

Live Surgery Dental Implant and Full Arch Charity Event

9 CE

Implants

Full Arch

Austin Lyman
DMD, MS

 June 5 - 6, 2026 | Friday - Saturday

 Lakewood Ranch Oral and Facial Surgery
7170 University Pkwy, Lakewood Ranch, Sarasota, FL 34240, USA

COURSE DESCRIPTION

This intensive 2-day course combines didactic learning with live surgical observation to provide clinicians with a comprehensive understanding of full-arch implant therapy using a fully digital workflow. On Day 1, the program begins with a welcome reception followed by a focused lecture covering the fundamentals of dental implant placement and the principles of full-arch surgery. Topics include patient selection, treatment planning, surgical sequencing, and an overview of digital protocols for immediate restoration. The evening concludes with a social networking event.

On Day 2, participants will observe live surgeries performed under general anesthesia in a private Oral & Maxillofacial Surgery Center. These surgeries will demonstrate advanced techniques such as bone reduction, sinus augmentation, precise implant positioning and angulation, and immediate full-arch prosthetic restoration utilizing digital planning and guided surgery. Throughout the course, emphasis is placed on translating digital treatment planning into predictable clinical outcomes. Meals will be provided during the event.

COURSE OBJECTIVE

By the end of the course, clinicians will be able to:

- Develop comprehensive treatment plans for full-arch, “All-on” implant cases.
- Understand sinus lift and grafting procedures performed in conjunction with implant placement.
- Evaluate implant positioning and angulation in full-arch cases.
- Determine the appropriate amount of bone reduction required.
- Gain insight into the prosthetic workflow for “All-on” implant surgery

TARGET AUDIENCE

Dentists. No pre-requisites required

COURSE DETAILS

Educational Method	Lecture & Participation
Credit Hours	9 CE
AGD Subject Code	690 Implants
Max Participants	15

TUITION

\$2,000

Cancellation Policy: Refundable if canceled 14 days in advance of the course date.
