A Joyous Reunion

**BARB
BRATTIN**

*Director
Kenosha Public Library*

After two long years of limited virtual programming, I am thrilled to announce that KPL is back in full force to deliver free, in-person and hybrid programs at a branch near you or in green spaces around town! Book discussions! Classes! Events! All things digital! Our joyous reunion just leaps off the page!

Join us in city parks as we bring our magic outside, immersed in our beautiful Wisconsin summers! Introduce your child to the world of languages at our bilingual Spanish and French storytimes in the park, join in musical fun, or help your child hone their kindergarten-readiness skills through interactive play at Camp Kindergarten. Inspire your creative child in Preschool Play Lab, computer coding classes, theater camp, or art classes. Our nature and science programs are sure to keep your kids inspired to learn more about how the world works, and family events will connect everyone's interests in fun outdoor activities.

Got a bored teenager at home? Send them to us. We'll inspire the budding writer, artist, astronomer or filmmaker through activities and conversation. But learning isn't just for kids. Come stargaze with us, experience the underwater shipwrecks of the Great Lakes, hear about Kenosha's manufacturing history, or learn how to build a rain garden to support clean water in your neighborhood.

Summer is a time for catching up on pleasure reading whether in your backyard, at the beach, or listening to a great book on your travel vacations. We can help you connect with books you will love and send you on your way with a bag of reading recommendations tailored to the characters and plot lines that you adore. Give us a call at 262-564-6100 or stop by any of our branches to get started today. We're open 7 days a week, year round and we're always available online at www.mykpl.info.

See you @ the library!
