NEWSLETTER

MAY

2026

Editor's Note

Welcome to the May edition of the Cross Ocean Newsletter. This month have several member movements to share, along with the addition of new members.

Amid geo-political uncertainty, our network remains active and connected with two more in-person meetups this year and online member meetings throughout the year (with a summer break).

In-person networking events we are hosting:

CLC Projects and Cross Ocean Networking Lunch
Monday 15 June, 2026 – 12.00-14.00
Gastrobar Hartig – Rotterdam, NL
(Event Fully Booked)

CLC Projects and Cross Ocean Full Day of Meetings + Lunch
Monday 21 September, 2026 – 09:00-17:00
The Houston Club – Houston, USA
(Registration Open)

In member news we are happy to share movements related to: India - Brazil, Asia - USA, Australia - Singapore, China - Morocco, Asia - Finland, Chile - Colombia, Europe - India, West Africa, and Pakistan, plus expansion news from a member in the Netherlands.

New members are announced representing Faroe Islands, Greenland, Iceland, China, and Botswana.

UPCOMING ONE-TO-ONE ZOOM MEETINGS BETWEEN MEMBERS:

10 JUNE – WEDNESDAY AT 10.00 SWEDEN TIME (GMT +2)

JULY WE TAKE A BREAK FROM ONLINE MEETINGS

PLEASE CONTACT [HEIDI](#) TO RESERVE YOUR SPOT.

Reminder/wakeup call to choose your carrier wisely

From recent communications from our member in Thailand it appears very obvious that Maersk is deliberately acting as a freight forwarder. Maersk offered end-to-end Customs Clearance and Inland Delivery for shipments. See their marketing material [here](#).

ATLAS HEAVY Transport executed a complex international heavy cargo operation, moving five tanks each weighing 396,832 lbs (~180t) from Asia to Florida. The project involved multimodal logistics, including specialized ocean freight via breakbulk vessel. The cargo was then transferred using the ships cranes onto ATLAS HEAVY'S own 16-line Goldhofer SL. At the site it was self-unloaded allowing ATLAS HEAVY'S Goldhofer PST-E's to secure underneath the vessel and perform the setting operation to their permanent pedestals.

The SILVASTI logo is displayed in a white box with a dark blue border. It features a stylized red 'S' icon followed by the word 'SILVASTI' in a bold, black, sans-serif font.A large photograph showing a port operation. In the foreground, a yellow truck is pulling a long trailer. In the background, a large industrial structure, possibly a transformer, is being lifted or moved by a crane. The scene is set on a pier with a body of water and a blue sky with clouds.

Silvasti Delivers Two 200-Ton Transformers From Asia to Finland

SILVASTI are proud that Silvasti was trusted to support the delivery of two 200+ ton transformers from Asia to Finland. SILVASTI's experienced operations and transport team managed the entire road transport scope, including planning, permits, route surveys, required modifications, and execution, ensuring a smooth and reliable last mile. The final positioning was completed by Silvasti Jacking & Skidding crew, delivering the units safely to their foundations.

Total Movements Transports 5,500 FRT Conductor Rails From Europe to Indian Metro Projects

Door-to-Port Movement of Conductor Rails for Metro Projects in India Total Movements successfully executed the multimodal transportation of about 5,500 FRT of Conductor Rails from the supplier's facility in Europe to multiple Metro Project Sites in India. The scope of work encompassed end-to-end coordination, beginning with cargo pick-up from the suppliers facility, followed by deployment of suitable transport equipment for safe inland movement to the nearest load ports. Total Movements's team managed all port-handling operations, including cargo handling, documentation and strategic planning to ensure efficient vessel loading.

Over the coming 2-3 years, Tiel Logistics will continue investing heavily in the future of their fleet, infrastructure, and maritime operations. Tiel's trailer fleet has recently been expanded with several new trailers. This will help modernize their equipment and prepare for future international transport requirements. The fleet will grow even further with two Broshuis 4-axle steering semi low loaders. At the same time, Tiel has finalized a major expansion of their operational grounds, growing from 21,389 m to more than 70,000 m of owned property, plus additional quay-side land. These developments create new opportunities for logistics optimization, maritime activities, and future growth. Tiel Logistics plans to develop a new water-bound industrial hall equipped with overhead cranes capable of lifting up to 200 tons, contributing to additional maritime employment and strengthening the region's industrial capabilities.

Exciting Developments Ahead for Tiel Logistics
