ABOUT US

Since its founding in 2010, VIAHART has been committed to inspire capability and confidence in children. We design, manufacture, and distribute a wide range of plush toys, building sets, and active play products. Our brands include the building toy *Brain Flakes*, the racket game *Goodminton*, and our plush line *TigerHart Toys* amongst some others. Our products have been featured in *The Wall Street Journal*, *The New York Times*, and on television networks such as *CNBC* and *NBC*.

Warehouse & Operations Building in Texas

Inspiring Play, Learning, & Imagination

TigerHart Toys makes realistic and lifelike plush toys in various sizes, from small to large, that are your cuddly companions for life! ***Each plush comes with a unique story,*** fostering literacy and knowledge in young minds.

Arrow the Tiger™

Meet Arrow. Arrow is a small, Malayan tiger cub. His stunning orange fur is marked with black stripes making him one of the most beautiful looking of the wild cats. Tigers belong to the same group as panthers, jaguars, and cougars and they are the largest member of the cat family. They are loners, often sleep in the trees and are tremendous swimmers. When they move through the forest, they barely make a sound. These sleek cats are stealthy!

Goodminton®

The World's Easiest Racquet Game®

The Physics Behind Goodminton®

The feathers create wind resistance, slowing the birdie's flight while making it easier to hit!

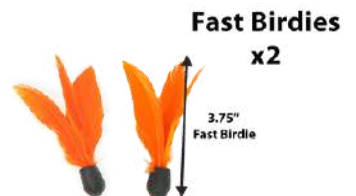

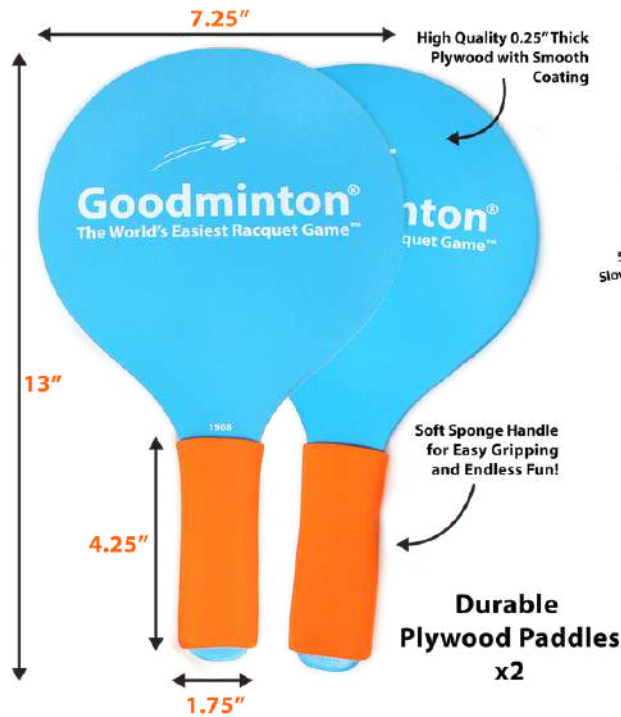

Goodminton®	VS	Badminton
The World's Easiest Racquet Game® Slow moving bright colored birdies and easy-to-control short handle paddles!	Difficulty	Challenging! Striking fast shuttlecocks requires practice and racket speed!
8+ Age restriction but kids as young as 5 can play with adult supervision!	Ages	10+ Age restriction so kids have the strength to enjoy the sport.
Easily fit in carry-on bags! Short rackets and birdies that compress and are easy to travel with!	Portability	So long and bulky!! Long rackets and rigid shuttlecocks make taking badminton places awkward!
Indoor & outdoor (just avoid wind) Can bounce the birdies against the wall for solo play! No net required!	Where to play?	High ceilings (or outdoor without wind) Long rackets may break things around the house! Need net to play properly.
2 different speed birdies Big birdies go slow, small birdies go fast!	Versatility	Single speed One speed and it is fast!
