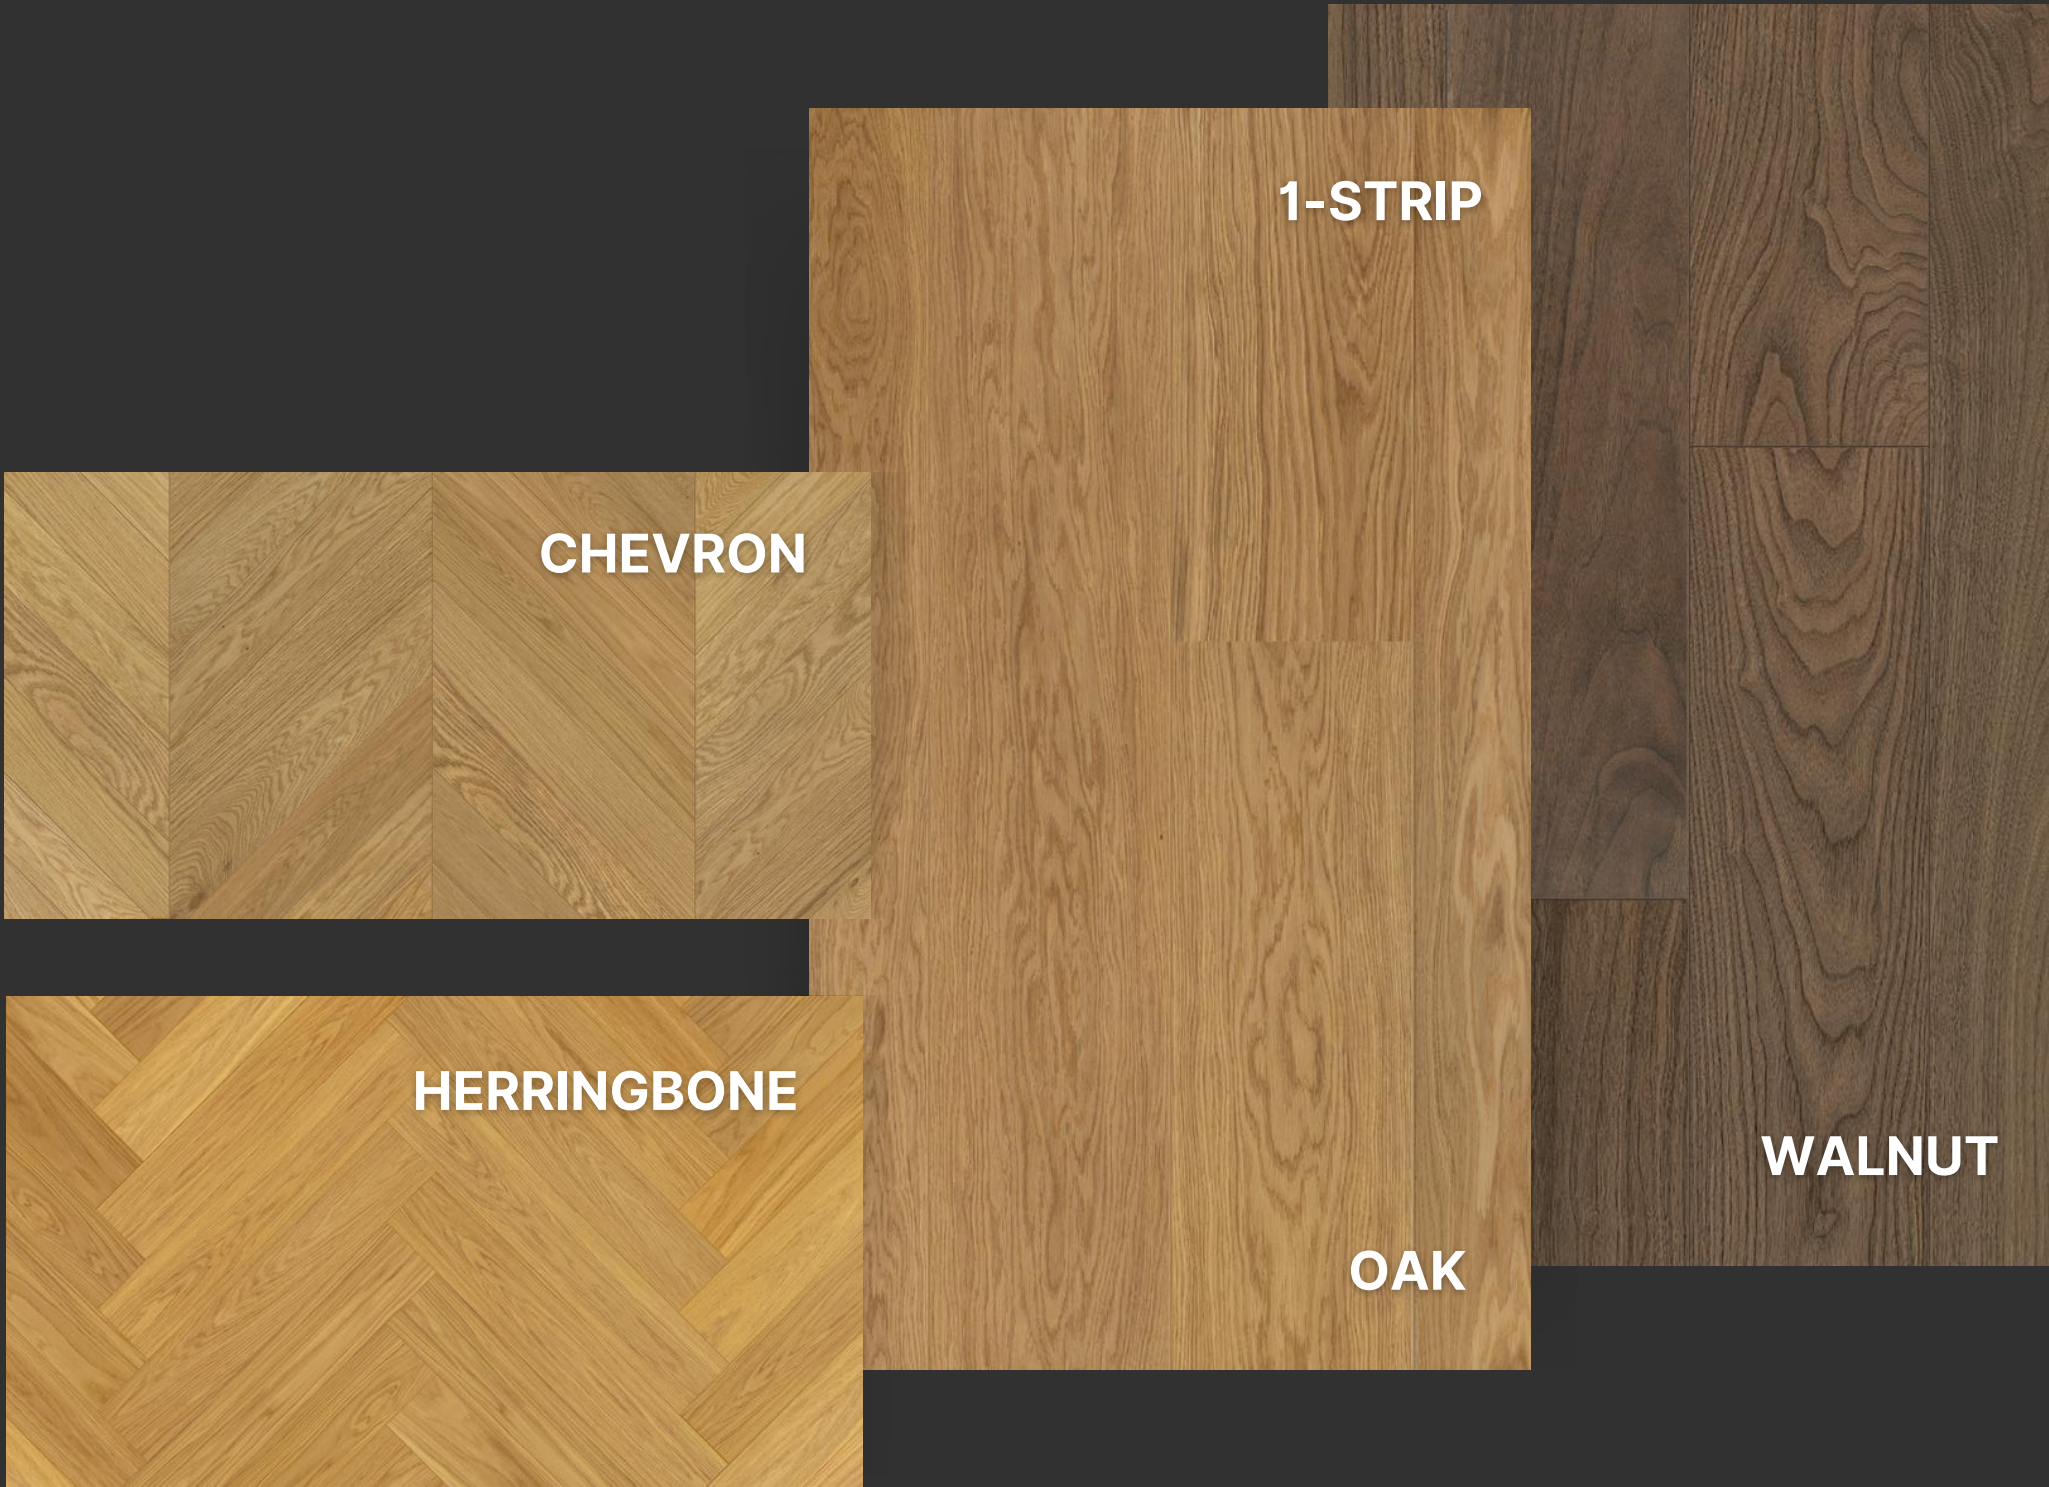

Board dimension: 13x120x675mm
1 pack = 24 boards = 1.95m²
1 pallet = 50 packs = 97.2m² = 790kg
Pallet size: P 1500mm x L 1250mm x K 950mm

1-STRIP

Board dimension: 13x202x2200mm
1 pack = 6 boards = 2.67m²
1 pallet = 50 packs = 133m² = 1080kg
Pallet size: P 2250mm x L 1050mm x K 950mm

The image displays five distinct wood flooring patterns and materials arranged in a staggered, overlapping fashion against a dark grey background. The patterns include a single vertical strip, a chevron herringbone, a full herringbone, a solid oak grain, and a solid walnut grain. Each sample is labeled with its respective name in white, bold, sans-serif capital letters.

NOVA floors are designed to last, and with the right care, they can look as good as new. Small scratches are easy to handle - no need for sanding. Using Bona products, you can quickly polish and refresh the floor's surface, preserving its original color and finish.

HOW TO RESTORE AND MAINTAIN YOUR NOVA FLOOR

5 EASY STEPS TO RENEW YOUR NOVA FLOOR:

- Clean the floor surface to remove dust and dirt
- Gently mix the polish by moving it back and forth for 30 seconds
- Apply Bona Polish using Bona Microfiber Applicator Pad
- Work with the small sections to keep applicator wet
- Allow floor to dry for one hour before resuming foot traffic

SAVE TIME AND MONEY

Avoid the hassle and cost of sanding. Simply polish the surface to restore the floor.

MAINTAINS ORIGINAL COLOR

Keeps the floor's natural color and appearance without altering its look.

QUICK AND EASY TO APPLY

No professional skills needed. Just follow a few simple steps.

SUSTAINABILITY

At Esta Parquet, we believe that a beautiful home starts with a beautiful planet. Sustainability isn't just a trend for us — it's a commitment we've upheld for over 35 years.

RESPONSIBLY SOURCED MATERIALS

We carefully select raw materials from sustainably managed forests, where every harvested tree is replaced, ensuring the health and longevity of the ecosystem. By partnering with certified suppliers, we guarantee that our wood meets the highest environmental standards.

ZERO WASTE PHILOSOPHY

Every part of the tree matters. Our production processes are optimized to minimize waste, transforming leftover wood into biofuel or other useful materials. Nothing goes to waste — because nature deserves our respect.

LOW-IMPACT PRODUCTION

Innovation drives our efforts to reduce carbon emissions and energy consumption. We use eco-friendly adhesives, low-VOC finishes, and cutting-edge manufacturing technology to ensure that your floors are not only stunning but also safe for your home and the environment.

TIMELESS, SUSTAINABLE DESIGN

Our parquet is built to last for generations. By creating durable, high-quality floors, we reduce the need for replacements, saving resources and reducing environmental impact.

Our parquet is built to last for generations. By creating durable, high-quality floors, we reduce the need for replacements, saving resources and reducing environmental impact.

CERTIFICATES

The Real Wood logo is exclusively managed by authorized manufacturers who are members of the European Federation of the Parquet Industry (FEP). Choosing real wood supports ecological sustainability.

M1 certification guarantees that emissions from Esta Parquet are as slow, as they are found in the trees in Nature, making Esta Parquet floor perfectly safe for your home.

The FSC® (Forest Stewardship Council®) certification ensures that wood products come from responsibly managed forests that provide environmental, social, and economic benefits.

The FEP certification is issued by the European Federation of the Parquet Industry, ensuring compliance with the highest standards in parquet production. The FEP certification represents reliability, craftsmanship, and a commitment to ecological responsibility.

The Bona High Durability Finishes certification confirms that Technomar & Adrem Ltd. meets the highest standards for adhesion, chemical resistance, impact resistance, abrasion resistance, and scratch resistance. This ensures durable and long-lasting performance of the finishes.

The SCS certification confirms that Technomar & Adrem AS meets standards for sustainable production and distribution of FSC Mix and FSC Controlled Wood, reflecting a commitment to responsible forestry and environmental care.

The ISO 9001 certification represents a global standard for quality management systems, demonstrating a company's commitment to delivering consistently high-quality products and services. For Esta Parquet, this certification underscores our dedication to excellence at every stage of production, from sourcing premium materials to crafting flooring that meets the most rigorous standards.
