

TOOY

Un impeccabile intreccio di Luce e Design.

L'elasticità di un nastro, la solidità di un peso prezioso.

Il pensiero alla base di Nastro, la famiglia di lampade concepita da Studiopepe e prodotta da TOOY, scopre una nuova elegante veste modulare: Nastro System, un'estensione concettuale in cui l'armoniosa contrapposizione tra leggerezza e volume danno corpo alla luce plasmando gli ambienti con assoluta eleganza e pulizia visiva.

La collezione Nastro System reinterpreta questo contrasto secondo curve sinuose che scorrono negli spazi, esaltando il carattere fondante della luce mediante un'espressione estetica poetica e funzionale che permette infinite possibilità di personalizzazione sul piano formale, materico e cromatico.

An impeccable interweaving of Light and Design.

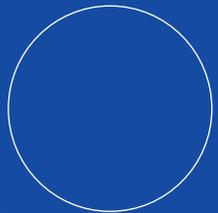

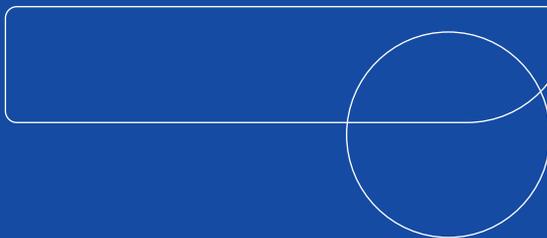

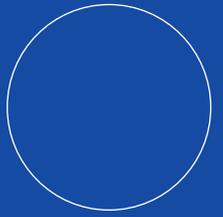

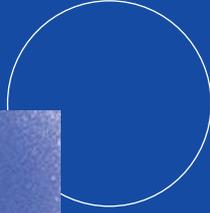

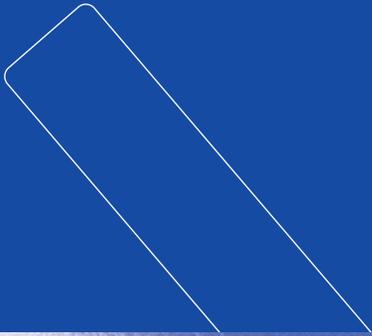

The elasticity of a ribbon, the solidity of a precious weight.

The thought behind Nastro, the lighting range, designed by Studiopepe and produced by TOOY, reveals an elegant new guise: the Nastro System. This new concept provides a harmonious contrast between subtlety and volume, giving body to light, shaping its environment with absolute elegance and visual precision.

The collection reinterprets these distinctions, according to sinuous curves that flow through spaces, enhancing the founding character of light, through poetic and functional aesthetic expression. It allows infinite possibilities for customization on a formal, material and chromatic level.

Un'esperienza sensoriale che si snoda lungo
il tuo personale modo di vivere gli spazi.

A sensory experience that unfolds along a personal
exploration of a rooms interior.

ABACO NASTRO SYSTEM

Mobilità e stabilità, luce e ombra, leggerezza visiva e solidità raggiungono un punto di ineguagliabile equilibrio in Nastro System, la collezione di lampade modulari da parete o a sospensione fondate da una struttura componibile che vede sottili nastri in alluminio verniciati in polvere epossidica e dotati di strisce LED, abbinarsi a preziosi giunti cilindrici volti ad assumere la doppia funzione di contrappunto formale e fonte luminosa a spotlight.

Curvi o lineari, i nastri percorrono l'ambiente nel modo più versatile, secondo il desiderio di chi lo abita, donando agli spazi un quoziente architettonico in cui il valore scenico della luce, con la sua capacità di scolpire e scandire, si fa assoluto protagonista dell'interior.

La struttura è disponibile in Nero e Beige, con cilindri declinati in crome coordinate oppure in Ottone Spazzolato. Su richiesta, è possibile personalizzare Nastro System con finiture fuori catalogo.

NASTRO SYSTEM ABACUS

Mobility and stability, light and shadow, grace and solidity reach a point of unparalleled balance in Nastro System. The collection of modular wall or pendant lamps come with a sectional structure, thin aluminium ribbons painted in epoxy powder, and equipped with LED strips. This is combined with exquisite cylindrical joints that take on the dual function of a formal contrast and light source.

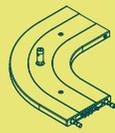

Curved or linear, the ribbons run through the environment in the most versatile way and according to the desire of those who live there, give the space an architectural dimension and a picturesque value of light. With its ability to sculpt and scan, it is the highlight of any interior.

The structure is available in either black or beige, with cylinders in coordinated colors or brushed brass. The Nastro System is customizable, with non-catalogue finishes.

CHI È STUDIOPEPE.

Fondato a Milano nel 2006, Studiopepe è uno studio di architettura e design che si distingue per l'eclettismo con cui interpreta la dimensione del lusso.

Specializzato in retail, hospitality, spazi residenziali e product design, Studiopepe adotta un approccio visionario e multidisciplinare che si riflette in uno stile caratterizzato da allusioni e associazioni che innescano un impatto emotivo perfettamente bilanciato da rigidità formale e visione poetica; costantemente alla ricerca di contaminazioni tra linguaggi contemporanei, si accosta con particolare passione alla sperimentazione di sinergie tra materiali e colori.

Dal 2018, è incluso nella lista AD100 dei 100 Designer più rilevanti dell'anno.

ABOUT STUDIOPEPE.

Founded in Milan in 2006, Studiopepe is an architecture and design studio that stands out for the eclecticism with which it interprets the element of luxury.

Specializing in retail, hospitality, residential spaces and product design, Studiopepe adopts a visionary and multidisciplinary approach. This is reflected in a style characterized by allusions and connotations that trigger emotions, perfectly balanced by formal rigor and poetic vision. The studio's intrepid proprietors constantly seek fusions between contemporary communications as they experiment with synergies between materials and colors with passion.

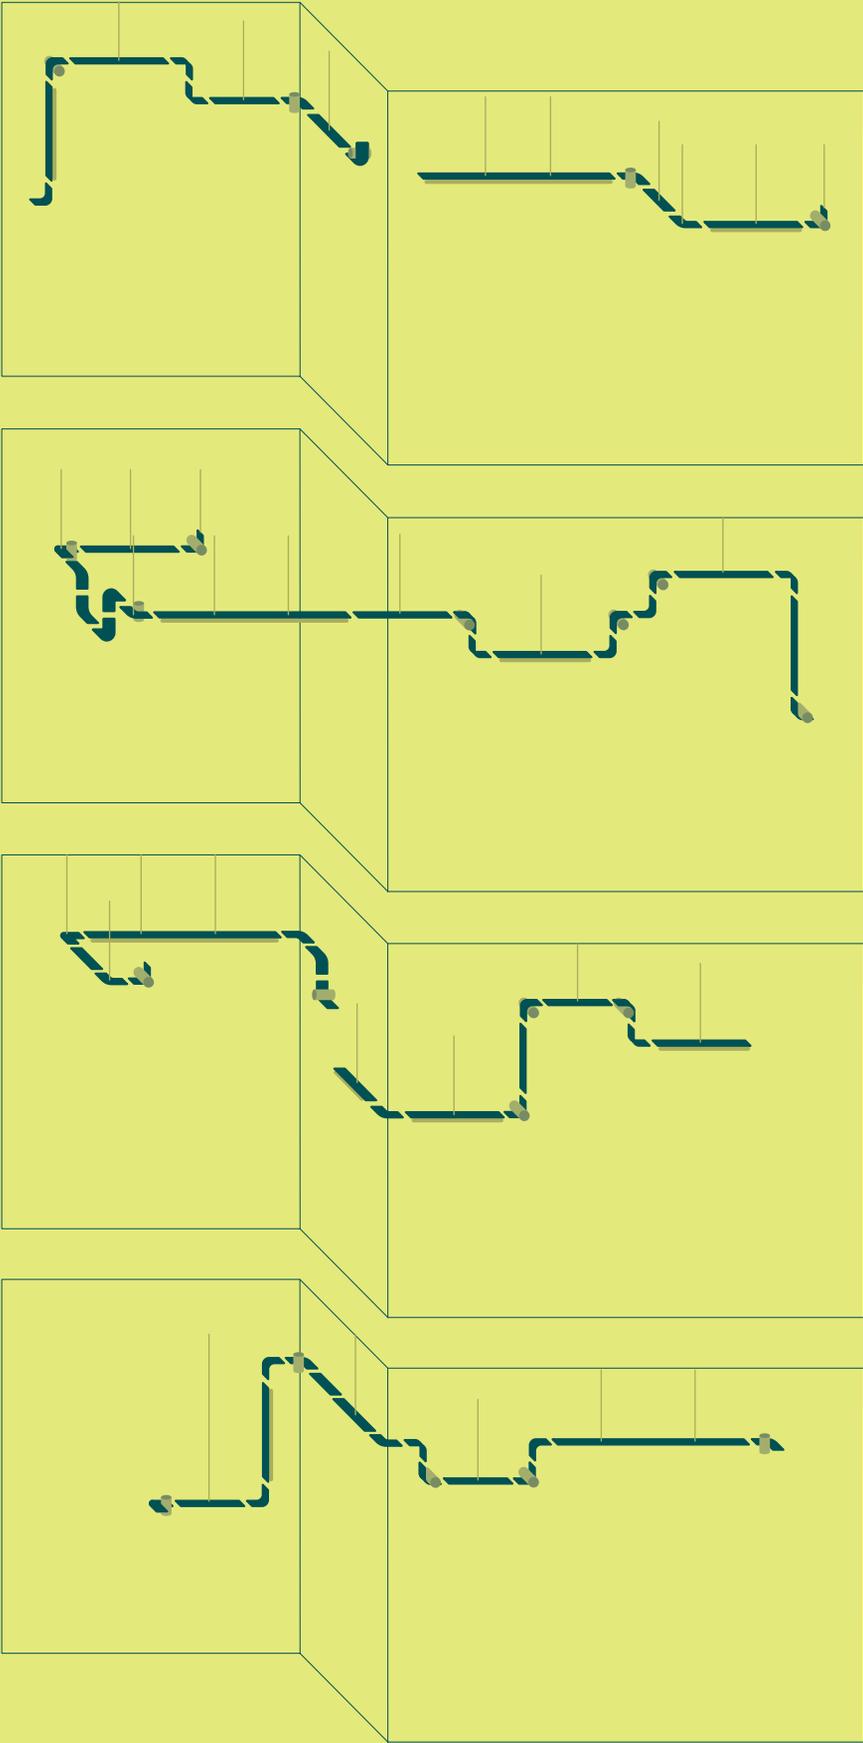

The studio has been featured in the Architectural Digest list of the 100 most relevant Designers of the year since 2018.
